LEGAL NOTICES

NOTICE OF FILING APPLICATION FOR A CHANGE IN POINT OF DIVERSION OF WATER

Notice is given hereby that Hugh R. Hill has filed an application for the approval of a change in point of diversion of water from Evans Creek.

The supplemental findings of fact and order of determination of the State Engineer entered January 10, 1940 in the matter of the determination of the relative rights of the various claimants to the use of the waters of Rogue River and its tributaries, determined the extent to which the inchoate water rights were completed in the Rogue River adjudication proceedings. In said findings the State Engineer found that Bud Oden had reclaimed and irrigated a 2 acre tract in the northeast part of Lot 11 within the NE¼SW¼, Sec. 15, T. 35 S., R. 4 W., W.M., and Paul S. Seeley had reclaimed and irrigated 17.9 acres in Lot 11, of which 6.5 acres are in the NE¼ SW¼ and 11.4 acres are in NW¼ SW¼. All of these lands are irrigated thu the Vroman ditch from Evans Creek with a date of priority of 1902. The point of diversion of the Vroman ditch is located 1200 ft. N. and 100 ft. W. from the E¼ corner of Sec. 11, and being within SE¼ NE¼, said Sec. 11, T. 35 S., R. 4 W., W.M.

Hugh R. Hill, owner of the 2 acre Oden tract in Lot 11 and 13.6 acres of the Seeley tract in said Lot 11, of which 6.5 acres are in NE¼SW¼ and 7.1 acres in NW¼SW¼, Sec. 15, T. 35 S., R. 4 W., W. M., proposes to irrigate said land by means of a portable pumping unit on Evans Creek between a point to be located 360 S. and 1320 ft. W. from NE corner of NE¼SW¼, Sec. 15, being within NE¼ SW¼, said Sec. 15, T. 35 S., R. 4 W., W.M., and a point 460 ft. downstream therefrom.

All persons interested are notified hereby that a hearing will be held at the county court house at Medford, Ore., on March 27, 1956, beginning at 10:00 a.m. All objections to the proposed change, if any there are, will be heard at said time and place. Any objections shall be prepared in writing, one copy to be served on Hugh R. Hill, Rt. 1, Box 58, Rogue River, Ore., and one copy to be mailed to the State Engineer, Salem, Ore., together with a $2 filing fee, at least 10 days prior to the date set for hearing. If no objections are filed, the application may be approved by the State Engineer without a hearing.

Dated at Salem, Ore., this 25th day of Jan. 1956.

LEWIS A. STANLEY,
State Engineer

Canada has led all the other countries of the world in the production of nickel for more than 50 years. The 1954 output amounted to more than four times that of the rest of the world combined.

LEGAL NOTICES

Department of Agriculture
State of Oregon
DIVISION OF PLANT INDUSTRY
Agricultural Building
Salem, Oregon
NOTICE OF PUBLIC HEARING

KNOW ALL MEN BY THESE PRESENTS:

That on the 28th day of February, 1956, at the hour of 9 o'clock A.M., Pacific Standard Time, at the County Courthouse of Josephine County in the city of Grants Pass, on the 28th day of February, 1956, at the hour of 1:30 o'clock P.M., at the County Courthouse of Jackson County in the city of Medford, hearings will be held at which times and places remonstrances will be heard concerning the establishment of a control area as provided in the proposed order set forth in manner and form as follows:

In the matter of establishing a control area within the boundaries of the counties of Jackson and Josephine, State of Oregon, pursuant to authority vested in the Director of the State Department of Agriculture, State of Oregon in Section 570.405 to 570.415 inclusive, O.R.S., for the protection of the mint industry by the eradication or exclusion from such area of a certain insect, and plant diseases.

WHEREAS, IT APPEARING, after investigation, that the growing of mint is a new industry in the described area and that the insect, and plant diseases, sought to be eradicated and excluded are not now in general distribution within the area and that the insect, and plant diseases are most likely to be introduced with the importation of planting stock and the movement of such stock within the area, that the protection and preservation of the mint industry in the said area requires that such insect pest and plant diseases be eradicated or controlled and their introduction prevented and that measures to prevent the introduction and control of such insect, and plant diseases can be taken most effectively and efficiently while the development of the industry is in its early stages.

THEREFORE, IT IS ORDERED AND DECLARED, that all that area devoted to mint culture within the legal county limits of Jackson and Josephine counties, State of Oregon is a control area for the purpose of eradication and control of such organisms within the area and the prevention of the introduction from outside the area.

FURTHER, BE IT KNOWN, that pursuant to authority vested by law in the State Department of Agriculture, the following rules and regulations are promulgated to effectuate the eradication or control and the prevention of introduction of the named insect, and plant diseases from the control area:

Section 1. As used in this order unless the context otherwise requires:

(1) "Department" means the State Department of Agriculture of the State of Oregon.

(2) "Mint" means any species of the Genus, Mentha.

(3) "Mint Grower" means any person, persons, partnerships, association, corporations or their agents who own, supervise or control a field, fields, or any location, and on which is grown or kept any mint plant or roots.

(4) "Control Area" means the counties of Jackson and Josephine.

