

NEW CLASH—A new patrol clash along the Gaza strip has heightened tension in the Middle East. Both Egyptian and Israeli spokesmen have complained to the United Nations of new outbreaks of violence at the truce line. In photo above, Egyptian troops, stationed in trenches along the truce line, charge over-the-top during maneuvers earlier this year.

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

Ever hear of a man being arrested for stealing candy from a baby? It happened. Not so long ago a man was arrested in the Bronx for snatching a lemon stick from the hand of a kiddie. How about robbing the cup of a blind man? That happened, too. A man was arrested in St. Louis, Mo., for that. Another extremely mean thief was the Chicago crook who confessed that for 48 years he had made a living robbing church poor boxes. Said he averaged \$20 a day. One of the meanest thieves in New York history was the fellow who sneaked into police stations in Manhattan and stole policemen's badges. Imagine a cop having to report that somebody stole his badge. A horrible situation.

Office Marriage

The number of secretaries who marry the boss continues to increase. The majority of girl Fridays who marry their employer are divorcees. These romances usually occur when the boss is a bachelor of 40 or thereabouts and the secretary is about 26. Ninety-eight percent of such marriages are said to be successful. This brings to mind the claim that the best type of woman to marry is a sympathetic girl with a sense of humor, who has had some business experience.

Wedding Days

As you know, Margaret Truman's wedding has been scheduled to take place on April 21. That is a Saturday. The poetic prophecy dealing with wedding days is as follows:
Monday for wealth,
Tuesday for health,
Wednesday the best day of all,
Thursday for crosses,
Friday for losses,
Saturday no luck at all.

Please Note

Do you know why there are so many Irish families in Boston? When the Irish were leaving their native land in great numbers to settle in the United States the fare from Ireland to Boston was \$6.50 less than that from Ireland to New York. . . . Opposition to drafting newlyweds for the armed services can be found in the Bible. From Deuteronomy XXIV I quote: "When a man hath taken a new wife he shall be free at home one year and shall cheer his wife which he hath taken."

Light Machine

What is the weight of the light-

est portable typewriter now made? That is the query of a man who does most of his traveling by plane. I know of a portable typewriter that weighs nine pounds, including the case. If that isn't the lightest made, what is? Incidentally, on most airlines this typewriter does not figure in the weight allotment of the passenger. It can be carried to the passenger's seat, same as a briefcase.

Briefly

Another of the many records held by Brooklyn is that of a Flatbush woman who kept 39 dogs in a three room apartment. . . . The things I lose most are pencils and pocket combs. On the other hand, there are certain things I never lose. In all my life I have never lost a key, penknife or a mutual ticket.

Asking

Queries from clients. Q. Does the husband of Queen Elizabeth, the Duke of Edinburgh, call her Liz, Betty or Bess? A. He calls her Betty. . . . Are you familiar with the prayer written by Elsie Janis? If so, please quote it. A. Prayer written by Miss Janis is as follows:

God, let me live each lovely day,
So I may know that, come what may,
I've done my best to live the way
You want me to.
