

GREETINGS! FROM IKE—For Christmas President Eisenhower gave members of his staff copies of this Colorado mountain scene that he started painting before his heart attack. He finished it while recuperating in Denver's Fitzsimons Hospital.

Pilot Killed When Jet Lands at LA

Los Angeles —(U.P.)— An Air Force pilot, killed when his jet plane shot off the field at Los Angeles International Airport and crashed into an automobile, apparently mistook a taxi strip for the regular runway, officials said today.

Air Force Capt. Dwight M. Cook died at Daniel Freeman Memorial hospital of severe burns and other injuries Monday a few hours after his T33 jet trainer shot onto busy six-lane U. S. Highway 101, struck the car and then burned.

The woman driving the car, Mrs. Louise La Montagne, 25, of Oakland, Calif., was reported hurt, but not seriously.

Authorities said it was "a miracle" the accident was not worse.

Airport spokesmen said the pilot apparently mistook a taxi strip for a regular runway and landed on it. Still rolling at high speed, the plane shot off the field. The taxiway, south of the regular runways, takes a slight jog as it nears the tunnel entrance.

The plane broke through a wire fence, barely missed a small radar building, skipped over a couple of cars on the highway and then hit Mrs. La Montagne's auto. The pilot ejected himself from the plane shortly after it burst into flames. The plane flipped over "several times" before hitting the car, witnesses said.

Hearing Set for Man Who Placed Bomb

Paris —(U.P.)— A court hearing was scheduled today for the 45-year-old baker police said planted a time bomb in the Basilica of the Sacre Coeur (Sacred Heart) in Montmartre.

Police said the court probably would order a psychiatric examination for Daniel Havas who claimed he was acting as "the hand of God" to halt atomic bomb research.

Havas was arrested Monday. Police found three partly-completed bombs in his apartment. They said he admitted placing the time bomb in the famed basilica on Christmas Eve. The bomb was found some 50 minutes before it was to go off Christmas Day.

Havas was formally charged with "attempted destruction of a public building by an explosive substance."

Assistance Offered By Eastern Governor

Hartford, Conn. —(U.P.)— Gov. Abraham A. Ribicoff today extended sympathy and offers of assistance to the people of flood-battered California, Oregon and Nevada.

The governor sent wires to Gov. Goodwin J. Knight of California, Gov. Paul L. Patterson of Oregon and Gov. Charles H. Russell of Nevada.

He said Connecticut was hit by two disastrous floods in two months and that if the experiences here can be of help to Western officials in future planning he was ready to assist them.

Southern Pacific Resumes Service

San Francisco —(U.P.)— Southern Pacific trains resumed regular transcontinental service at noon PST today.

The SP's main line over the Sierra has been blocked by a landslide at Emigrant Gap near Donner Summit.

The City of San Francisco and the Overland were to leave at their regular times today. In the past days they have been routed via Barstow.

The SP also announced trains on the Shasta Route through the Cascade Mountains in Oregon have resumed their regular schedules. These include the Shasta Daylight, the Klamath and the Cascade.

The Western Pacific, its Feather River Route blocked by slides, continued routing its transcontinental trains via Barstow.

Northern Pacific, an SP subsidiary, has shut down all traffic between San Rafael and Eureka.

Air Traffic Growth Breaks All Records

Washington —(U.P.)— American air traffic broke all growth records in 1955, according to the Civil Aeronautics Administration.

CAA Chief Charles J. Lowen said scheduled airlines carried nearly 42 million passengers in this country and abroad, 19 per cent more than in 1954.

The CAA said air traffic in this country alone increased 22 per cent in 1955, almost double the previous year's rise and the biggest increase on record.

The safety record of U. S. scheduled airlines within the United States was estimated at .75 passenger fatalities per 100 million passenger-miles flown. This was a big drop in safety over the 1954 rate of .09 fatalities.

Pope Pius Grants Diplomats Audience

Vatican City —(U.P.)— Pope Pius XII received diplomats from six nations in the first of a six-day series of Christmas audiences yesterday.

First to call on the Pontiff was Kazimierz Papez, ambassador from the anti-Communist government in exile and dean of the diplomatic corps accredited to the Holy See.

He was followed in separate audiences by the envoys of Paraguay, Panama, Columbia, India and Egypt.

The reception of the latter five diplomats broke the customary order of seniority. Exceptions were made because the ambassador of Paraguay, Ljilj Oscar Boettner, is leaving for home tonight, and the envoys of Panama, India and Egypt, all newly appointed, were introducing their families to the Pope for the first time.

There are 55 separate American Indian languages and many more dialects.

"U.S.D.A. CHOICE" BEEF POT ROAST

Aged for Flavor

Rich Flavored, Well Trimmed

Proper aging is the main reason why you'll find your best meat values are at Safeway! For example Each Pot Roast you buy at Safeway is aged so you taste its full natural tenderness and flavor. Then again... every cut of beef Safeway sells is guaranteed... and it's nothing less than "U.S.D.A. Choice" beef.
