Hawaii's Easter Seal Poster Girl Faces Deportation, Death

Honolulu — (U.P.) — Hawaii's 1935 poster girl for the annual Easter Seal drive faced today the prospect of deportation to the Philippines within three months because of a change in diagnosis of her illness.

Her parents said deportation of five-year-old Mary Arce at this time would be practically the same as signing her death warrant.

They blame the U. S. Immigration and Naturalization Service, but the local agent in charge says his hands are tied by the law and regulations laid down by Congress and there's nothing he can do about it.

When Mary was admitted to

the United States with her alien mother for medical treatment in 1933, her illness was diagnosed as polio. Since then, she has been certified to be suffering from a

form of epilepsy, an illness that the law says automatically excludes her from U. S. entry.

Naturalized Citizen
Mary's father, Mauricio Arce,

is a naturalized American citizen, and so are two younger children who were born in Hawaii after the mother came here.

Under the law Mrs. Arce can apply for permanent residency on the strength of her husband's citizenship.

Poston said he hopes to convince local immigration authorities that they do have the right to extend indefinitely Mary's residence in the United States as long as she is under medical treatment. He said that, failing that, it would take a special act of Congress to save the girl from deportation.

Meanwhile, Mary is active as the poster girl for this year's Easter drive for funds for crippled children. She was selected for the role before her immigration troubles developed.

Arce, a carpenter, said that if Mary is deported the entire family would have to go back to an uncertain future in the Philippines.

Suffers Mild Convulsions
Arce, a carpenter, said that if Mary is deported the entire family would have to go back to an uncertain future in the Philippines.

"They don't have facilities for Mary's treatment in the Philippines, nor the medicines," Arce told the United Press. "She has improved a lot since she came to Hawaii and her convulsions

Around Hollywood

Hollywood — (U.P.) — Hollywood's Oscar Derby to the public is a hot race among the film players — but in the inside world of movie town it's also a battle to see which studio sweeps home the most awards.

To the inner circle of Hollywood known as "the trade," the most talk is about which film factory proudly will claim the biggest haul of Oscars when they're handed out Wednesday night at the Pantages theater.

MGM 31—Warners 17
This year MGM has the best chance to cop the most awards because it snared 31 nominations. Warners is second with 17.

Through the years MGM has cornered the most Oscars. The

By ALINE MOSBY United Press Correspondent

big studio has won six "Best Actor" awards, but all in the old days. The last was in 1940.

That drought may break this year as Spencer Tracy and James Cagney were nominated for MGM pictures "Bad Day at Black Rock" and "Love Me or Leave Me."

MGM has copped eight Best Actress honors, including Vivien Leigh's for "Gone With the Wind," a Selznick production for MGM release. Susan Hayward may make it nine this year for "I'll Cry Tomorrow."

Petition To Seek Amendment To Responsibility Act

Salem — (U.P.) — Petition was taken out here today for a constitutional amendment limiting the amount relatives might be required to pay toward the support of needy persons.

Some 40,000 signatures would be needed to place the amendment on the ballot.

Oregon's Supreme Court held March 7 that the State Welfare commission had the right to require financially able persons to help support their relatives.

Thomas R. Mahoney, attorney for the Institute of Social Welfare, said the proposed amendment would increase the gross annual income by \$5,000 before the rates go into effect. These rates could not be changed by the Legislature.

No monthly contribution for a person earning up to \$9,000 would be required if two persons were dependent on the income, Mahoney said. He said maximum contribution for a person with two dependents and earning up to \$10,000 would be \$40 a month.

The lawyer said no appeal would be made to the U. S. Supreme Court because of the cost involved.

Nehalem Authorized As McLaren Work Site

Salem — (U.P.) — The State Board of Control today authorized moving the permanent work camp site of MacLaren school for boys from Tillamook head to a location near Nehalem.

Also authorized for the boys' school was a summer work camp at Fogarty creek north of Depoe Bay.

Twenty-five boys will be assigned to each camp. They are paid \$1 a day to clear brush and do similar work for the State Parks division and the highway department.

James Lamb, superintendent of the school, told board members that the camps relieve congestion at the school and give the boys healthy outdoor work.

Carpenter Meeting May Quit Portland

Portland — (U.P.) — The Brotherhood of Carpenters last night threatened to move the site of its annual conference this spring from Portland to San Francisco or Tacoma, claiming that none of Portland's first class hotels have been organized by unions.

The Carpenters union told the Portland Central Labor Council last night that it had already sent a resolution to its international headquarters opposing use of the Multnomah hotel here because it is non-union.

A. T. Williams, representing the carpenters, said the international had informed him that the hotel picked for the conference site "has got to be first class."

Professor Missing; Foul Play Studied

New York — (U.P.) — Police feared today an anti-Franco, anti-Communist professor who fled from Spain during the Spanish Civil War was a victim of an international cloak and dagger plot.

Prof. Jesus de Galindez, 42, an instructor in international law at Columbia University and political columnist for a Spanish language newspaper, left his Fifth ave. home in good spirits a week ago and disappeared. Police believe that de Galin-

Billy Graham Urges Ike To Visit India

Washington — (U.P.) — Evangelist Billy Graham urged President Eisenhower today to visit India.

After a 50-minute conference with the President, Graham said he told the President that if he goes to India "he would receive the greatest reception of any man in history." The evangelist recently returned from a long trip to India and the Far East.

Loan Approved for Sandy Electric Co-Op

Sandy — (U.P.) — The Rural Electrification administration has approved a loan of \$50,000 to the Sandy Electric Co-op, Sen. Richard L. Neuberger (D-Ore.) informed local officials today.

The money will be used to provide low-interest loans to its customers and increase the co-op's load.

Wall Street

New York — (U.P.) — Stocks turned irregular after four sessions in which the industrial average registered record highs.

Industrials and utilities lost a trifle. Rails were steadied by firmness in Union Pacific, Southern Railway and Santa Fe. Metals retreated but steels moved forward under the lead of Bethlehem.

A two-point rise in Procter & Gamble to a new high helped keep the industrials from showing a wide decline.

Today's closing prices on selected stocks:

American T & T	184 7/8
Anaconda	84 1/4
Chrysler	79 3/4
