G-E RANGES START AT \$149.95

The 2600-watt G-E unit was tested in G-E laboratories against the large burner on each of four leading gas stoves. Tested in accordance with American Standard Association electric range tests, the G-E unit brought 2 quarts of water to a boil over 20% faster. Also, one quart and two cups of water were tested; the G-E unit was faster every time. Gas burners were tested under identical conditions with burner input of 12,000 B.T.U. per hour (large burner requirements under Gas Appliance Manufacturers' Association certification standards).

NO EXTRA CHARGE FOR COLOR
