Yesterday, lefty Al Guidotti limited the Huskies to two hits in checking in with a 5-0 OSC victory over Washington. The victory brought Oregon State's season record to 6-7.

Medford high, winner the last three consecutive years in Class A rivalry is favored to capture the bunting in A-1. The Black Tornado, a powerhouse all season long, qualified for 12 berths in 11 meet events and has a good chance to pick up points in all 11. Tornado thinclads have the best marks of the season in a majority of the 14 events contested in high school track.

Jerry Exley backed up Guidotti's hurling with a double and two singles. He drove in three runs. Catcher Jack Brady was the whole show for Washington, getting the only two Husky hits.

UCLA Threat To Trojans In PCC Track Encounter

Berkeley, Calif. (U.P.)—Southern California's stranglehold on the Pacific Coast conference track and field championships is being tested here today and Saturday by the upstart UCLA Bruins.

Jim Bailey 3:58.8, and UCLA's Seaman 4:01.5 will engage in a duel that could be the finest in American collegiate history.

The 100-yard dash is expected to go to Leamon King of California, who tied the world record of 9.3 at Fresno last Saturday.

There is a chance that Don Bowden, California's great young sophomore middle distance star, may return to action. If he is well enough to run, then he'll probably go in the 880, where he would be the favorite.

Meanwhile, the Bruins look healthy—and off records posted this season have a chance to win eight first places in the meet.

Another great battle shapes up in the two-mile event between Max Truex of Southern California and Bill Dellinger of Oregon. Truex has been clocked in 9:01.5 and Dellinger in 9:03.1.

These are Bobby Seaman in the mile; Russ Ellis in the 440; Rafer Johnson, the decathlon champion, in the high and low hurdles and broadjump; Don Drummond in the discus and Nick Dyer in the high jump.

The national collegiate record is 8:57.7. The mile run is set for 2:30 p.m. Saturday.

The only first that the Trojans appear to have cinched is in the pole vault, where Ronnie Morris and Walt Levack should finish 1-2.

Omaha Fox Not To Run In Preakness

Omaha Fox, the Medford-owned thoroughbred horse which was nominated for the 1955 triple crown, will miss the Preakness at Pimlico track, Baltimore, Md., this Saturday.

The three-year-old, owned by Pete Logan, Dark Hollow rd., has recovered from the illness which kept him out of the Kentucky derby. However, knobs formed on the horse's knees. It was necessary to burn the knobs off and Omaha Fox was sidelined by that operation.

Logan reportedly is now aiming to have the horse ready for the Belmont stakes in June. Omaha Fox is now at Baltimore and Mrs. Logan is there now. Pete, a nationally known rodeo announcer, is currently with a show at Las Vegas.

Prior to the derby Omaha Fox developed a high fever, presumably picking up a virus infection from another horse. He was thrown off his training schedule for a month by the sickness.

Omaha Fox is the son of Omaha, winner of the Triple Crown in 1935. Omaha was the first horse Logan ever bet on.
