For Colors.

AUTOMATIC FILTER-FLO WASHER \$279⁹⁵

Now the marvelous new G-E Filter-Flo cleans and recleans wash water; removes lint before it can settle on your wash. The Filter-Flo washing system circulates and filters the water at the rate of six gallons every minute to make sure your clothes come out clean, white and bright.

BIG CAPACITY, TOO! G-E gives you over 50% more clothes capacity (10 pounds) than many other automatics; means you can do more at once . . . save splitting many washes into two loads. Water Saver Control lets you select water levels from 11 gallons for small washes up to full capacity for big washes. Only G-E gives you so much for your money.

AUTOMATIC DRYER-CLOTHES CONDITIONER

With G-E's AUTOMATIC CONTROL, it's easy to dry, damp-dry, sprinkle or fluff your clothes just right . . . AUTOMATICALLY! All you do is select the proper dial setting. Automatic Control takes the guesswork out of drying . . . eliminates the need for deciding what temperature is best for drying fabrics and different size loads.

AIR FRESHENER another wonderful feature of the new 1956 G-E Dryer—freshens the air going into the Dryer, gives your clothes a clean "breezy-day" fragrance. **Home Appliance Price \$229⁹⁵**
