Australians Leave After Visit Here

Mr. and Mrs. Percy Frye of Melbourne, Australia, left by plane Monday after a short stay in Medford as guests of Mr. Frye's brother and sister-in-law, Mr. and Mrs. Harold Frye, 803 West Second street. While here the two couples drove up the Rogue to Prospect, and the Medford couple report that the visitors were "amazed at the grandeur of the Oregon mountains." The visitors also enjoyed a drive around the city to view gardens, and were impressed with the friendliness of Medford residents.

Since Harold Frye is a city councilman, he explained the Medford water system to the visitors and states they could hardly believe that the municipal water supply "had not been daylight until it comes from the faucets in Medford, and had received no treatment."

Percy Frye is factory manager for A. G. Healing in Melbourne, the same firm for which his brother worked until leaving Melbourne in 1931 to return to the United States. The firm manufactures such articles as bicycles, car parts, washing machines, and is now branching into the television field. Mr. Frye will keep business appointments in Chicago, Cleveland, Evansville, Ind., and Toronto, Canada, and will then go from New York to London by plane. The couple will go by ship through the Mediterranean, Red Sea and Indian ocean, arriving back in Melbourne in September.
