State Legislator, Newspaperman Wed

Portland—(U.P.)—Oregon State Rep. Kay Meriwether and Eugene Kelty, member of a prominent Oregon newspaper family, announced their marriage here yesterday. The ceremony took place New Year's day.

Mrs. Kelty served her first term in the state legislature in 1955 as a Democrat from Multnomah county. The wedding was performed in the Tillamook home of Republican State Sen. and Mrs. Warren McMinimee.

Mrs. Kelty said she would not be a candidate for reelection in 1956.

The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Foundation

ARTHRITIS AND DIET

Many persons suffering from arthritis ask me if they should buy some expensive food supplement or if they should try some special diet. All I can say is that, so far as I know, there is no special diet that has any curative effect on arthritis. Some arthritics who are fat and much too heavy could help themselves by taking 50 or 80 pounds off their poor pounded-down knees or ankles. Others, whose severe and painful arthritis has made them thin and anemic, should be on a highly nutritious diet, such as would strengthen their bodies. I hear of men who preach the value of diet as a cure for arthritis but I never heard the great world experts on arthritis advocating such a measure. This world is full of men who have cashed in beautifully on reckless promises made to the sick The sick are so anxious to get help they will clutch at any expensive straw.

I remember how once William James, the world's greatest philosopher, wrote his friend, Sir William Osler, the world's greatest physician, that he was going to France to take some treatment from a quack who he heard was treating high blood pressure, such as James had. Today, the French quack and his treatment have gone their way into the oblivion that awaits all quacks and all of their treatments. What has always fascinated me is the fact that the great William James did not think to ask Osler what he knew of the quack or thought of the treatment. I imagine James wanted some treatment and did not want to be disillusioned about it! Aren't we humans funny?

As Osler used to say, we physicians must always deal gently with this delightfully credulous old human nature of ours. We should never get impatient over it, but should remember that the sick man wants to be doing something, even if this means he must give $1,000 in advance to a man whose only qualifications for the treatment of disease is years of training as a swindler and confidence man.

Dr. Alvarez regrets he hasn't time in which to read or answer requests for information.

Louisiana's total area has been increased by 50 square miles by the Mississippi river's silt deposits.

To walk one mile is said to exert an accumulated pressure of about 500,000 pounds on the human feet.

A 104 year old man has unselfishly given to the world his secret of long life.

Burglar Says God Told Him To Quit

Kearney, Neb.—(U.P.)—A burglar broke into a sporting goods store, piled up loot before him, and then had a sudden change of heart.

Store employees found the pile and this note Thursday:

"The mess you see before you is the loot I almost walked out with. But God told me not to, so I didn't. I'm sorry about the window. Please forgive me."
