

Bethel 55 Observes Anniversary

Bethel 55, International Order of Job Daughters, celebrated the first anniversary of organization March 27 by holding friendship night at the Pythian hall, and honoring the group's three founders. The founders are Mrs. T. A. Crump, Portland, past grand guardian for Oregon; Mrs. C. D. Elhart, Medford, past grand guardian and Mrs. Everett Faber, Central Point, vice-grand guardian of the state.

The three were "seated in the east" and honored throughout the evening.

Visiting members included a majority of the Ashland Bethel members and representatives from Central Point, Grants Pass and Medford Bethel 14. Parents of Bethel members also attended.

Several Masonic organizations were represented, including Reames chapter, Order of Eastern Star, Zuleima temple, Daughters of the Nile, Royal Arch Masons, Knight of Malta and Medford Blue Lodge.

Gifts were presented to the year-old Bethel by Mrs. Faber, Morris Boughtner of Reames chapter and Bethel 38 of Central Point.

In keeping with the birthday theme, all those present joined in a birthday march and each deposited money to equal his age in a large cardboard birthday "cake."

Short addenda honoring the Bethel's three founders followed the meeting. Refreshments ended the event.

Anyone wishing further information is asked to call some member of the club.

The meeting was held at the home of Mrs. William Perry, Brownsboro road, with Mrs. Otis Hill assisting.

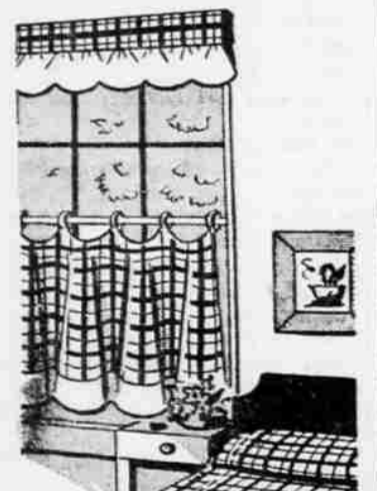

Plans were formulated for a fall festival in October, and a number of committees will work on the project.

Mrs. Lottie Cingcade won the muscular dystrophy package for the meeting.

Because of the large number expected to attend a meeting of Eagle Point Grange April 3 at 8 p.m. women attending are each asked to take one dozen sandwiches.

By ELIZABETH TOOMEY
United Press Correspondent
New York—(U.P.)—The ship which is to carry Miss Kelly, her family and more than 60 friends to Monaco for the biggest wedding of the year is back in port now being readied for one of the most unusual Atlantic crossings on record.

Ten per cent of the passengers aboard the U. S. Constitution, the luxury ocean liner which will sail from here on Wednesday noon, will be there only because Miss Kelly said "yes" to Prince Rainier III of Monaco three months ago.

Miss Kelly will have a suite, complete with veranda, on the ship's sun deck. Her French

Many Residents Get Warnings of Chest Troubles By X-Rays

Chest x-ray films taken at the out-patient clinics at Sacred Heart hospital have warned 340 Jackson county residents of heart conditions which should have the attention of their physicians, according to a recent report of the x-ray committee of the Jackson County Public Health association.

In addition, 106 people have been asked to go to their doctors for further study of conditions indicating a suspicion of tuberculosis, lung cancer or tumors, and 126 people have been warned of miscellaneous chest conditions such as emphysema, calcifications, etc., the report adds.

4,789 Have X-rays

A total of 4,789 persons have had chest x-rays at the out-patient clinics since purchase of the machines for the two Medford hospitals by Christmas seal funds. This does not include those who have been given the screening x-rays as patients in the hospitals.

While by far the greatest majority of those having x-rays find their chest conditions to be normal, it is most gratifying to know that many of the abnormal conditions found are in the earliest stages, and in time for treatment to be effective in saving their lives and health, according to Mrs. Chester Guches, x-ray chairman.

Soft Coal Miners Get Pay Increase

Washington—(U.P.)—John L. Lewis' soft coal miners received an 80-cent a day pay increase today, bringing their basic wage to \$20.25 a day or slightly more than \$100 a week.

The price of soft coal went up at the same time to an average of about \$5 a ton at the mine, industry sources estimated. They said this was the same level as in 1948 before the industry cut prices to try to halt a decline in sales.

The pay raise is the second and final installment of a \$2-a-day pay hike negotiated by Lewis and the soft coal producers last August. The United Mine Workers soft coal wage contract is subject to reopening for further demands this fall, but Lewis has given no indication whether he will take advantage of this.

Soft coal miners' average pay is already one of the highest in the country for production workers. The bureau of Labor Statistics estimated it at more than \$100 a week in December and January.

Neuberger Speaks On Kefauver Vote

Portland—(U.P.)—Sen. Richard L. Neuberger (D-Ore.) says that if Sen. Estes Kefauver wins the primary races he should be given the Democratic nomination for President.

Neuberger, home for the Easter recess, said "I don't see how the Democratic party . . . can be the party of the people if it doesn't nominate Kefauver if he wins in the primaries."

Neuberger called Adlai Stevenson "one of the greatest and most eminently qualified men I've ever known." But he said "the people have a right to select the presidential nominee—that's what this country is all about."

Neuberger predicted that Interior Secretary Douglas McKay would win the Republican nomi-

ination for U. S. Senator but that Wayne Morse would defeat him in November.

Neuberger said he planned a campaign in Congress in the near future for restoration of the GI bill of rights to veterans.
