

### Duhaime To Speak On Limited Access At HRB Meeting

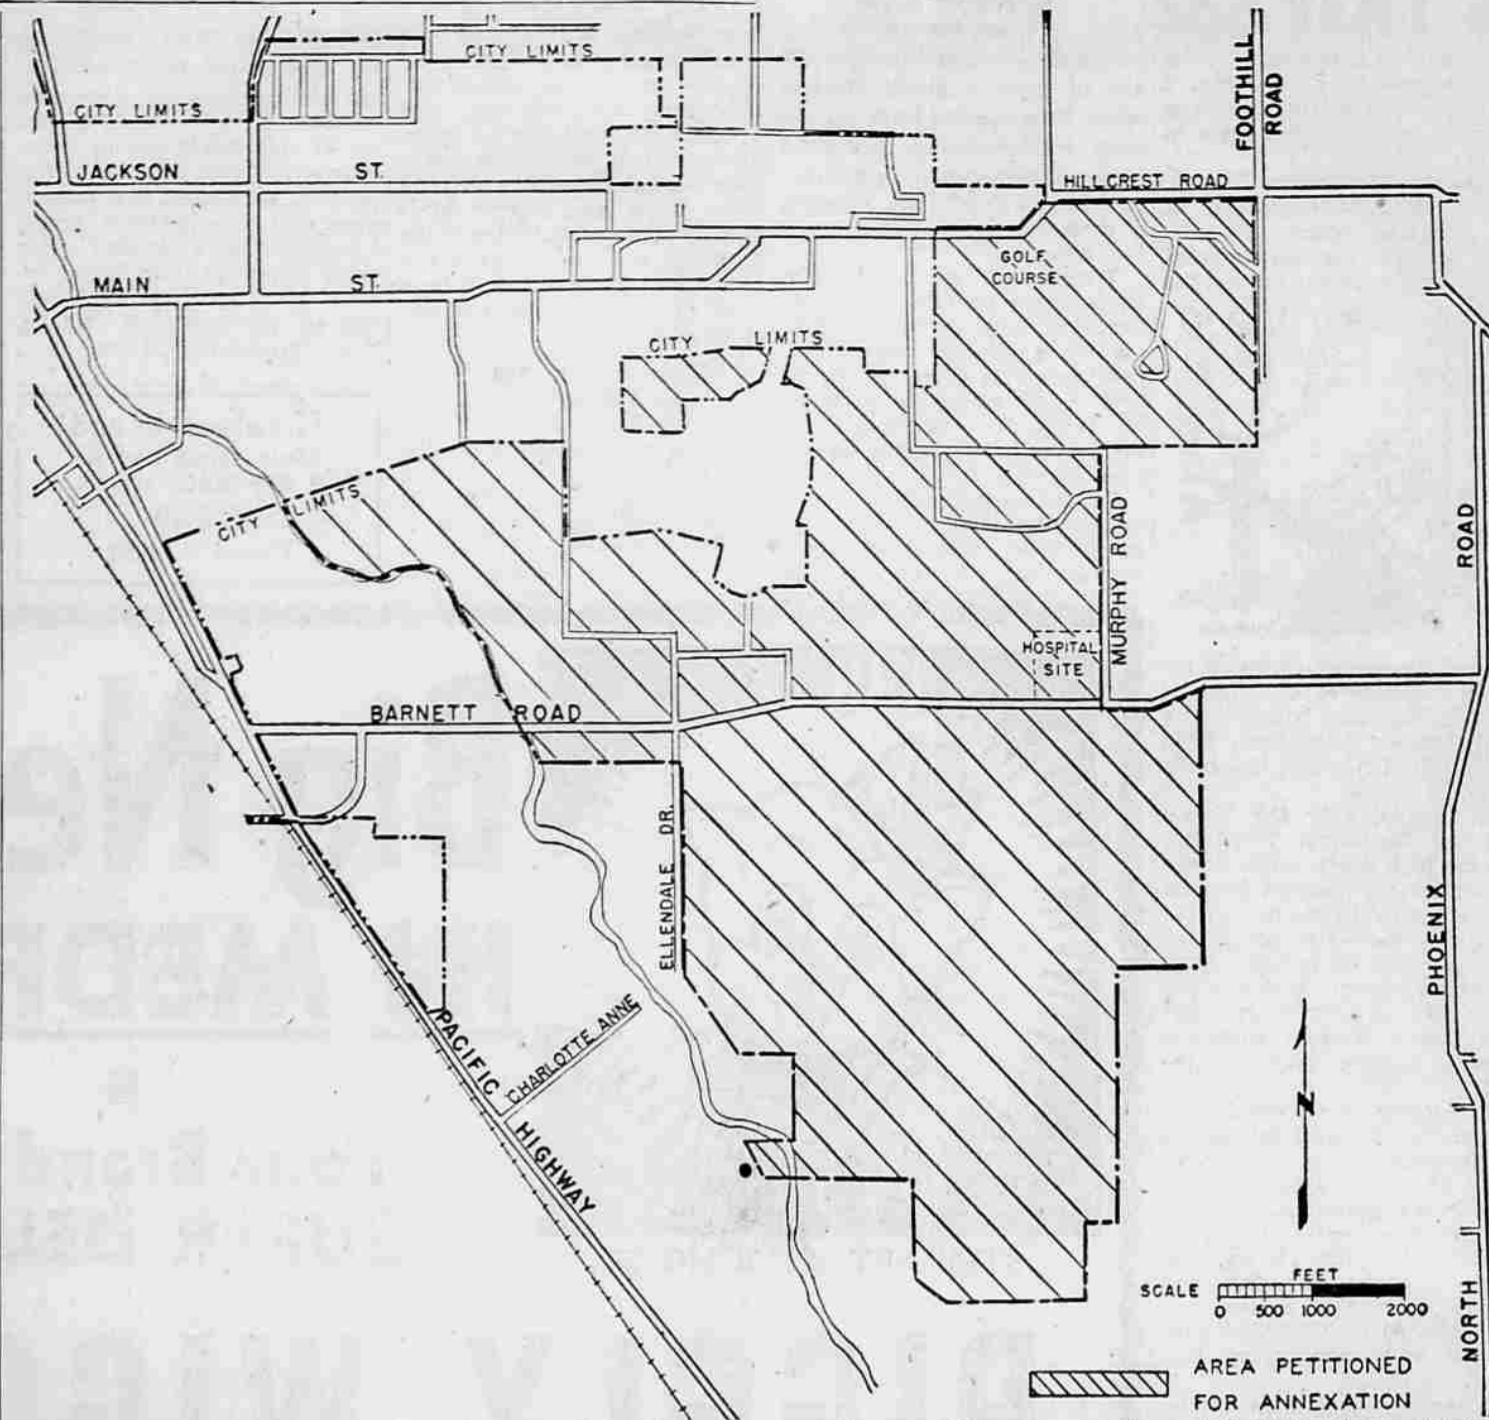

William E. Duhaime, Medford attorney, will speak at a meeting of the Highway Research board in Washington, D.C. Jan. 19 on "Limiting Access to Highways."

The board meeting from Jan. 16 to 20 is expected to be attended by 1,000 to 1,500 highway experts, and will review various types of research relating to highways.

One section will be devoted to a thorough study of the legal aspects of improving highways. Duhaime's speech will deal with legal problems involved in construction of limited access super-highways or freeways.

**Cost of Access Rights**  
The cost of purchasing access rights, or avoiding them in other ways, is often prohibitive, Duhaime said, and he will report to the board on the legal extent to which access may be suppressed or controlled by state police power.

An article written by Duhaime on the subject of limiting access to highways was recently published in the Oregon Law Review, and it was on the basis of that he was selected to speak at the board meetings.

**PROPOSED ANNEXATION** — The above map shows the two areas in which elections will be held tomorrow southeast of Medford. The larger area extends from the southwest corner of Foothill and Hillcrest rds. south, and then east to the north-west corner of Murphy rd. It is located on the west side and extends south on Murphy rd. to include the proposed Rogue Valley Memorial hospital site at the corner of Barnett and Murphy rds. The boundary then extends along the south edge of Barnett rd. a short distance east of Murphy rd. intersection. The proposed boundary then follows property lines

south around Barneburg hill, and includes the extensive Mont Crest subdivision development and Rogue Manor Retirement home. It extends north along the east side of Ellendale dr. to a point 300 feet south of Barnett rd. The proposed boundary extends from there west to Bear creek, the center of which it follows to the present city limits. The smaller area, just north of Verde Hills, is a three and a half block area which presently is surrounded by property within the city in Siskiyou Heights extension.

### Two Reds Arrested In American Zone

Berline—(U.P.)—Two Communist police tommygunners who invaded the U.S. sector Friday night "to buy cigarettes" were arrested at pistol point half a mile inside the border, it was reported today.

