FBI Agents Arrest Communist Party Man in Montana

Washington—(U.P.)—The FBI announced that its agents today arrested John Cyril Hellman, a leading Montana and Idaho Communist, on charges of violating the Smith act.

It said Hellman, active in Communist party affairs for approximately a decade, was taken into custody without incident at his home in Butte, Mont.

Violation Charged

A federal warrant issued in Great Falls, Mont., yesterday charged Hellman with violation of the membership section of the Smith act. This section makes it illegal to be a member of the Communist party with the knowledge that it aims at the overthrow of the U. S. government by force and violence.

Maximum penalties are \$10,000 fine, 10 years imprisonment, or both.

Hellman was to be arraigned

before a U.S. commissioner in Butte. The FBI described him as a Communist party organizer in Montana and Idaho.

Articles Said Written

It also said that Hellman has written articles and given speeches in support of the Communist cause. His arrest brought to 139 the number of Communist party officials and functionaries arrested on charges of Smith act violations.

Hellman, married and father of two children, was born Dec. 26, 1921, at Columbia Falls, Mont. He attended Montana Public schools and studied accounting for approximately one year at a business university in the state of Washington. He has been employed in the past as a clerk-typist, bookkeeper, mechanic, laborer and butcher.

The FBI said that in a 1951

speech Hellman described the Korean conflict as "mass murder on the part of the United States."

Press Photographers Pick Chicago Model

Chandler, Ariz.—(U.P.)—Shapeloni Ross, 21, a Chicago model, was selected last night as Miss National Press Photographer.

Soft spoken comedian George Gobel and actress-dancer Mitzi Gaynor made the selection before 250 delegates to the National Press Photographers Association convention here.

Miss Ross was among six finalists competing for the national title. Her measurements are 35-23-35.

Other finalists included Marie Hermann, Los Angeles.

Story Said Damaging To Fort Rock Basin

Lakeview—(U.P.)—A suit to restrain Oregon Agriculture magazine from publishing articles said to be damaging to residents in the Fort Rock basin of Lake county was quashed here yesterday in Circuit Court.

Owen Palmer, attorney for residents of the basin who brought the court action, said the suit would be filed in Benton county where the magazine is published and where the defendants are located—Oregon State College, OSC experiment station and the editor of the magazine.

Circuit Judge Charles H. Foster granted a motion of the defendants which said the suit had

The 1954 potato crop in North Dakota returned \$15,827,000 in farm income from sales of the crop.

BAGS FOR LIQUIDS
Minneapolis—(U.P.)—To tell someone to "get a paper bag full of orange juice" may not be a joke in the future. An American Petroleum Institute committee in Minneapolis says a new polyethylene resin called alathon may soon be manufactured into containers for wet foods, including liquids.

Communist Chinese Jump on Bandwagon To Denounce Stalin

Tokyo—(U.P.)—Communist China belatedly followed its Kremlin leaders today and denounced Josef Stalin's one-man rule as "autocrat."

The denunciation, broadcast by Peiping radio, did not mention Mao Tze-tung, a long-time admirer of Stalin and heretofore the unchallenged leader of Communist China.

Peiping radio, quoting the official Communist Peoples Daily in Peiping, broadcast the anti-Stalin blast a few days before First Deputy Soviet Premier Anastas Mikoyan arrives there as top salesman for the new Soviet line.

Now in Viet Nam

Mikoyan was reported in Hanoi selling the new line to the Viet Nam Communists.

The broadcast followed by a few days the return to Red China of Gen. Chu Teh, Chinese Communist army commander-in-chief, and deputy chairman. He attended the Communist party's

20th congress in Moscow when the first anti-Stalin attacks began.

Peiping, though not mentioning Mao, warned western "reactionaries" not to think that the attacks on Stalin meant any weakening of the Communist front. It said Communism would emerge stronger than ever.

Moscow Attack Praised
Peiping praised the Moscow attack on Stalin's "cult of the individual" and lashed out at the West for using this new Moscow line to criticize Communism.

The statement acknowledged Stalin's early work in world Communism but said later he "indulged in inordinate inflation of his own role and posed his individual authority against collective leadership."

It said that as far back as 1943 the "mass line" of collective leadership was proclaimed by Red China but warned that the Communists must now give "fuller attention" to the line.

US To Negotiate On Arms Proposal

London—(U.P.)—American disarmament delegate Harold E. Stassen today told the United States will not take a "rigid and inflexible" stand on its arms cut proposals.

Stassen displayed an air of determined reasonableness at a press conference.

"All parts of the U. S. position are subject to negotiation," he said.

Stassen said the new American draft working paper introduced at the five-power disarmament meeting here two days ago outlined "practical" steps to end the

"10-year deadlock dilemma." He emphasized that the United States does not intend to take obstructive bargaining stands but would remain as flexible as possible in an effort to reach some agreement with Russia.

He already had put forward a series of dramatic proposals at the meeting of the U. N. Subcommittee on Disarmament. Soviet delegate Andrei Gromyko was reported asking "important and intelligent" questions about the last one, set forth yesterday.

Informed American sources said the Soviet interest was not necessarily encouraging but was a sharp contrast to the long silences and balks at past sessions of the group.

Storage Reserves in Lake County Ample

Lakeview—(U.P.)—Unusually high stream flows and ample storage reservoirs for the 1956 irrigation season in Lake county were predicted here yesterday by Snow Surveyor W. T. (Jack) Frost and by Tom Crawford, manager of the Lakeview Water Users Corporation.

Crawford said water-saturated soils would produce bumper crops on county farms this year. He reported that excess water was released from Drews reservoir on Jan. 9, an unusually early date.

Frost said the reservoir would hold 40,000 acre feet of water from April to June or 132 per cent of the 15-year average. Other reservoir storages for the period would be Chewaucan, 105,000 acre feet, 114 per cent; Twenty-Mile creek, 33,000 acre feet, 156 per cent; Deep Creek, 107,000 acre feet, 159 per cent; and Honey creek, 24,000 acre feet, 154 per cent.

Grange

Butte Falls Grange
The Butte Falls Grange met in regular session with Les Casey conducting the business meeting. An interesting display table of Japanese and Chinese articles was enjoyed by members. A favorable ballot was cast for Raymond Abbott, and he will be initiated in the Grange. All members took part in the program which honored Flora.

In the absence of the HEC chairman, Frieda Moore announced the next HEC meeting at the home of Mrs. Edna Mat-tern, Wednesday, April 25, instead of the regular day. All ladies are urged to attend, the meeting starts at 1 p.m.

Refreshments were served by Mr. and Mrs. Everett Moore and Mr. and Mrs. Ernest Smith. The next serving committee for the Grange will be Mr. and Mrs. Bruce Pingle and Mrs. Maud Arnold.
