Pittsburgh—Westinghouse Vice-President R. D. Blasler, rejecting a government proposal to submit issues in the company's strike to a non-binding fact-finding board:

## Iowa Motorist Runs Into Triple Trouble

Iowa City, Ia. — (U.P.) — Leo Margold Jr., ran into three kinds of trouble in a half hour Thursday.

His car left the road and rolled over several times into a ditch. Mangold, unhurt, hitchhiked into Iowa City and returned to find a rifle, a shotgun, a tire and a wheel stolen from his car.

Police then charged him with failure to have his car under control.

## Romance Between Grace Kelly, Prince Too Perfect To Be Taken Very Seriously

By ROBERT SIMMERMAN  
United Press Correspondent

The romance between Grace Kelly, a bricklayer's daughter, and Prince Rainier of Monaco, the dashing No. 1 bachelor of Europe, was too perfect for anyone to take it seriously.

Their marriage had been suggested—almost whimsically—as an ideal solution to a comic opera problem in Monaco.

As long as Rainier remained a bachelor there was the possibility he would die without an heir and his tiny principality would become a protectorate of France.

This would mean his 2200 subjects and the 20,000 foreigners who live in the carefree atmosphere of Monte Carlo would have to pay income tax. Perish the thought!

Prince Rainier landed on American shores less than a month ago telling reporters it wasn't true he came to woo Miss Kelly or any other girl. "I'm not actively seeking a wife," he said. "There's no hurry about it."

Dodged Questions  
Miss Kelly, in her very polite way, had dodged every question that suggested there was anything more than a warm friendship between her and the prince. She had met him when she was making a picture on the Riviera last year, and that was that.

Not until Wednesday, when Miss Kelly refused to come right out any deny there was a serious romance going on, did the storybook plot take on any semblance of truth.

For a Cinderella story it has a few flaws. Though Miss Kelly is a bricklayer's daughter, her father is a bricklayer worth \$10,000,000. His contracting firm in Philadelphia is the biggest of its kind in the nation.

She grew up in an athletic-minded family. Her father, John B. Kelly, son of an Irish immigrant, once was kept out of participation in Britain's famous Henley Regatta because he had at one time "worked with his hands" and was therefore not a "gentleman."

Grace went to the best schools and her family didn't take too well at first to the idea of her becoming an actress. She persisted, but had to become a model before she got her break in pictures.

## New Safety Film Available Here

A new film on "Farm Petroleum Safety" is being shown to county groups by LeRoy Williams, Medford fireman and first aid chairman for the Jackson County Red Cross. Volunteer firemen in Shady Cove will view the film Jan. 17.

Groups interested in the film may contact the Red Cross office or the office of civil defense in the courthouse.

Williams said a first aid class was completed by registered nurses Thursday night and a similar class for Washington school. The Parent-Teacher association will end Jan. 17.

A Red Cross aquatic school is scheduled at Olympia, Wash., June 17-29. Williams stated, and anyone interested may enroll. Cost of the school is \$50, which includes all expenses except transportation. First aid, water safety, boating and life-saving will be taught.

CAUGHT—Sgt. 1/c Donald F. Molter (above) of Detroit, who vanished from Hamburg, Germany, three weeks ago with an \$18,000 Army payroll, was seized in hotel in Copenhagen. He had successfully eluded U. S. and German police. His German girl friend, Eva Bledau, 24, was arrested by Dueseldorf police with more than \$3000 in her possession.

After smiling out of toothpaste and cigarette ads, Miss Kelly won a movie contract that gave her star billing with such celluloid greats as Clark Gable and James Stewart without the usual preliminaries of being a "startlet."

She clinched her position as an actress to be reckoned with when she won an Academy Award for her 1954 performance with Bing Crosby in "The Country Girl." She became known as a glamor queen of Garbo-like aloofness, shunning the Hollywood merry-go-round for life as a genteel career girl in Manhattan.

But Rainier was 32 and handsome, and Miss Kelly found him to be the athletic type like herself. He was a Roman Catholic, too, something for a girl of Catholic upbringing to consider when picking boy friends.

It's like the third act of an operetta. The bricklayer's daughter of humble birth will marry the charming prince. His subjects, the chorus, burst into song. They are saved from the tax collector, and everyone will live happily ever after. Curtain.

Until today an invisible barrier may have kept you from the skin beauty you long for!

MAX FACTOR'S new discovery, SECRET KEY throws open the barrier that may be in your skin . . . thus enabling your creams and lotions to work most effectively!

"WHY is it that women with dry skin—women with oily skin—and women with the problems of blackheads and blemishes, never seem to get the help they long for—even when the strictest beauty routine is followed with expensive treatment preparations?"

For years, we at Max Factor searched for the answer to this puzzling question. And this search revealed the startling fact that there is often a chemical barrier in the skin itself that keeps creams and lotions from getting in and working most effectively.

This barrier develops when skin lacks correct pH\* balance. Meaning, it is either too acid or too alkaline. And very few women do have correct skin balance.

We set out to discover a way to break through the barrier—to enable creams and lotions to get through to bring needed help to parched or oil-clogged skin cells.

We found the way. When this barrier exists the SECRET KEY—a remarkable liquid formulation—returns the skin to correct acidity-alkalinity balance . . . and by so doing opens the way through for creams and lotions to do their beautifying work.

We followed with exactly the right corrective treatment groups for the dry, the oily, the disturbed and the normal skin . . . Each group formulated to follow right behind the Secret Key and help the skin to help itself.

With the Secret Key and your corrective treatment group—suddenly you will begin to notice a real improvement!

Today, I am happy to be able to turn over to you the Secret Key that can open the way to the skin beauty you have longed for.
