JACKSONVILLE Old Clip Tells of Politics

By MRS. C. S. HOSKINS
Jacksonville — Clipping printed recently in the Peninsula Herald, in Monterey, Calif., was sent to Mrs. Albert Burch, Jacksonville, by her nephew, Col. William Chapman, who is well known in the valley.

"Goodby Seymour, Hello Grant."
"Most ancient newspaper finds to date behind Peninsula mirrors have been the Oct. 17, 1868, Jacksonville (Oregon) Sentinel, and the Oct. 21, 1868 issue of the Sacramento Daily Bee, uncovered by Mike Archer of Del Monte Park. Both papers were in an excellent state of repair despite their age. One item in the Sentinel asked 10 Civil War veterans to call for their soldier's bounties. Both issues were filled with election results throughout the states. U. S. Grant and Horatio Seymour were the contestants with Seymour losing in November. The Bee celebrated the Republican sweep with a poem, "Grant Is Our Leader," which started out "Yes, we'll rally round the polls, boys, rally once again, shouting for General Grant and freedom . . ." Whereas the Sentinel proclaimed in big print from their telegraph: "GOD AND LIBERTY!!! GRANT AND COLFAX."

VOTE FOR ANDREW "Andy" HAWVER FOR ASSESSOR
Jackson County Democratic Party
I have been employed in the County Assessor's office since 1949. In filing for this office as a candidate on the Democratic ballot, it is with the knowledge, based on actual experience, of the vital part the Assessor's office has at the local level of government. This is the most important and the most technical office in the structure of government in Jackson County. Since our greatest work load occurs at this time of year, the computing and compiling of all values for the 1956-57 assessment year, I feel that my first responsibility is to perform the duties for which the tax payer is paying for. I would like to be out in the various areas of the County, meeting people, discussing matters pertaining to this office, and furthering my campaign, but, as I have pointed out above, will be unable to do so. YOUR interests should—and WILL—come FIRST.
