

Consumers Becoming Avid Collectors of Stamps in Wide Craze for Coupons

New York — (U.P.) — Consumers are becoming avid stamp collectors in a coupon craze which is sweeping the country, a United Press survey revealed today. Chain stores, supermarkets, and individual store owners have entered the competition for customers by issuing multi-hued savings stamps and premium coupons for purchases. The amount of stamps a consumer receives is proportionate to the amount of the purchase. The bigger the purchase, the greater number of stamps received. Stamps Redeemable The stamps are redeemable either at the store where the purchase was made or at redemption stores. After saving a certain number of stamps the consumer may then turn them in for a certain amount of merchandise or prizes listed in a premium catalog. Mrs. Housewife is lured by a pot of bonus gifts at the end of a rainbow assortment of savings stamps when she does the family marketing. She may have a choice of shopping in a variety of stores which offer pink tapes, blue, green, gold, brown, yellow, red or even purple stamps, which may be redeemable for anything ranging from aluminum cookware to automobiles. Gets Gift Catalogue Mrs. Housewife may decide to shop in the Grand Union food markets in New York which offer "Triple-S" blue stamps or a grocery in Sacramento, Calif.,

Sample Ballots Due This Week For Recall Election in Talent

Talent — Sample ballots for the May 16 recall election here will be available this week, according to City Attorney Ben Lombard. The ballots list the reasons for the election, and the answers of the officials under attack. Mayor Keith Thoreson and three councilmen, R. C. Bradford, William Cooper and James Henry, are the subjects of the recall attempt, which arose out of the discharge of a former city marshal. The council last week approved a resolution calling for the special election May 16, which will be at the city hall between 8 a.m. and 8 p.m. Election officials will be Betty Reichstein, judge, and Norma Seymour and Mae Baldwin, clerks. Sample ballots will be available at the city recorder's office. The six allegations are that (1) the council has violated the charter of Talent in holding meetings which were not open to the public, (2) the marshal was discharged on complaints from an unknown person and without a hearing, (3) the council refused to hear complaints from the public concerning their actions during meetings, (4) they have not allowed citizens of Talent to be heard on matters pertaining to city business, (5) they acted arbitrarily and caused disunion in the city of Talent, and (6) they have not promoted the good will and prosperity and general welfare of the town, but have brought upon the city injurious publicity and ridicule. Justifications Given The mayor responded with four justifications of the council's actions. They are (1) the council has held no private meetings to transact the town's business, although in the event of special meetings, the location has, on certain occasions, been changed to suit the circumstances, (2) the council has the right under the charter of Talent to hire and fire certain employees, including the marshal, whenever in the council's judgment the interests of the town require such action, (3) the council has always been open to the complaints by citizens, and (4) the council has always acted in accordance with the council's best judgment for the welfare of the town of Talent and in opposition to pressure groups seeking individual benefit.

Church Sniper Suspect Seized

New York — (U.P.) — The chief suspect in the sniper shooting Saturday which killed a church warden and wounded five other persons surrendered to authorities today. Tony Tudorache, 60, a former employee of the Romanian Orthodox church of St. Dumitru where the shootings occurred, came voluntarily to the district attorney's office and told a detective: "I understand I'm wanted for questioning." He was immediately taken to an interrogation room to be asked about the shootings which some investigators believed was an apparent attempt to assassinate former Romanian Princess Ileana, sister of the last King Carol. Princess Ileana narrowly missed being struck by the bullets which scattered a crowd of 400 worshippers as they gathered Saturday for a midnight candlelight procession at the church. Police said the shots were fired from Tudorache's room, located diagonally opposite the church.

Methodists Told Of Racial Progress

Minneapolis — (U.P.) — Methodists attending the quadrennial General conference of the Methodist church were told yesterday that the goal of integration within the church "has been taken with a unanimity of spirit which augurs well for concrete progress." Rev. Dr. Ralph W. Sockman, New York, said "The North recognizes the earnest work of sincere Christian leaders throughout the South." He addressed more than 7,000 Methodists at the closing worship service of the conference which has been in session here since April 25.

The church early last week adopted amendments providing for voluntary end of segregation within the church. At present, the church has a segregated Negro jurisdiction of 360,000 members.

The conference urged a return to prohibition in a strongly worded resolution passed Saturday. Also approved was a statement on the Christian family which included a statement of belief in planned parenthood.

A Negro was named to the highest lay post in the church. J. Ernest Wilkins, Washington, D.C., was named president of the Judicial council, the "supreme court" of the Methodist church.

Testimony Urged by White House Aides

Washington — (U.P.) — Sen. Hubert H. Humphrey suggested yesterday that the Senate Permanent Investigating Subcommittee "invite" two White aides to testify in the case of Murray M. Chotiner, Vice-President Richard M. Nixon's 1952 campaign manager. The Minnesota Democrat said the subcommittee so far has "passed over too lightly" the connection between Chotiner and White House official Maxwell Rabb and former presidential aide Charles Willis. Chotiner told the subcommittee last week that Rabb and Willis made telephone calls from the White House to inquire about the status of two airline cases he was handling. In both cases, the Civil Aeronautics Board ruled against Chotiner's clients.
