Prospect high turned back Butte Falls 13 to 0 Friday in the only Jackson County B League baseball game played. St. Mary's scheduled action at Jacksonville and Talent's trip to Rogue River were postponed because of wet grounds.

Both of the skipped conflicts will be made up on May 8. The Cougars went into second place in the loop alone as the result of the single battle.

Don Vannice threw a five-inning one-hitter for the Prospect nine. He struck out 12 batters and walked just one. Bill Irwin, the Logger chucker, got Butte Falls' single safety.

Steve Hoag with three for three, Bob Jones with three for four, Vannice with two for three, Allen Valentine with two for four and Jim Daniels with a homerun were the heavy hitters for the Cougars.

Irwin fanned two and walked two long with giving up 12 hits. Prospect will be host to Jacksonville here on Thursday. The 'ti' was moved up from the regular Friday date because of a conflict.

**HERE'S HOW AMAZING MOTALOY WORKS:**  
Motaloy tabs are placed in the fuel tank of any vehicle with an internal combustion engine. The tabs are activated as the vehicle is being driven. The friction of the Motaloy tabs in the fuel tank and the sloshing of the fuel begins a chemical process which passes through to the combustion chambers and cylinders, where the flash fire and intense heat creates a reaction dissolving hard carbon. Then, a metallic plating is deposited on the surfaces of the pistons cylinder walls, rings and valves and is gradually worked into any pores, as well as pitted or scratched spots. This is an anti-friction plating which provides a smoother, more powerful and quieter engine.
