

WRITERS' CHOICE—Welterweight champ Carmen Basilio, named "Fighter of the Year" by the Boxing Writers Assn. in New York, takes a stiff left on the button from young George Crangle under admiring eyes of his sister, Susan, at Waynesboro, Ga. Basilio is on a hunting vacation near Waynesboro.

On The Side By E. V. Durling

Those who refer to the bagpipe as a "Scotch instrument" are guilty of an inexcusable display of ignorance. The bagpipe was popular in England long before it was played in Scotland. Shakespeare referred to bagpipe music as "the vile squeaking of the wry-necked fife." The English taught the Scotch how to play the bagpipe. Henry the eighth was a bagpipe player. The first Queen Elizabeth was a bagpipe music fan. Incidentally, the world's best bagpipers are made in England. That's where the Scotch bagpipe players buy their instruments.

What shape are you in? It's successfully taken in a quiz program? Are you in "jackpot" form? How about a workout? What was the name of the frog hero of Mark Twain's tale of the jumping frog? Give up? Well, that query is a little tough. That accomplished frog's name was Daniel Webster. Now I'll give you an easy question: What was the name of the son of Winkie's dog? Throwing Bottles

A fan at a football game in Los Angeles wildly tossed a bottle that hit and nearly killed another spectator. It should be against the law to sell drinks in battles at sporting events. Paper containers should be used. The only time in major league baseball history that an umpire was seriously injured was when Billy Evans was hit by a bottle thrown by a fan at a game in St. Louis. Billy was knocked unconscious and hovered between life and death for many hours.

What is the extent of your skill as a carver? Are you cool, calm, collected and clever when carving a duck or turkey at a Thanksgiving or Christmas dinner? How quickly can you carve a duck? An annual competition for chefs in Paris is Le Decoupage du Canard. That is a duck carving contest. Skilled carvers from all over Europe compete. To qualify for Le Decoupage du Canard a man must prove he can carve a roast duck into serviceable portions in 60 seconds. Next time you carve a duck have your wife time you to ascertain how you rate as a carver.

Do you know who E. W. Coleman was? If you operate your automobile much in wet weather you owe him a vote of thanks. He invented the non-skid tire... Snoring was described by Farquhar as "the tuneful serenade of that wakeful nightingale, his nose." More wives snore than husbands. But the husbands are more tolerant about it. Wives with snoring husbands complain bitterly just as if their poor spouses could help it.

Note it said James Cagney is from New York City's east side. That's wrong. Jimmy is from the west side of Manhattan. So is George Raft. Jimmy Durante, Eddie Cantor and George Burns were born on the east side, downtown section. On the east side, uptown section, were born Georgia Jessell and Walter Winchell.

Brides rarely become excited. It is the bridegrooms who faint. However, at one recent wedding a very young bride did get a little excited and went to the right of the bridegroom for the march to the altar. The bride should be at the left at that time. Reason for that is so she can be nearer the bridegroom's heart.

It would seem that the featuring of a beard by a woman would be a terrific handicap to her male attraction. Yet Jane Barnell, celebrated circus side show bearded lady, had four husbands. Her fourth was a tall, handsome fellow 19 years younger than she was.
