

Footlighters Play Will Be Presented Between May 8-12

"Good Housekeeping," a 1949 Broadway comedy by William McCleary, will be the first production of the Footlighters theatrical group in over a year. The play will be presented at 8 p.m. Tuesday, May 8, at the Footlighters' theater at the fairgrounds. The play will run through May 12.

The theme of the play is machine politics. The plot revolves around a college president, his daughter and their boyfriends, and his restless wife, who, because of her idleness, tries to run her husband's life and unwittingly provokes the state's political boss against him. The president becomes enraged and decides to run for governor to clean up politics in his state.

Cast Members Listed
Appearing in the play are Frankie Burton, Frank Buchter, Isaac McCarley, Shirley Buckingham, Elizabeth Belsch, Clyde Wheaton, Carl McQuigg, and Ruth Kilbourn.

Rudy Vest, a student at Southern Oregon college, who intends to continue in drama, is director. Stage manager is Nick Parker. Bernard Roberts is in charge of set construction. Kathy Davis is in charge of props. The set will be furnished by Kenneth Swartz.

The Footlighters are an amateur theatrical group composed of local talent who consider acting only as an avocation. This is the first play in the recently decorated theater and new location.

Dalles Aluminum Plant Due Lines

The Dalles—(U.P.)—A spokesman for Bonneville Power administration said today that lines to carry power from The Dalles dam to a proposed aluminum plant here will be under construction within a short time and will be completed by the August, 1958, deadline.

Byron Price, assistant administrator for BPA, said Harvey Machine company of Torrance, Calif., which holds a license to build the aluminum plant, had been granted a 90-day extension to its deadline for starting construction. Harvey had been scheduled to start building the multi-million dollar facility about May 1. The extension to August 1 was granted because of planning delays at the strike-bound Westinghouse plant where the designs were being drafted.

The power line will stretch from Big Eddy switching station to the Harvey site near The Dalles.

Absentee Ballot Requests Due Soon

The last day on which applications can be accepted for absentee ballots to be voted in the May 18 primary election is May 7, Mrs. Bereth Hopkins, county clerk, announced today. It is already past the deadline for sending special absentee ballots to armed service personnel, she said.

To be eligible for an absentee ballot, a voter must live more than 15 miles from the polling place in the precinct where he is registered, or be physically unable to go to the polling place, or state that he will be out of the county on election day.

35 Cases of Measles Reported Last Week

Thirty-five cases of measles were reported in Jackson county for the week ending April 28, according to Dr. A. Erin Merkel, public health physician.

Jacksonville reported a total of 24 measles cases, Medford 10 and Ashland 1.

Other diseases reported in the county last week included mumps, Ashland 1, Medford 2; rheumatic fever, Medford 1; pneumonia, Medford 2; pink eye, Medford 4, Shady Cove 1 and Gold Hill 1; and influenza, Medford 1.

A Sincere "Thank You"

to the friendly folk whom it has been my privilege to serve through my association with THE CHILD'S WORLD PROGRAM.

I regret that other duties make it necessary that I resign as your local representative for TCW, effective May 15th. Anyone interested in seeing this entertaining, educational and inspirational program for youngsters, please call 2-4218 for an appointment before that date.
