

TABLE ROCK Air Force Man Visits

By R. E. NEALON
Table Rock—Jimmy Halfhill of the U.S. Air Force was home for a few days last week, coming from the training camp at Elgin, Fla. From here he went to Phoenix, Ariz., where he will spend three weeks in observing the making of a new type of airplane. He and one other boy were selected from the many in the camp for this special work.

Mrs. Clyde Halfhill and young son, accompanied by Mrs. Edna Campbell, Mrs. Halfhill's mother, moved the first of the week to Medford. They had been living in one of the houses on the Table Top ranch.

According to word from Clyde Halfhill, he will finish his schooling in the Air Force next July, and will then be assigned to permanent quarters, where he will be joined by his wife and son.

A new club formed recently in the community, a sort of a Ladies club auxiliary. It has some ten members, young misses from the first to the eighth grades, who meet the same day as the Ladies club, which is the second Wednesday of each month. The meeting place is at the home of Glennia May Brown, who is president. The dues are a penny each, to be paid every meeting day.

The present wet weather gives one some idea of how accurate are the long range weather forecasts given by farm magazines published in the east, which called for three months of dry weather, commencing in April.

Jack Cline, salesman for Crater Lake motors, was a local business visitor here Tuesday.

John Walsh, of Lake Creek district, was a business visitor here the first of the week.

The cottage on the east side of the creek, on the former Goodlin farm, is being remodeled and enlarged, and will be occupied when finished by the Bill Meeks family, now living in Medford. The family has two children, a girl, 2, and a 7-year-old boy attending school.

Mr. and Mrs. Robert Dunn and son, Jerry, left Thursday morning by car for San Francisco to visit relatives and friends there.

The last meeting of the Table Rock Ladies club held Wednesday at the home of Mrs. Orville Hamilton turned out to be a sort of a homecoming, with some 22 ladies present, some coming from quite a distance. Several of the small fry were present, and a number of babes in arms.

Paul Molloy, the pipe-smoking office-manager of the Grange Coop., asked us about news, and then proceeded to tell us more than we knew. He said he came here in 1937, after checking weather charts for all coast states and finding this locality had an ideal precipitation record. During the month of May that year, he said it rained almost continuously, which caused him

Deputy Sheriff Joseph Walsh Saturday escorted Orval J. Matthews, 36, Deming, N.M., to the state penitentiary where Matthews will begin a 10-year sentence for uttering and publishing a forged instrument.

He was found guilty of the charge by a unanimous jury verdict in circuit court on May 4. The case was heard by Judge Charles Foster, Lakeview. Carl Brophy, of McAllister, Duncan and Brophy law firm in Medford, was Matthews' attorney.

Is Your Name SMITH?

The name Smith is the most popular in the country — judging from all population statistics — and now the parents of the biggest single Smith family can cash in on the popularity.

They are the objects of a search now being conducted by another member of the Smith clan — the Permaglas Division of the A. O. Smith Corporation, Kankakee, Illinois.

Announcement of the search was made today by George Marine, owner of the Marine-Marvaire.

To be eligible for the prizes parents have only to submit to the Smith Corporation at Kankakee an affidavit of the number of their children signed by a minister or priest, a local editor or the county recorder. Deadline for mailing the proof is May 15, 1936, George Marine said.
