

SAFEWAY ASKS . . .

How high can you score in this MEAT QUIZ?
The correct answers may surprise you!

This quiz is designed to help you get the most value for the money you spend on meat. There is only one correct answer for each of the five statements. Take a pencil and check the answers you believe are true. Score yourself 20 points for each one you get right.

If you miss all of them, don't feel too bad about it! There's plenty of confusion on the subject of meat grading. The main idea of this quiz is to make the facts clear . . . and to remind you that all beef cuts sold at Safeway are from meat that has been government-graded and stamped "USDA CHOICE". It's meat that is guaranteed to give you perfect eating every time.

1 The only impartial grading of meat for quality is done by:
 meat packing companies retail meat cutters government-licensed meat graders

2 Retail stores selling government-graded meat do so because:
 government law requires it they choose to stock government-graded meat it is the only kind of meat they can buy

3 Only one of the following is a government meat grade. It is:
 No. 1 Grade AA Choice

4 The round purple stamp on meat means that the meat has been:
 government-inspected and passed as wholesome food approved by the meat industry government-graded for eating-quality

5 The U.S. Department of Agriculture uses a meat grading stamp that has this shape (check one):

Correct Answers to Meat Quiz

- government-licensed meat graders**
These experts judge meat for eating quality and stamp the correct grade right on the meat. This grade is the consumer's guide to quality.
- they choose to stock government-graded meat** Not all stores sell government-graded meat. Safeway does—every cut is from beef graded "USDA CHOICE." And only meat of top eating-quality gets this grade.
- Choice—"Choice," "Good," "Commercial," "Utility"** are terms used by the U.S. Department of Agriculture for grading meat. Alphabet grades such as "AA" and "A" are not government meat grades.
- government-inspected and passed as wholesome food** This inspection is important, but it tells nothing about the meat's tenderness and flavor—only that it is wholesome food.
- This is the shape of the official grading stamp of the USDA:**
