

Bloodmobile Slated For Shady Cove Feb. 7

Shady Cove—The Red Cross bloodmobile will be set up at the VFW hall Feb. 7 from 2 to 7 p.m. to take blood donations from people in the communities of Eagle Point, Butte Falls, Prospect, Elk Creek, Trail, and Shady Cove, according to Mrs. Ernest Segessenman, bloodmobile chairman.

This is the first time an attempt has been made to have the bloodmobile in this area and it is hoped a quota of 200 pints will be reached. Volunteers are needed from each community to help man the unit. There has been an urgent need for blood by the people in these communities during the past several

months. All churches and organizations in the area have been contacted and members will take part in a house to house canvass for blood donors. Anyone desiring further information may contact either Mrs. Segessenman or any of the chairmen of the districts who are Eda Bonebrake, Eagle Point; Velma Casey, Butte Falls; Mrs. Leo Hoag, Prospect; Mrs. LeRoy

Morse Hits at Administration's Foreign Policy

Boston — (U.P.) — Sen. Wayne L. Morse (D-Ore.) last night charged the Eisenhower administration with paying only "lip service" to bi-partisan foreign policy while scaring neutral nations of the world deeper into their neutrality.

Speaking to about 700 members and guests of the Massachusetts chapter of Americans for Democratic Action here, Sen. Morse said: "The time has come for the American people to hold this administration responsible for the securing of our prestige around the world." He said a great many facts

about the Eisenhower foreign policy, to which the American people are entitled, "have been kept from the American people" and that the press of the country has gone along with the concealment. He cited the Formosa resolution, considered in Congress a year ago, and said the American people were never given the facts about it.

"We see an administration scaring the neutral nations of the world and causing them to retreat deeper and deeper into their neutrality as they watch and listen to our secretary of state." On politics, Sen. Morse said, "the Democratic opposition to the Eisenhower administration will be pitted against unlimited campaign funds supplied by big business interests which have been well served by the Eisenhower administration."

A pressure of eight to 15 pounds is required to break a normal egg. It requires 18 per cent more pressure to break an egg on the small end.
