

Adult Classes For Second Semester At High School Listed

Registration for nine second semester adult evening classes will be held Thursday and Friday, Feb. 2 and 3, according to Elliott Becken, assistant superintendent of Medford schools, which sponsor the classes.

Becken said anyone interested may register by telephone. The number is 3-5341. The Medford Senior High school Girls' League under the direction of Mrs. Grace Berg, dean of girls, is handling registration.

Becken said the purpose of advance registration is to determine whether enough adults are interested to hold the classes. The classes are adult self-improvement courses, and no school credit is given, he added. Persons 16 years old and over who are not attending school may register.

Around Hollywood

By ALINE MOSBY
United Press Correspondent

Hollywood—(U.P.)—One of the unsung geniuses of television is a man who writes a song every day all because Jimmy Durante murders popular music.

Aline Mosby

On the Durante show you see his credit line... "Songs by Jackie Barnett." That's his only notice for turning out the equivalent of a Broadway show almost every week.

fastest tunesmith. He also has the distinction of furnishing tunes for the only regular TV show that has original music. He Can't Sing

"It's all because Durante can't sing popular songs," Jackie explained today when I tracked him down at NBC's television studios.

"He does a type of music we call Durante music. It's bombastic. Popular songs just aren't geared for him."

Jackie started out as a gag writer for the program and graduated to his unique post of song writer. By now he has turned out more than 600 original songs for the Durante show. After spirited arguments, he has even induced the sentimental

Durante to try singing mambo and spirituals.

The program's writers often order certain songs from Jackie. Other times Jackie will be inspired to do a tune and has the writers fashion a show around it. The fastest time was turning out a ditty titled "Crazy Jimmy Style" in four minutes for Janet Blair to sing.

"I just went into the next room and wrote it," Barnett says casually.

Jackie has one frustration. Most of his original tunes are buried forever after the TV show. Some are too Durante-ish for others to sing. Most Jimmy prefers to keep for himself. Dinah Shore and Danny Thomas once asked to use Jackie's songs, but "Schnoz" turned them down.

Some Barnett tunes have slipped into general use, however. Helen Traubel uses one to close her night club act. Jimmy has recorded several and sings others in his nightclub act.

The only known constituents of the atmosphere on the planet of Jupiter are methane and ammonia.

Jackie feels his amazing output of songs is of one great benefit — it saves popular songs from being massacred by Durante.

"Years ago Durante was responsible for a big hit," related Barnett.

"I heard 'Nature Boy' and told Jimmy, 'This has a lot of heart. It would be a change of pace for you.' Jimmy sat down and sang it for me."

Barnett then did for me a fabulous imitation of Durante singing "Nature Boy." "A little shy... and sad of eye... and what a bum was he..."

"I said, Jimmy, better forget it," Barnett went on. "He never

sang it. And that is the reason that song went on to become one of the biggest hits in the last 15 years!"
