

**Holmes' Observe 48th Business Year Here**

Mr. and Mrs. R. A. Holmes are observing the 48th year of the organization of the R. A. Holmes agency which was founded April 9, 1909, and is said to be the oldest insurance agency in Medford operated by the same personnel.

Holmes, the present manager, joined the agency in 1915. He was away for a time while studying the insurance business in the San Francisco area and he served for two years in World War I.

Mrs. Edith Harwood first joined the agency in 1923 as office secretary and now is underwriter. Mrs. Charlotte Wood joined the firm as secretary two years ago after retirement of Mrs. Helen Wheeler. Mrs. Holmes has served as office manager since 1937.

**Priority for South On Vaccine Denied**

Washington—(U.P.)—The U. S. Public Health Service today officially rejected the idea of giving the South priority on current shipments of Salk polio vaccine because the season strikes there earlier.

It declared "the national interest can best be served" by continuing the present nationwide distribution system in which all states get their vaccine at about the same time.

"Each state," it said, "... needs its full share of vaccine in order to protect as large a portion of its population as possible."

In another development, informed sources disclosed that the government has decided to summon the National Polio Advisory Committee into session in the next couple of weeks to make a full scale review of the distribution program on the eve of the 1956 polio season.
