## State Central Group To Decide Delegates

Portland — (U.P.) — Howard Morgan, Oregon Democrat committee chairman, said today that he had asked the national legal counsel whether Oregon should have 16 or 32 delegates to the national convention next year and was told that the state central committee would have to decide.

Morgan said he personally favored 16 delegates with a full vote apiece, rather than 32 delegates with a half-vote each.

The national committee makes the half-vote delegation possible so that more party workers may attend the convention.

## East Berlin Police Arrest American GI

Berlin — (U.P.) — The U. S. Army announced today that an American soldier was arrested by Communist police yesterday after a minor traffic accident in East Berlin. He still is missing.

The army identified the soldier as M. Sgt. Mike Kliman of Brooklyn.

Authorities asked the Russians today to return Kliman. He was last seen at about 10:30 p.m. yesterday when East Berlin "people's police" took him to East Berlin Police Headquarters.

It was the second time since the East Germans began insisting on "sovereignty" in East Berlin that an American soldier has been arrested. Earlier this month, two GIs were arrested and accused of beating a cabaret actor in the Soviet zone of the city. They were returned to Army control by the Russians despite the East German claims that they should have been tried in East German courts.

The arrest of Kliman raised the question of whether the East Germans will exercise their "sovereignty," which the West does not recognize, by trying the soldier. They threatened last week to try Americans after a U. S. Army court martial acquitted the two men accused of manhandling the actor.
