Ford To Shut Down Passenger Car Plant

Mahwah, N. J. — (U.P.) — Ford Motor Co. officials say passenger car operations at the firm's plant here will shut down Friday in line with an industry-wide cutback effort.

A spokesman said 2600 workers on two passenger assembly line shifts would be laid off for one day with a second shutdown tentatively scheduled for May 29. However, the second cutback probably will be limited to one shift, he said.

Truck production will not be affected by the layoffs with full production scheduled throughout the month, plant officials said. The shutdown will affect only the Mahwah plant.

CLARA SHERBURNE

Economist Slates Show Here Friday

Mollet, Pineau in Moscow for Visit

Moscow — (U.P.) — French Premier Guy Mollet and Foreign Minister Christian Pineau arrived by plane today from Paris for a state visit deeply clouded by Soviet views on disarmament.

The Soviets yanked two red carpets from under the French leaders even before they left.

Premier Nikolai Bulganin rejected a plan for parallel disarmament and German reunification, and the official Tass News agency cut loose with a bitter blast at France's alliance with NATO.

Farmers Boost Loans to New High

Farmers and ranchers in Jackson and Josephine counties served by the Southern Oregon National Farm Loan association are currently using \$957,515 of long-term land bank credit. F. E. Bowman, secretary - treasurer, announced this week.

The credit now being used in this area, coupled with the credit extended by 64 other national farm loan associations in Idaho, Montana, Oregon and Washington, has boosted the loan account of the Federal Land Bank of Spokane to its highest point in history, Bowman said. The bank's outstanding loans now exceed \$114,000,000, or approximately \$500,000 more than the previous peak recorded in 1935.

While the mortgage debt of farmers in the area has increased in recent years Bowman pointed out that it is still low relative to the value of their farms. In 1935, when the bank's previous peak was reached, the total farm mortgage debt in the four states was equal to one-fourth of the value of the farm land and buildings. Today's farm mortgage debt, while somewhat larger in dollars, is only one-tenth of today's value of farm land and buildings.

Bowman said a considerable amount of the credit currently being extended is to refinance and consolidate short-term or other indebtedness. Farmers also are using land bank loans to buy land and to finance livestock and machinery, repairs and improvements, farm operations and off-the-farm needs.

You're watching Radar prove it!

WITHOUT TCP

WITH TCP

At the San Antonio Proving Grounds, several cars were fueled with competitive premium-grade gasolines. The 200-h.p. car you see was driven about 3,000 miles, under normal driving conditions. Then the rate of acceleration was checked by radar. Performance was below par, due to deposits which caused the spark plugs to misfire.

The same car, after a few tankfuls of Shell Premium Gasoline with TCP, showed 18% faster acceleration when checked by radar. Results on the other cars, when switched to Shell Premium with TCP, varied. Most cars showed a 6 to 18% increase in pickup. In each case, TCP additive had neutralized power wasting deposits, stopped spark plug "miss."

Shell Premium with TCP outclasses competitive premium gasolines in full-throttle acceleration test!

Modern cars are beautiful performers. Yet, within less than 3500 miles of driving, even a new car can fall victim to engine deposits.

These deposits cause pre-firing of the gasoline or spark plug "miss"—denying you the power you paid for, the acceleration you occasionally need no matter how careful a driver you are.

Shell Premium Gasoline with TCP, the greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP and get back lost power as you drive.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

GIRL SCOUTS

Fly-up ceremonies were held in the Phoenix Community club for the fourth grade troop 87, of Phoenix, led by Mrs. A. W. Tomlin, on Monday, May 14. The fifth grade Troop 169 received the fly-ups into the ranks of Intermediate Girl Scouting.

A special investiture service was held for Ruth Ann Tomlin, a handicapped child.

Mothers of the girls were present. Those flying-up were Mary Tomlin, Charleen Epperson, Sue Thrapp, Lois Kay Rasmussen, Sandra Wallace, Georgia Ann Smith, Jeanette McArthur, Carolyn Juneman, Barbara Unruh, Janel Mason, Susan Wood, Connie Milton, Marilyn Bean, Barbara Watson, Shirley Loeicks and Judy Abbott.

Court of Awards

Last Wednesday many parents, leaders and friends met at Roosevelt school to witness the Brownie fly-up and Girl Scout court of awards ceremonies of that neighborhood. Mrs. LeRoy J. Smith introduced Brownie Troops 78, 138, 140 and 171, who were given pins and welcomed as intermediate scouts by Girl Scouts from Troops 163 and 165. The leaders and assistants of these groups are Mrs. Joe Hearn, Mrs. John Garner, Mrs. Waldo Tucker, Mrs. J. F. Lance, Mrs. Brandt Bartels, Mrs. David Irving, Mrs. John Graff, Mrs. Wesley Nissen, Mrs. Rolph Thompson, Mrs. Lawrence Ellis, Mrs. John Nelson and Mrs. Earl Ray.

Members of Troop 47 under the leadership of Mrs. William M. Myers portrayed the ten scout laws which include honor, loyalty, usefulness, friendship, courtesy, kindness, obedience, cheerfulness, thrift and purity. This troop and five others received second class badges followed by the singing of "Girl Scouts Together," which closed the program. Mrs. George Gannon, Mrs. A. L. King, Mrs. A. K. Morris, Mrs. Robert Brown, Mrs. Robert Duncan and Mrs. Don Whalin are also Roosevelt neighborhood leaders.

The death penalty may now be imposed by 42 of the 48 states, the District of Columbia and the Federal Government.
