

Doctor Says Ike's Decision 'All Right'
 Boston—U.P.—Dr. Paul Dudley White, heart specialist who supervised President Eisenhower's convalescence after his heart attack, said today the President's decision to run for a second term appears "all right to me."
 The President's "ability to carry out his work should continue to be satisfactory for years to come," White said.
 "The President's decision which he has just announced, his comments about his health, and his desire to use common sense measures in the protection thereof, appear all right to me," White said in a statement.

'Holiday Revue' Seen As Enjoyable Evening

A large and enthusiastic audience last night saw a well-performed first-night presentation of the Kiwanis Kapers "Holiday Revue."
 Several hundred youngsters and adults watched well-known civic leaders frolic through the two-act review. They included Police Chief Charles Champlin, Police Lt. C. W. Lacy, Band Instructor Irving Mirick, Attorney Irving Allen and John Delenback and many others.
 How the many Kiwanians and their wives, already busy with

responsibilities of business and family, could find time to create the two-hour show is amazing. Although slowed by the usual first-night "bugs," the troupe carried off every scene with ability that showed the results of practice.

The scene, "Mexican Holiday," brought rousing applause when Ron Rice, Del Wright, Ed Hoppe, Dick Phair, Tony Manno and Dick House rode through a bumpy Mexican road in the company of a flea circus. Music by the McLaughlin Hungry Five, the Medford high school band, and the Kiwanis Singing Chorus was well received, and numerous encores were demanded of the second act performance of the Kiwanis Jazz band, which featured Mirick, Milo Kubalek, Ray Johnson, Jack Walker, Robert Church and Dr. Edward Sickles.

Director Don Hansen, Los Angeles, who was all over the stage keeping the performance in line, must have felt well rewarded by the enthusiastic response of all the cast.

Attractive Additions
 Kiwanian Dames are attractive additions to the show, as are the Mello Maids, the Dancing Sweethearts, and the Singing Sweethearts.

The fashion show narrated by professional Patti Rose made an interesting note and even brought comments from men in the audience.

Other scenes included a hilarious performance of the hula dance by "Hilo Fattie," Jack Walker; a "Lapidated Tarzan," Dick Phair; Washington's Birthday, followed by "The Minuet." A Valentine's day with dancing chorus; Lincoln's birthday, which lent a serious and well-done touch; a Beachcomber number by Bill Singler, Ab Clark and Tom Anderson; the Hula girls and the Sailorettes.

The poker-faced performance of John Pletso, Bill Bracker, Billy Blackstone, Bob Messelbeck, Frank Perl and Ed Barnett, as members of the ship's crew, was outstanding.

Even without the polish which the remaining performance of tonight, Friday and Saturday are sure to have the "Holiday Revue" makes an enjoyable evening and no one can fail to appreciate the efforts of the Medford Kiwanis club.

Drunk Driving Arrests Total 88 During January

Salem—U.P.—H. G. Maison, superintendent of state police, said today that during January this year 88 persons were arrested by state police for drunken driving, paying an aggregate of \$16,042 in fines. There were also 58 arrests for

reckless driving and 11 arrests for hit-run driving. During the month the state police received 458 complaints and 246 were classified as cleared.

Portland Population Seen as 1,400,000

Washington—U.P.—The magazine U. S. News & World Report today predicted a population of 1,400,000 for metropolitan Portland by 1976. It estimated the present population of Portland and environs at 815,000. The magazine published in the nation's capital predicted that Portland would be the fifth fastest growing metropolitan area in the nation during the next 20 years but it said the growth of the city would be outstripped by growth in its suburbs. It was estimated that population of urban Portland would increase 43 per cent in the 20-year period and the population of suburban Portland almost 100 per cent.

Salt Lake Expected To Remain Salty Lake

Salt Lake City—U.P.—A Utah geologist has come up with some reassuring news about Utah's inland sea. The Great Salt Lake probably will stay that way—no matter how much salt is distilled from its briny waters.
 Dr. Armand J. Eardley, dean of the University of Utah's College of Mines and Mineral Industries, said a million tons of salt could be extracted annually from the lake "with no detectable loss" in the lake's salt content.
 Studies have shown that the Great Salt Lake and its underclays hold at least 5.7 billion tons of the chemical—more than enough to supply the nation's pretzel, salted nut and saltine cracker makers for the next eon, he pointed out.
 And rivers replenish the salt supply at an annual rate of 880,000 tons.
 However, Dr. Eardley added an ominous note of warning about the lake's water level. An annual five-inch increase in northern Utah's precipitation would send lake levels lapping at nearby Salt Lake City.
 Such a sustained increase in rainfall is unlikely, but the geologist added that "the lake level responds delicately to changes in precipitation."
 An increase of nine-tenths of an inch annually, continued for 2,500 years, would extend the "sea's" boundaries over the Utah and Cache valleys—flooding Salt Lake City and the major rail center of Ogden.

"HOW TO BE A BETTER COOK... AND SAVE MONEY, TOO!"
 BY Mary Blake
 Home Service Director Carnation Company
Coffee Marlow
 (Makes 6 to 8 servings)
 1 cup undiluted Carnation Evaporated Milk
 1 cup strong coffee*
 16 medium (about 1/4 pound) marshmallows
 1/2 teaspoon salt
 Chill Carnation in refrigerator tray until soft crystals form around edges of tray (about 15-20 minutes). Heat marshmallows and coffee together over low heat or hot water until marshmallows are melted (5-8 minutes). Add salt and chill until slightly thickened. Whip Carnation until very stiff (about 3 minutes). Fold whipped Carnation into marshmallows-coffee mixture. Spoon into refrigerator tray and freeze until firm (2-3 hours). *Instant or regular coffee may be used.
 Remember, too, millions of coffee lovers "cream" their coffee with Carnation.
