Margaret O'Brien Gets First Kiss on Screen

Hollywood — (U.P.) — Former child actress Margaret O'Brien has just about shaken off the last traces of adolescence. Recently she received her first movie kiss, which she believed put her in at least the high school class.

Next Sunday she will be guest of honor at the eighth annual meeting at a Sunset Strip night club of the Columbia University Alumni Clubs of California.

The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Foundation

What Causes Hot Feet or Legs, Or Burning Areas of Skin

Many elderly people tell me that their legs or feet burn as if they were in hot water. Some men say that they feel the heat as if it were coming out of their bones. These persons usually have had all sorts of sedative treatments and have been given many drugs that are supposed to relax blood vessels. They have had many examinations, but nothing has ever been found to explain the situation.

Walter Alvarez

A while ago a nice nurse of 50 or so came in and said, "I have an area of skin on my back and down the back of my thighs that burns as if it were in scalding hot water. It is a distress that has been there day and night, every day for eight years. I have traveled widely, seeing neurologists and dermatologists (skin specialists) but no one has helped me in the slightest. I asked, "Did it come suddenly one day?" and she said, "Yes; it came in a moment as I was walking up the steps to my house. There it was, and it has never left."

I have seen a number of physicians with this type of constant burning and they all said that the miserable distress came suddenly one day. They agree with me that the most logical explanation was that they had had what I call "a little stroke," or a plugging-up of a small artery in one of the sensory tracts that run up through the brain. The sense of burning was then referred out from the injured spot in the brain into a perfectly normal area of skin.

Everyone asks, "But did you ever find any drug that would help?" I'm sorry to have to admit that I never found anything that helped at all. Distresses that are referred out from the brain are particularly resistant to drugs and to all forms of treatment. I have read that in some cases of this type of distress chlorpromazine helped, and certainly today all of the new brain-quieting drugs should be tried, one after the other.

Dr. Alvarez hopes his readers will understand that it would be impossible for him to answer requests for information or to attempt to diagnose by mail.

Tubeless Tire Tax Tentatively Upped

Washington—(U.P.)—The House Ways and Means committee has voted tentatively to boost taxes on tubeless tires, record players, and wire and tape recorders.

The new taxes, part of a bill to overhaul the excise tax law, would produce an extra $11,850,000 a year for the Treasury.

In other actions on the proposed bill, the committee tentatively approved a repeal of excise taxes on waxers and floor polishers and called for a new tax on gas-operated incinerator-type disposal units.

Under the measure, an additional tax of one cent a pound would be levied on tubeless tires. The hike was recommended because buyers of these tires escape the nine-cent a pound tax on tubes.

The committee approved a 10 per cent tax on the manufacturers' sale price of record players and tape and wire recorders. This would put these items in the same tax bracket as phonographs and dictaphones.

SP's Salt Lake Trestle Reopened To Traffic

San Francisco—(U.P.)—Southern Pacific's Great Salt Lake trestle was reopened for traffic yesterday.

The trestle was damaged by a fire last Friday. A special crew of more than 300 men worked day and night to repair the 645 feet damaged by the blaze.

The first train to use the trestle was the westbound City of San Francisco.

Eastern Oregon Gas Rate Proposals Filed

Salem —(U.P.)— The Cascade Natural Gas company has filed proposed rates with the public utilities commission here for the company's eastern Oregon area of service.

Charles H. Heltzel, public utilities commissioner, said the rates filed by the company for its distribution in Baker and Pendleton are lower than those filed by Portland Gas and Coke Company for its customers in the Willamette valley.

A hearing on the proposed rates will be held in Baker, Heltzel said.

Residential customers under the proposed rates would pay $2.00 for the first six therms used with the price working progressively downward with increased consumption until it reached 9 cents a therm.

Lane County Grand Jury Dismissal Plea Loses

Eugene —(U.P.)— A motion brought by Lane county District Attorney Eugene Venn for dismissal of the current grand jury on grounds that it was illegally constituted has been dismissed by Circuit Judge Dal M. King of Coos county.

A grand jury investigation was initiated by Venn when he asked Gov. Elmo Smith for a state investigation into an alleged embezzlement case in Lane county.

Montevideo, Uruguay —(U.P.)— Police have confiscated a supply of drugs and equipment which they said was intended for use in "fixing" horse races. The police officials, who said the supply apparently came from Brazil, suspect two Brazilians, who reportedly organized a vast ring handling drugs for use at race tracks.
