Suggestion Offered To End Highway Deaths

Madison, Wis. —(U.P.)—Albert Purseth today offered a suggestion for ending deaths on highways.

"The federal government shall make a law and enforce it that every car must be equipped with instruments that will sing 'Nearer My God To Thee' when it hits 50, let out a terrible scream when it hits 55, and blow a fuse when it hits 60."

The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Foundation

FIBROSITIS

Persons keep asking, what is fibrositis? It is one of the commonest of diseases which makes

muscles and the outsides of joints sore or stiff or painful. It seems to be a sort of mild younger brother of arthritis. What is very good about it is that it does not leave persons crippled in bed or in a wheel chair. Many oldish persons have suffered all their days from fibrositis and they still haven't any stiffened or deformed joints. They may sometimes get a little pain or stiffness in a finger or hip or ankle; they may sometimes limp a bit in the morning, but after walking a few blocks, they are all right for the rest of the day. Sometimes they are helped much by getting into a tub of hot water or being rubbed a bit. Sometimes, when their fingers are sore and stiff, they get help from contrast baths. They put their hands for a few minutes in a pail of hot water; then for a few minutes in cold water, and so on, back and forth.

Many persons with fibrositis will get pain in the chest wall due to soreness and tenderness of the covering of some ribs or of some muscles between the ribs.

The doctor suspects fibrositis when, after long illness, there is no deformity of any joints. He can be almost sure that it is fibrositis when he measures the red blood sedimentation rate and finds it very low and hence normal. This is so reassuring because it tends strongly to rule out rheumatoid arthritis, which is the deforming and crippling and very painful form of the disease. Unfortunately, there is no good medical treatment for the fibrositis.

Dr. Alvarez regrets he hasn't the time in which to read or answer requests for information.

(Released by The Register and Tribune Syndicate, 1955)

About two per cent of America's school children are mentally retarded and require special training.

Coal is the source of about 70 per cent of the fuel and energy produced in the Soviet Union. The remaining 30 per cent is derived from wood and also from various petroleum sources.

Now that medical authorities have determined what will happen to you because you smoke, you might as well know what comes after it happens.

Three to one, people who smoke mildew faster than people who don't.

Little Daisy Snider

Navy Doctors Check Pacific Islanders

Washington — (U.P.) — Navy doctors are still checking the health of 239 Pacific islanders who were dusted with radioactive fallout by the super H-bomb tested at Bikini nearly two years ago.

Although all of the islanders, including a 100-year-old woman and a number of babies, apparently have recovered from their ordeal, they will be kept under observation for months and perhaps years.

This was disclosed by the Office of Naval Research in a recently published report. The continuing medical check on the dusted islanders presumably will spot any delayed radiation effects.

At the same time, the Navy and Atomic Energy Commission are thoroughly examining the fallout victims' home islands, from which they were hastily removed, to make sure there is no lingering radiation hazard.

West German Army Contingent To Visit U.S.

Duesseldorf, Germany —(U.P.)—The first contingent of the new West German army to visit the United States will leave here Sunday for training at American Army and Air Force bases, it was announced Thursday.

The 40 officers and enlisted men, ranging up to lieutenant colonel, will make the flight aboard a German Lufthansa airliner. They will wear the new Streit Kraefte uniform and carry complete equipment.

Present of 'Radad' Puzzles Reporters

Raleigh, N. C. —(U.P.)—Reporters were puzzled when Gov. Luther H. Hodges told them he got a "radad" for Christmas.

"A radad," the governor explained, "is something about the size of a pencil with something like snowflakes inside. You carry it in your pocket."

"What for," reporters asked.

"To detect uranium," Hodges said.

NEW AUTO CLOCK

Zirich, Switzerland —(U.P.)—A new automobile clock which winds itself automatically through a connection with the speedometer has been developed by the Swiss watch industry, it was made known today. The 17-jewel, shock-resisting clock has a built-in calendar. It has a power reserve of eight days.

CAUTION!
Act Fast When Cough From Common Cold Hangs On
Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion. It goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Get a large bottle of Creomulsion at your drug store. For children get milder, tastier Creomulsion for Children in the pink and blue package. Adv.

POISON OAK?
Try a Bottle of ZEMACOL
You must be satisfied or your money cheerfully refunded. Get a bottle today at WESTERN THRIFT.
