

Tito in France For State Visit; Precaution Taken

Paris—(U.P.)—President Tito of Yugoslavia arrived here yesterday in an armored train for a five-day state visit that brought on the strictest security precautions seen in France in many years.

The last Yugoslav ruler to visit France was assassinated King Alexander I and French Foreign Minister Jean Louis Barthou were murdered Oct. 9, 1934, at Marseilles.

All leaves was cancelled for Paris police and reinforcements were called into the city. There were unconfirmed reports 80 Yugoslav exiles were sent to North Africa for safekeeping and that another 300 were ordered to leave Paris for the duration of the visit.

Security precautions for Tito were especially strong when his train passed through Italy where he has never been popular. Unprecedented numbers of Italian guards stood by as Tito passed near Trieste, occupied by his troops for 40 days in 1945.

Tito was hailed by both the left wing and the right wing in France as the armored train from Belgrade pulled into the small, flag bedecked Bois De Boulogne station guarded by hordes of French police.

Press All Smiles
The press was all smiles. The right-wing newspaper L'Aurore called it "an important visit." The Communist L'Humanite greeted it "with satisfaction."

Last week the neutralist newspaper Le Monde carried an interview in which Tito said Russia's demotion of Josef Stalin was a tactical maneuver but the result of sincere conviction that Stalin was in error.

Tito, French Premier Guy Mollet and Foreign Minister Christian Pineau were expected to discuss this further. The two French leaders go to Moscow May 14 and Tito visits the Soviet capital next month.

There were reports Tito may ask France for supersonic Mystere IV jet fighters of the kind recently sold to Israel.
