

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

Think not, the husband gained that all is done. The prize of married happiness must still be won. And oft, the careless find it to their cost. The lover in the husband may be lost.

—Lytleton.

The Bible tells us that Joseph, before he called on Pharaoh, changed his raiment and shaved. But what did Joseph shave with? How many times over did he have to shave? Then consider the case of Marc Antony. According to history Marc shaved 10 times over before he called on Cleopatra. This indicates that Cleo was a girl really opposed to that five o'clock shadow. What did Antony shave with? Can some recognized authority on the history of shaving give us the answers to these queries?

Exciting Spinster

Eartha Kitt, 27-year-old throaty voiced chanteuse, is being referred to as "the most exciting spinster in the world." Her earnings average \$4,000 per week less tax. Eartha recently observed, "There is a beast inside every man. When I sing I just bring it out in a lot of them." This brings to mind that ditty titled "There's a Little Bit of Bad in Every Good Little Girl." I wonder what male vocalist, if any, has a tendency, when singing, to bring out the little bit of bad in the good little girls. I would like this information for our Horses and Women files.

Briefly

The life of a married career woman down in dear old Georgia can be very difficult at times. In that State a wife's salary legally belong to her husband. . . . When "first lady," Mrs. Franklin D. Roosevelt made many speeches, some were quite lengthy. However, the longest speech her successor, Mrs. Harry Truman, made during her period as "first lady" was "Thank you for the orchids."

Asking

Queries from clients: Q. What kind of gambling game is the one known as "Stuss"? A. It is a variant of Faro Bank. Practically the same as Faro but slightly revised to make it easier to play. The house percentage is a little better for Stuss than for Faro. For further details, consult that highly interesting book titled "Scarne on Cards" by John Scarne. . . . Q. A contestant on a television quiz program said the model for Leonardo Da Vinci's painting "Mona Lisa" was the wife of a resident of Florence, Italy. The quizmaster said the answer was wrong, that several models had posed for the painting. How about this? A. The model for the Mona Lisa was the wife of Francesco Del Giocondo of Florence. The smile of Mona Lisa is the most discussed feature of this painting. However, it has also been said the hands are the most beautiful ever painted. Young women aspiring to be "hand models" should take a long look at the hands of Mona Lisa.

So They Say

Men born under Virgo (Aug. 24-Sept. 23) do not view marriage romantically. They have to be sold on the idea they will benefit by it. They must be thoroughly convinced that two can live more cheaply than one. Virgo men are usually most interested in a girl who has a good position and is willing to keep it after marrying. Or, so say the stargazers.

Love

How does your dictionary define love? In checking over this, the following definition from Funk and Wagnall's New College Standard Dictionary appealed to me as being unusually well put: Love—a strong complex emotion or feeling causing one to appreciate, delight in and crave the presence or possession of another and to please and promote the welfare of the other."

Passing By

Jim Farley. Distinguished New Yorker. A brilliant politician, an accomplished physiognomist and a very wise man of business. Jim is also a charter member of the association of former right handed first basemen. In his youth, Jim cleverly covered the initial sack for the Havershaw, N. Y., semi-professional team. In those days he was known as "Stretch" Farley.

Mystery

How Sophia "The Sizzler" Loren, Italian Cinema Queen, retains her slender and well proportioned figure is a mystery to those who have seen her in action at luncheon or dinner. Sophia is definitely not on a diet. Recently in the dining car

LSU Supervisors Vote Against Racial Bans

Baton Rouge, La. — (U.P.) — Louisiana State University's board of supervisors voted overwhelmingly against barring its athletic teams from participating against Negro players or tightening entrance requirements aimed at Negro students.

The action came Saturday after a seven-hour meeting behind closed doors during which two factions argued whether LSU should play teams which have Negro athletes or tighten entrance requirements to halt an expected flood of Negro enrollments at the undergraduate level.

Grange

Upper Applegate Grange

Maj. Gen. Joseph Hicks of the Jackson county civil defense agency, spoke to the Upper Applegate Grange at the last meeting, Feb. 10, at the Ruch school.

Two films were shown concerning defense work in experiments to determine the degree of destruction and effects of atomic explosions. The films also showed organized evacuation methods for metropolitan areas and how citizens in defense groups of fringe areas aid in filtering airplane alert messages.

