## WALL STREET

New York—(U.P.)—Stocks today forgot the Eisenhower situation and turned to the technical market situation.

As the industrial average approached the record high many elected to sell for profits. The net result was a decline in all sections but the utility and that barley held its own.

Net losses were small for the most part, a point or more in the main list.  
Tobacco was weak on a new assault on cancer from cigarette smoking. Losses in the tobacco ranged to nearly two points.