One of the Reds turned his tommygun on the German patrolmen who made the arrest, but a western policeman knocked it out of his hand before he could fire. The prisoners were taken to a police station for questioning.

It was the second "border incident" in less than 24 hours in Soviet-surrounded Berlin. Early yesterday, Communist police fired "warning shots" at British troops sent to retrieve a jeep wrecked on the sector boundary.

The Red radio said the trigger-happy Communists were only trying "to summon the duty officer."

### Blizzard Lashes Northern Japan

Tokyo—(U.P.)—A blizzard lashed northern Japan and surrounding seas for the second consecutive day Saturday. Police reported one fisherman drowned and at least 30 others missing.

Reports from Hokkaido said several cod fishing boats capsized in the storm-whipped seas off the northernmost Japanese island. Little hope was held that any of the missing fishermen could have survived.

### APPEAL JUDGMENT

Ashland—Attorneys for Lottie and Sarah Beswick have filed an appeal with the Oregon Supreme court on a slander judgement obtained by Mrs. Barbeara Phelan last fall in Jackson county circuit court. Mrs. Phelan was awarded judgment of \$5,000 against each of the women.

### Many Threats Made By Would-Be Bandit

Chicago—(U.P.)—A would-be bandit hurled all kinds of threats at cashier Ruth Schroeder, 36, Friday but none of them bothered her.

"I'll shoot through the plate glass," the gunman said to Miss Schroeder, cashier of a currency exchange. She ignored him.

"I'll shoot this customer," he said, pointing at a man, Miss Schroeder calmly pressed an alarm button.

"I'll toss a bomb at this joint," the bandit shouted as he fled.

### Auto Industry Lays Off 14,000 Workers

Detroit—(U.P.)—The auto industry's "big three" in a move to maintain the balance between production and demand, has given layoff notices to 14,000 workers, half of them in the Detroit area.

General Motors Corp. said Friday, 3,900 workers in plants outside Michigan would be laid off immediately. At the same time officials of Chrysler Corp. said 1,900 hourly rated employees at its Dodge plant here would be laid off beginning Tuesday.

Previous layoffs by Ford Motor Co. and Chrysler including 7,000 in the Detroit area, brings the total number of workers affected in the three companies to 14,000.

In each case the layoffs were accompanied by elimination of overtime operations.

### Lawyers Retained For Dixon-Yates Case

Washington—(U.P.)—Attorney General Herbert Brownell Jr., has named three Democratic Justice Department lawyers to represent the government in a \$3,000,000 suit filed by the Dixon-Yates power combine.

The attorneys, all holdovers from previous Democratic administrations, are S. R. Gamer, chief of the department's claims section; John B. Miller, assistant chief, and Kendall M. Barnes of the civil division.

The Mississippi Valley Generating Company, which was set up by Dixon-Yates to build and operate a controversial power plant at West Memphis, Ark., filed the damage suit after the contract was cancelled.

### Officers Reelected To Local Association

Mrs. Wyles Berry was reelected president of the Jackson County Motor Court and Trailer association at a recent meeting. Others reelected included O. L. Williams, vice president, and Wally Sterling, secretary-treasurer.

The group discussed the new highway roadside sign law, which provides for roadside sign taxes for the first time this year. The group also voted to support the Izaak Walton league for screening turbines at Savage Rapids dam to protect fish.

Plans for the next meeting also were discussed. Wayne Dailey will report on a law governing innkeepers at the February meeting.

### Non-Communist Polish Ship Sails

New York—(U.P.)—The first non-Communist Polish merchant ship to sail in nearly 10 years leaves New York Saturday for Genoa, Italy, on its maiden voyage.

The ship named the "Wolna Pokla," or Free Poland, is manned by Polish seamen who fled from behind the Iron Curtain. It is to sail under the Iberian flag and will operate for the time being as a tramp steamer without regular ports of call.

Captain of the ship is Jan Cwiklinsky, who dramatically resigned command of the Communist Polish liner Batory in 1954 to seek asylum in the West.

### Hospital Floor Falls In During Inspection

Manila—(U.P.)—President Ramon Magsaysay escaped injury Friday when a wooden flooring collapsed beneath him during a surprise inspection of the old San Lazarus Hospital here.

The incident drew a sharp rebuke from the President for the engineer managing the hospital.

Magsaysay paid a visit to the new \$1,025,000 North General Hospital inside the hospital compound Friday. He "dropped in" at the old hospital to inquire into the services afforded indigent patients with contagious diseases.