General Hicks explained the importance of organized defense groups in supplying manpower to aid during any disaster and gave examples of help given by the federal defense administration to areas afflicted by recent floods.

Radio stations KMED and KYJC are members of a national network known as Conelrad, which will give out official information and instruction to aid citizens during emergencies.

Following the program, the meeting was called to order by Master George Redhead, with State Deputy Henry Henrickson and County Deputy Roscoe Roberts as visitors.

Acting upon advice from state and county Grange officials, a motion will be voted upon at the next meeting, Feb. 24, to rescind the motion to build the new hall on the McKee bridge property, and consider every available site more accessible to the entire Applegate area.

Due to the fact that the hall building plans previously offered to the membership for approval were considered too expensive and impractical by the architect, other plans were discussed and examined by those present.

A new committee has been formed in the Grange. It is a "Friendship Committee" to call upon new residents in the community and upon those who are ill and not affiliated with the Grange, to extend good wishes and inspire a feeling of good will. It is not the purpose of this committee to solicit membership. The following were appointed to carry out this purpose: Grace Pearson, Pearl Byrne, Mickey Buck and Grace Buck.

Mrs. Pearl Byrne has been appointed to the agriculture committee to report on general gardening. This will include flowers as well as vegetables.

Refreshments were served by Mr. and Mrs. Wilfred Pearson and Mr. and Mrs. Harry Davis.

Court Records

DISTRICT COURT

Wilma P. Sharp, failure to stop at stop light, \$10.
William S. Richey, no tail light, \$10.

Jerry Wayne Miller, 119 Seventh st., and Judith Genevieve Jones, 286 B st., both Ashland.
Richard Theodore Knutson, 1030 Stewart ave., and Margaret Evelee Andrew, 858 Ross lane.

Colleges To Outline Student Requirements

Representatives of all institutions of higher education in Oregon, as well as from the Oregon Technical Institute, Klamath Falls, will visit Medford senior high school Feb. 22 at 8:45 a.m., according to Principal Lester Harris.

They are members of the high school-college relations committee of the Oregon state system of higher education, headed by Francis Hickerson, Eugene, executive vice-president. The group will explain general college requirements and preparation at a special assembly.

The visitation is offered annually as a regular part of the guidance program carried on in the high schools to help students in post-high school training, Harris said.

Parents and others interested are invited to the assembly.

The first through railroad train operated across the U.S. from the Atlantic to the Pacific was an excursion train sponsored by the Boston Board of Trade in May 1870.

Persecution Said Being Practiced

New York — (U.P.) — Harvey S. Firestone Jr. warned Americans today that "persecution is still being practiced in this country."

Firestone, chairman of the Firestone Tire and Rubber Co., told some 850 community leaders at the annual Brotherhood Week luncheon that this country has gained its great status through the bonds of brotherhood.

"And yet," he said, "there are some people with prejudices so deeply rooted in their minds and hearts that they deny the reality of these facts. By word and by deed they practice persecution here in the land which owes its very existence to those who fled from persecution."

Cases Said Magnified

Firestone, who is Brotherhood Week chairman of the National Conference of Christians and Jews, said another danger also exists "from Communists and fellow travelers who magnify cases of prejudice in the United States out of true proportion."

These people, he said, feed the sparks of resentment into the flames of vengeance, providing grist for the propaganda mills of our enemies.

Firestone said that America stands before the world today as a living example of the power of free men. Americans must practice that freedom.

Rural Fire District To Hold Tax Hearing

Central Point—Central Point Rural Fire Protection district budget committee will hold a public hearing at 7:30 p.m. Tuesday, Feb. 21, on a proposed tax levy of \$31,647.48 for the 1956-1957 fiscal year.

The hearing will be at the rural fire hall here and Ray Wyatt, chairman of the board, has requested a good representation of district patrons at the session. The budget will be explained and questions will be answered.

Proposed levy is for operation of two fire stations and is \$259.52 less than for the 1955-1956 year.

Youth Confesses Portland Shooting

Portland — (U.P.) — Police said today a 17-year-old Los Angeles youth had admitted shooting an elderly man in a downtown holdup attempt in a public rest room Feb. 12.

