

## Physical Education Jamboree Schedule At Hedrick Tuesday

Medford city schools will present a physical education jamboree at 7:30 p.m. Tuesday, May 8, in the Hedrick Junior High school gymnasium.

The show will involve nearly 300 performers from all schools. Boys and girls from grades five through the senior year of high school will demonstrate skills learned in the school physical education program.

The jamboree is a biennial affair held on alternate years with the grade school spring music festival.

Five Medford elementary schools will present a varied program including demonstrations of rope jumping, marching, tumbling, combatives, calisthenics, folk dancing, and square dancing.

Hedrick Junior High school will demonstrate basketball drills and relays, fancy marching, badminton, and volleyball. McLoughlin Junior High will do wrestling, girls' and boys' tumbling and stunts, and folk dancing.

High school boys will give an exhibition of weight training exercises, sprint starts and hurdling, and a group of boys and girls will perform on the trampoline.

The public is invited. There is no admission charge. The show is expected to last less than two hours.

MEMORIAL CHAPEL Dedication Planned

## Dedication of Chapel Planned Mother's Day

The Clarence A. Meeker Memorial chapel in the First Methodist church will be dedicated on Mothers' Day, May 13, church officials have announced.

Completion of the chapel, made possible by a memorial gift from Mrs. C. A. Meeker, is another step in a building and expansion program launched in 1950 and extended at the 17th anniversary last November.

In 1952 a large addition to the educational facilities of the church was planned in use. Further projects included establishment of a youth center and a new parsonage.

The late Mr. Meeker had been an active member of the First Methodist church for more than 50 years when he died in 1948. He was the son of the founder of the M & M Department store, and owned and operated the store until his retirement in 1937.

In 1940, he was elected to the Medford city council, and in 1942 he was elected mayor, serving the office until his death.

Mr. Meeker was one of the organizers and the first teacher of the Shipmates Adult class at the First Methodist church and the class, which will meet in the new chapel, contributed toward its furnishings. Many other individuals and groups have cooperated in making the chapel possible.

**Mission Design**  
The chapel is of Spanish mission design, conforming to the general architecture of the First Methodist church. The wood paneling of the chancel, the pulpit, communion table, and pews are of oak, as are the doors and moldings.

## 20-Year Plan for New State Parks Announced in Salem

Salem — (U.P.) — A 20-year plan released by the Oregon State Highway Department calls for addition of at least 2,350 acres of new parks to the system by 1975.

This acreage would be added to the more than 56,000 acres now in the system and would handle an anticipated 13,500,000 users of Oregon parks by 1975.

C. H. Armstrong, superintendent of state parks, said it was difficult to tell how many persons would be using state parks by 1975 but he thought that population trends, automobile ownership figures and other statistics would back his prediction.

**Vacation Selections**  
According to the report, Oregon and Wyoming rank eighth in the nation in the public's preference when inquiries were made as to which state people would select to visit on their vacations.

Armstrong said that especially since 1950, the park system had been extensively improved. He said more than 6,800,000 persons used parks in 1955 as compared to about 2,150,000 in 1948.

Largest acreage acquisitions under the plan would be along the Oregon coast where Armstrong said 910 acres of new park land would be required by 1975.

He said some 240 acres should be acquired in the Portland area, 535 acres in the Willamette valley, 125 acres in southwest Oregon, 140 in central Oregon and 220 in eastern Oregon.

## Sale of Woodworking Firm Is Assured

Portland (U.P.) — Completion of a \$50,000,000 deal for sale of the M and M Woodworking Company to a Seattle firm was assured here Friday with announcement that boards of directors of both companies are ready to proceed.

Only approval of M and M stockholders is needed before the firm is sold to Simpson Timber Company of Seattle, and controlling interest of M and M resides in the Malarkey family which also is represented on the board of directors. The stockholders will meet here June 21.

Clay M. Brown, president of M and M, said the sale would be effected by sale to Simpson of M and M stock at \$35 a share. There are 1,432,821 shares of common stock outstanding.

M and M employs about 2600 men, owns more than two-billion board feet of timber in Oregon and California, and has widely scattered plants making plywood, veneer, lumber, wooden pipe, plastic pipe, doors and plywood glues.

## Portland Records Two Traffic Deaths

Portland — (U.P.) — Two traffic deaths — one Friday afternoon and another early Saturday — have raised Portland's 1956 death toll to 21.

Harry Willson, a 68-year-old pedestrian, died Friday night a few hours after he was struck by a car at an intersection. Witnesses said Willson was jaywalking.

Fifteen-year-old Linda L. Warmbscher died of injuries suffered when a car driven by her father, Waldemar Warmbscher, sped past police headquarters at 50 MPH yesterday morning and struck three parked cars, one of them a police car.

Last year during the same periods, Portland had 15 traffic deaths.

## Elephant To Arrive In Portland Today

Portland — (U.P.) — Among the more distinguished passengers who will disembark from the S. S. Montana when it docks here today will be a prospective husband for Rosy, the Portland zoo's elephant.

The pachyderm, a gift from the King of Siam, will be taken to the zoo to provide companionship for the up-to-now lonesome Rosy.

The advertiser's highest standard—

**AUDITED PAID CIRCULATION ABC**

of circulation value

Every industry has a standard by which its products can be measured. The jeweler uses the symbol of a pure diamond. In flatware, the word "sterling," and in dinnerware, the word "bone china," represent high standards of quality and value.

For the advertiser, the symbol of the highest standard of circulation value is the emblem of the Audit Bureau of Circulations\*. This hallmark means that newspapers or periodicals so identified are measured according to the most highly regarded rules and standards in the advertising and publishing industry.

The fact that we are privileged to display this A.B.C. emblem here means that you can buy advertising in this newspaper as you would make any other sound business investment—on the basis of well known standards, known values.

\*This newspaper is a member of the Audit Bureau of Circulations, a cooperative, nonprofit association of publishers, advertisers, and advertising agencies. Our circulation is audited by experienced A.B.C. circulation auditors. Our A.B.C. report shows how much circulation we have, where it goes, how obtained, and other facts that tell advertisers what they get for their money when they use this paper.
