

MEDFORD, CRATER MIX IN GP ROTARY SCUFFLE

A squad of approximately 35 Medford High track and field men will compete Saturday in the Rotary club cinder tussle at Grants Pass, Coach Bob Newland reported this morning.

He said the crew will be "roughly" the same as that which won the metro division of the Hayward relays in Eugene last week.

The meet will be a quadrangular affair. Crater of Central Point and Roseburg will contend along with Medford and Grants Pass.

The host Cavemen, who beat out the Black Tornado in the Rogue relays and finished second to it in the Haywards, have vowed to win this week in a "rubber" match with Medford, Oregon's perennial track power.

Saturday's affair will be the first full distance regular-type

meet for the Medfordites. The Tornado, however, showed strength in a championship-novice short distance triangular mix with Crater and Ashland in which no score was kept. Grants Pass has drubbed Marshfield in a dual engagement.

Schools will be permitted to enter three men each in the dashes and hurdles and four in all other events. Newland said that Medford will field a full entry in all events but the pole vault. Tornado contestants in that tiff will be Lew Breazeale and Dave Johnson. The vault is expected to be a duel between Phil Paquin of GP and Breazeale. Paquin won the Hayward vault with 12 feet 6 inches and Breazeale took the Rogue event with a new record of 12-3.

Newland said that the Tornado squad appears in good shape for the GP ruckus.

Pitching, Led by Terry Maddox, Brightest Spot for Duck Squad

University of Oregon, Eugene (Special) Oregon's baseball club, winner of the Northern Division pennant for the last three years in a row and 11 times in the 23 year history of the league, opened the 1956 season at Howe field today against the strong Oregon State Beavers, runnerup for the last three years.

Coach Don Kirsch's team has been in the rebuilding stage during the early non-conference season and the veteran Webfoot coach has used nearly two dozen players as he experimented with combinations to replace the nine lettermen who were lost from the team which won the

1955-54-55 titles. Brightest spot in the Webfoot games to date has been the pitching, as Terry Maddox, a 6-0 winner as a sophomore last year, has come along nicely. He is getting excellent help from Stan Domochowsky, a veteran of the 1953 team who has returned from the service, and sophomores Don Lane, Jack Henkel and Ron Whittaker. Oregon's hitting, however, has caused considerable concern as the Ducks hit only .222 in winning nine of 12 games. Only tight pitching and good defense when it counted kept the record at its present peak.

11th Cinder Win in Row Eyed By UO

University of Oregon, Eugene — Oregon's track team, strong in the running events and relatively weak in the field events, tries for its eleventh straight Northern Division dual meet victory at Hayward Field Saturday against the Washington State Cougars.

The Cougars last defeated the Ducks in 1953 and since that time Coach Bill Bowerman's crew has gone through two unbeaten seasons. The Webfoots have hopes their excellent first place strength in the track events, plus strength in the broad jump and point-making ability in the pole vault and javelin will carry them through.

Dellinger Over Cold
Bill Dellinger, the crack Oregon distance runner, apparently has shaken the effects of a cold and will be ready to rejoin Jim Bailey as the top distance running team in collegiate track. Coach Bill Bowerman is not certain which races he will run his ace, but Bailey may enter both the 80 and the mile while Dellinger may concentrate on the two-mile against John Midtbo, a Norwegian native who has run 9:10 in the eight-lap event.

Floyd Richmond should challenge Oregon Jack Morris in the sprints and Bob Duncan will give Webfoot Gordon Dalquist or Arden Christensen a battle in the 440. The Cougars will also score heavily in the shot and discus with Burl Grinols and Frank Brown while Jerry Kennaston looks like a winner in the pole vault.

The top marks for the Northern division to date follow:
100—Dean Derby (W) 9.9 and Floyd Richmond (WSC) 10.0
200—Dean Derby (W) 22.0 and Arden Christensen (O) 22.4
440—Gordon Dalquist (O) 49.5 and Henry Olsen (W) 51.9
880—Gene Tenney (OSC) 1:55.1 and Gordon Dalquist (O) 1:55.4
1.5 Mile—Bill Dellinger (O) and Jim Bailey (O) 4:10.0
Two-mile—Bill Dellinger (O) 9:14.5 and Jim Bailey (O) 9:17.7
High hurdles—Dean Singer (W) 15.3; Doug Busham (O) and King Kirk (WSC) 15.4
Low hurdles—Jack Morris (O) 23.7 and Dean Singer (W) 25.2
