Warden Praises Interest in School

High praise for the excellent turnout and interest shown in the foremen's fire fighting school last week was expressed today by Curtis Nesheim, south-west district warden for the state department of forestry.

He pointed out that the turnout of more than 100 trainees at the school Thursday and Friday at the state forest patrol headquarters on Table Rock rd., was an indication of the great interest of the loggers in the area.

Nesheim stressed that a lot of problems in fire control cannot be met at the fire line and must be taken care of in sessions such as were held last week.

Understanding Important

The warden mentioned that, if the loggers are given a fundamental understanding of what the forest patrol is trying to do, they can work with the patrol much better and fires can be suppressed with much less industry and community loss.

The forest patrol feels that fire crews are of little value without effective leadership. A purpose of the school was to train leaders, Nesheim said. The school here was considered only the beginning. The warden said he hopes more will be held with steady improvement.

Long Hoped For

A foremen's school has long been hoped for by the forestry department but the department was unable to hold one because some organization was needed to bring the men to it, Nesheim reported. That was one of the ways in which Southern Oregon Conservation and Tree Farm association participated in last week's school. Nesheim expressed thanks of the patrol for SOCTFA's effort in bringing the loggers to the protection agency. He also stated his appreciation for the cooperation of the U. S. forest service and the bureau of land management.

***LOSE A POUND A DAY... FOR 14 DAYS Without Suffering Hunger Pangs Or Loss Of Energy!**

To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can never happen!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!

1. A reducing diet (The Kessamin Booklet) prepared by a physician and a dietitian to give best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamins plus the bulk, Carboxy Methylcellulose, to stimulate normal intestinal elimination.

High School Art Work Now on Display

The fourth annual exhibit of the Medford Senior High school art department opened today, featuring more than 200 pieces of various types of work done in the department.

The public is invited to see the exhibition any afternoon this week and open house will be held from 2 to 5:30 p.m. Those attending will be conducted through the exhibit by students and instructors, Warren Wolf, head of the department announced.

The department had also emphasized that all persons interested in art, or art program and education at the school are invited.

The exhibits shows a cross section of the various phases of work done and includes industrial designing, fashion designing and sculpting, as well as oil and water color paintings.

2 Passengers Hurt In One-Car Accident

Mrs. Margaret Maxine Bales, 28, Upper Applegate, and Mrs. Elsie Nellie Bales, 20, same address, suffered minor injuries at 6:23 a.m. Sunday when the car in which they were riding apparently went out of control and rolled over several times about 200 feet west of the Cameron bridge on Applegate rd.

Driver of the 1955 sedan was said to be L. C. Adams, 26, and other passengers were Boyd Aaron Bales, 23, and Gerry Wayne Bales, 24, all of Upper Applegate.

State police reported that the car, traveling west, went out of control on a curve, left the road, then rolled. The car landed on its top facing south in the west lane of traffic. The vehicle was believed to be totally wrecked.

Medford ambulance took the two injured women to Community hospital where they were treated and released.

KBES Plans to Build Klamath TV Station

Klamath Falls — Filing has been completed on application for transfer of the construction permit granted by the Federal Communications commission to KFJI Broadcasters Inc., according to Everett Faber, vice-president of California-Oregon TV, operator of KBES-TV at Medford.

Cal-Ore TV will pay W. D. Miller Enterprises, owner of KFJI Broadcasters \$30,000 for expenses incurred in negotiating the permit, which was granted in December, 1954.

The new Klamath Falls television station will operate on channel 2 and will be a complete entity and not a satellite or semi-satellite of the Medford television operation, Faber said. No staff members for the station have been selected, Faber said but indicated they will be chosen from Oregon applications, if possible.

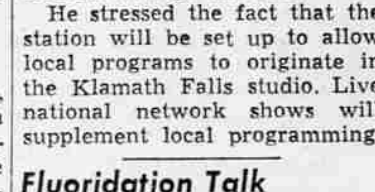

Faber said this summer has been set as maximum deadline for completion of the station. Work is expected to begin as soon as the matter has been cleared through the FCC.

He stressed the fact that the station will be set up to allow local programs to originate in the Klamath Falls studio. Live national network shows will supplement local programming.
