MODEL 21C109

## PACER 21 TELEVISION

### G-E FAMOUS ALUMINIZED TUBE

These models have the famous aluminized picture tube which General Electric pioneered and introduced in 1947... G.E. HAS SOLD MORE SETS WITH ALUMINIZED TUBES THAN ALL OTHER MAKES COMBINED!... In this tube a special aluminum mirror coated on the inside of the glass makes the picture up to 100% brighter. Also a black dye in the tube face acts as a filter to reduce haze and give clear, sharper pictures.

### G-E BLACK-TINTED SAFETY GLASS

General Electric was the first TV manufacturer to introduce black-tinted safety glass which makes blacker blacks, deepens all the in-between picture tones and materially reduces glare.

### ONE YEAR GUARANTEE

On the entire set... every part... every tube... including the picture tube!

**G-E QUALITY AND DEPENDABILITY FOR FAR LESS THAN YOU'D EXPECT TO PAY FOR UNKNOWN BRANDS**

**NO TRADE NECESSARY BUT, IF YOU HAVE A SET YOU'D LIKE TO TRADE-IN REMEMBER... YOU GET THE BIG TRADE AT HOME APPLIANCE CO.**