Held under \$12,000 bail was Homer Burl Thomas, 17. Olaf Faleide, 66, was wounded last week and since has been released from the hospital.

Arrested with Thomas were Gary Roland Phelan, 19, Portland, and Gary Wayne Mericle, 20, Los Angeles. The trio was arrested here yesterday after a tip was received by juvenile officers.

Thomas said Phelan was with him in the rest room holdup attempt but did not know he had a gun. Thomas was charged with attempted robbery while armed with a dangerous weapon, burglary of a church and larceny of a hardware store. Phelan was charged with attempted robbery and armed with a dangerous weapon. Mericle was charged with burglary of the church and larceny from a store. Bail for Phelan was set at \$5000 and for Mericle \$4000.

Search Continues For Bones of Human

Portland — (U.P.) — Searchers turned up six more bones yesterday as they searched the bank of the Tualatin river for the decomposed remains of what appeared to be a human body. The original discovery was made on Saturday when Mel Pinker, Oregon City, came across the grisly evidence of bones that had been sawed and wrapped in a burlap sack.

Clackamas county police yesterday continued the search for further remains. Leslie Peake, Clackamas county coroner and Dr. Hance Haney of Oregon City, said the bones could be those of a human.

Dead time Sunday Classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day

Merchandising Subject Of Vocational Program

A vocational guidance program at Crater High school will feature Mrs. Nunya Lisberg, owner of Burelson's, in a talk entitled "Merchandising" on Wednesday, Feb. 22, at 1:30 p.m.

Arthur L. Strauss, Crater principal, has announced that the program will be for girls only. It will cover jobs open to girls in the stores, how to apply for a job, and how to sell.

Diphtheria Scare Waning in Oregon

Salem — (U.P.) — The diphtheria scare apparently was waning here today, but hundreds of persons still were calling on the Marion County Health Department for Schick tests and immunization shots.

No new cases were reported in the Salem area over the week end. Last week the disease claimed the lives at the State School for the Blind here.

Three students at the school, who were placed in isolation Friday when throat cultures turned up positive results, were reported to be in good health today.

France has possessed Martinique since 1635.

State Income Tax Aid Offered Here

A schedule of dates and places in southern Oregon when a representative of the state tax commission will be available to assist taxpayers was announced today by Commissioner Ray Smith.

A representative will be in

Paper Plant at Toledo Confirmed

Portland — (U.P.) — The Georgia-Pacific Plywood Company has confirmed reports that it will enter the paper-producing industry and build a plant near Toledo, Ore. The announcement was made in New York by Owen R. Cheatham, president of the company.

Cheatham's announcement said the company would form a wholly owned subsidiary to be known as Georgia-Pacific Paper company. H. Stuart Daniels formerly associated with the Union Bag and Paper Corp., will serve as president of the new company.

Cheatham disclosed that the company, in addition to the Toledo plant, plans to study a proposed pulp mill at Juneau, Alaska.

Prospect X-Ray Day Planned for Feb. 22

Prospect—The date, Wednesday, Feb. 22, has been designated Prospect Chest X-ray day at Sacred Heart hospital in Medford. An effort is being made in Prospect through the Lions club and auxiliary to get residents of the area to participate in the clinic at the hospital from 7 to 9:30 p.m., that day.

Members of the combined clubs met last week to hear Dr. A. E. Merkel, Jackson county health officer, speak on the importance of chest x-rays to the health of everyone in the vicinity. As the result the members decided to sponsor the event. At least one large social event by members of the home extension has been postponed to allow members to participate.

Mrs. Marcus Dey, Christmas seal chairman for Prospect and member of the health unit, is coordinating the project and states that anyone desiring transportation into Medford for an x-ray may call her at 2091 or the Rev. Robert Greene, 2050, Prospect.

either tomorrow or Wednesday. The federal mediator returned to Washington last week shortly before the clerks rejected a company wage proposal.

New Efforts Scheduled In Western Air Strike

Los Angeles — (U.P.) — New efforts will be made to end a six-week strike of 850 Brotherhood of Railway Clerks against Western Air Lines with the arrival this week of Federal mediator Leverett Edwards, a company spokesman said today.

The spokesman said new negotiations will be scheduled upon the arrival of Edwards
