# Morse Subject of Debate Between Morgan and Wyatt

Portland — (U.P.) — Oregon's state Democratic and Republican chairmen traded verbal blows today on the subject of Sen. Wayne Morse (D-Ore.).

State Democratic Chairman Howard Morgan, in a talk to a women's club last night, accused the Republicans of campaigning by "personal abuse." He said abusiveness is evident in recent personal attacks on

Morse by the Republican party state chairman.

"This kind of name-calling campaign," Morgan said, "is the only weapon of the Republican party."

Wyndell Wyatt, state GOP chairman, said in a statement today that "The Democrat state chairman endorses Senator Morse's charge that President Eisenhower lacks morality, but screams 'personal abuse' when Republicans reveal that the senator has one of the poorest records in the Senate."

Wyatt said that "in spite of the objections of the Democrat state chairman, the Republican party will continue to examine Senator Morse's record and discuss it with the people of Oregon."

# Partnership Gun Pointed at Oregon, Sen. Morse Claims

Washington — (U.P.) — Sen. Wayne Morse (D-Ore.), said today the administration is holding the "partnership gun at the head of Oregon" in connection with a budget request for money for John Day and Green Peter dams.

The President's budget message included a request for funds toward partnership construction of these two projects and Bruce Eddy in Idaho.

To Compel Acceptance "It is apparent," Morse said, "that the administration is once again holding the partnership gun at the head of Oregon in order to compel acceptance of partnership at John Day and Green Peter."

Morse said "Success with Hills Creek, Cougar and Ice Harbor" showed that it was not necessary to "give in and break up the main control plan for the Columbia river basin."

Rep. Sam Coon (R-Ore.), sponsor of legislation for partnership construction of John Day, said "The President has shown great interest in our area and a realization of the need to develop our natural resources."

Coon said "I think this will get us electric power at a time when we will need it and not run us into a brownout for lack of electricity while waiting for federal appropriations."

Coon's bill would allow local utilities to put up about 88 per cent of the \$310,000,000 project.

# Third Polio Shots Due Area Children

First and second grade youngsters who received first and second polio shots last May and June are now due for third, or booster shots, according to Dr. E. A. Merkel, county health officer.

Dr. Merkel said the booster should be obtained during January and February, preferably through their family physician. Although some federal tax-purchased vaccine remains, it is available only to hardship cases, he said. The earlier program was covered by the National Foundation for Infantile Paralysis.

Children whose families do not have resources to meet cost of the shots through regular medical service may receive the booster from a family physician for the cost of administration, or from the health department on referral from the physician

# Obituaries

**JOHN MARSHALL**  
The body of John D. Marshall, 65, who died Sunday in the Veterans Administration Domiciliary at Camp White, is being forwarded today by Conger-Morris funeral home for services and interment in St. Maries, Ida.

Mr. Marshall was born Sept. 18, 1890, in Little Falls, Wash. On Nov. 27, 1917, he enlisted in the Navy at Portland, Ore., and was discharged March 11, 1919, in Seattle, Wash.

Survivors include a daughter, Mrs. Marion Susoeff, San Francisco, and a sister, Mrs. Roy Laing, Moscow, Ida.

# Canadian Plane Crashes in Flames

Quebec City — (U.P.) — A twin-engine airliner bound from Knob Lake to Seven Islands crashed in flames in the Quebec wilderness early today, killing four of the 14 persons aboard.

A spokesman for Quebecar, a small airline that operates between Quebec City and points on both shores of the St. Lawrence river, said three other persons were injured.

The pilot radioed shortly after midnight that one of his DC3 engines had caught fire. He said he was trying to make an emergency landing in the snow-covered bush near Orway Lake.

The pilot gunned the one good engine in an effort to stay airborne and dropped several flares but he was unable to find a level, unobstructed field in the sparsely settled area.

The plane quickly lost altitude and, as it neared the ground, the pilot was able only to keep it on an even keel before it crashed in the snow.

# 24 Oregon Towns Have Water Supply Damage

Portland — (U.P.) — The State Board of Health said today that at least 24 towns in Oregon suffered damage to community water supply or sewage systems during recent floods.

The department said preliminary studies indicated damages would run into the "tens of thousands of dollars."

Dr. Harold Erickson, state health officer, said no cases of communicable disease had yet been attributed to the flood. Damages included \$20,000 to the Medford trunk sewer and an estimated \$5000 to \$10,000 to replace the knocked out Riddle water supply system.

# Knowland Questions Aid To Some Free Nations

New York — (U.P.) — Senate Republican Leader William F. Knowland questioned last night whether the United States ought to continue to give foreign aid to nations not helping in the free world defense against Communism.

In an address before the Economic club of New York, the California senator said an effective system of collective security will have to be maintained as long as the menace of Communist aggression continues.

# Teachers' Request For Pay Hike Backed

Portland — (U.P.) — The request of Portland teachers for an across-the-board pay increase of \$600 last night won the unanimous support of the Portland Labor Council.

The approval followed the explanation by Miss Phyllis Hutchinson, president of the teachers local 111, that the increase might require a special tax levy in the school district of \$1,200,000 per year.

Dale Henderson, a teacher, told the council that the Portland schools ranked 136 in the nation in pay scales and that even the proposed increase would not put it in the top brackets.