(5) Disease organisms
Verticillium albo-atrum R. & B., varieties capable of causing wilt of mint.
Puccinia menthae Pers., the cause or rust.
Longidorus Sylphus Thorne, a nematode.

(6) Insect
Longitarsus waterhousei Kutschera, Mint flea beetle.

(7) "County Inspector" means an inspector hired by the district or county and authorized by the Department to enforce this order.

(8) "State Inspector" includes any person authorized by the State Department or Agriculture to inspect and perform duties relating to this order.

(9) "Certified planting stock" means mint roots from fields certified to be free from the listed disease organisms, insects and pests by a County or State Inspector or approved official of another state or of the United States.

Section 2. Each mint grower within the control area shall notify the county or state inspector in writing, of all mint fields under his ownership, control or supervision on or before the 15th day of July of each year. Upon receiving such notice, or at any time during the year, the county or state inspector may inspect each mint field to determine whether any disease organism, or insect are found therein.

Section 3. A request to have a field of mint or mint roots certified as to freedom from disease organism, and the insect must be filed with the Director of Agriculture at Salem, Oregon, not later than July 15th previous to the proposed selection of plant material.

Section 4. Any County or State Inspector shall have the following duties and responsibilities:

(1) Supervise, inspect, select and control at destination, the importation of new mint planting stock, before or after it is planted. He must prohibit its being planted if evidence of the listed diseases, and the insect are present.

(2) He must reject the entire lot of roots if more than ½ of 1% show evidence of Root Knot nematode, Meloidogyne sp.

(3) Prior to August 1, 1956 he must reject all planting stock from outside the control area not properly cleaned of adhering soil.

Section 5. No person shall import into the control area any mint roots except certified planting stock. Any such stock imported shall bear the signed certification of a County or State Inspector making the inspection to the effect that he has made an inspection of the field where such roots were grown during the growing season immediately preceding the date such roots were dug, that he found no evidence that such field or roots were infested with any of the listed disease organisms and the insect.

(1) Prior to August 1, 1956 in lieu of certification as to freedom from mint flea beetles, the planting stock from outside the control area shall be so collected or washed so as to remove all adhering chunks and masses of soil.

Section 6. On or before September 15th of each year the Department will notify the mint growers who have requested field certification whether the said fields can be certified free from listed insect and disease organisms.

Section 7. If a County or State Inspector finds that any mint plant, root or field within the control area is infested with any listed disease organisms or insect, he shall by written order deliver or mailed to the mint grower or owner, order the control and eradication of such infestation. Control and eradication methods used must be those approved by the Oregon Experiment Station or the Department. No person, mint grower or owner upon whom any such order is served, shall fail, neglect or refuse to undertake to eradicate and control such infestation according to the terms of the order.

Section 8. Written approval, authity and permission must first be secured from a County or State Inspector before planting stock is selected and used from:

(1) Any part or portion of a field known to be infested in part with any of the listed disease organism and the insect.

(2) Any field which has been subject to an order as provided for in Section (7) and which order has not been revoked or lifted by a County or State Inspector or the Department.

Section 9. From and after the date ah order creating a control area becomes finally effective, no person shall violate, in whole or in part, any provision of such order (ORS 570.410). Violation of ORS 570.410....is punishable, upon conviction, by a fine not to exceed $100.00 (Chap 168, 1955).

AWOL Soldiers Captured By Police Near Weed

Weed, Calif.—(U.P.)—Two soldiers, wanted by Sixth Army headquarters in San Francisco on AWOL charges, were in custody here yesterday after their capture by Weed police and the California Highway Patrol.

The men, William Thomas and Don Galloway, both 21, were chased south of here Sunday night by patrolmen who said the car the soldiers were driving was stolen in San Francisco.

Thomas was captured when the car became stuck in snow. Galloway escaped, but was picked up early today by Mt. Shasta police.

Lawrence Anderson.

Just 6¢ a day can help Build Rich, Red Blood . . . Save You from being

TIRED... NERVOUS

. . . EASY PREY TO MINOR ILLS.*

Nutritional experts reveal vitamin losses in cooked foods plus faulty diet may be seriously undermining your energy, strength, and resistance, making you feel on edge—affecting your appetite—spoiling your sleep—*because your body is vitamin and iron starved.*

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B1, B2, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

How You Can Stop Chronic Vitamin & Iron Starvation TODAY . . . Feel Like a New Person!

Supplement your diet every day with just one High-Potency Bexel Capsule. Just one of these wonderfully strengthening capsules give you the full vitamin and iron content nature provided in the following groups of foods *before cooking:*

1 quart of pasteurized milk
4 oz. of fresh orange juice
½ lb. of lean bacon
1 lb. of lean pork
½ lb. of ham
1 lb. of beets
¼ lb. of butter
½ lb. of veal chops
½ lb. of green string beans

LEGAL NOTICES

SUMMONS

In the Circuit Court of the State of Oregon for Jackson County.

EARL L. HESS, Plaintiff v. LEONA MAY HESS, Defendant.

In the Name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above-entitled suit within four weeks from the date of first publication of this Summons; and if you fail so to appear and answer, for want thereof, plaintiff will apply to the above-named court for a decree annulling the marriage of plaintiff and defendant ab initio, and for such other relief as the court may deem proper.

Date of first publication: February 14th, 1956.
