# Lions Group Elects New Officers at Meet

Gold Hill—Delos Walker was elected president of the Gold Hill Lions club at a dinner meeting May 24, at the Dardenelle. Neil Smith is the new first vice-president and Cecil Van Horn is second vice-president.

Others who were elected are J. J. Cannon, treasurer; Charles Dumbach, tail twister; Les Grafis, lion tamer, and Dr. Stanley Brown and John Jory, directors. Installations will be held June 28 when auxiliary members are invited.

Walker and Don Morrow will attend as delegates a state convention June 10 through 12 to be held in Portland.

# Quotes From the News

**By UNITED PRESS**

Hamilton, New Zealand—Sir Edmund Hillary, first to climb Mt. Everest, on being told of two successful ascents by Swiss climbers:

"By jove! That's a jolly good thing. It's about time somebody else climbed it. We can relax and forget it."

San Francisco—Secretary of Labor James P. Mitchell, on his prediction President Eisenhower will be reelected with working men's votes:

"In 1952 he—the worker—made an historic choice. President Eisenhower and the principles for which he stood were put to the test—and the test has been met successfully."

Mexico City—Mrs. Leon Trotsky, wife of the Soviet exile assassinated here 16 years ago, on why she predicts a violent revolution in Russia:

"The Russian people are disillusioned and confused."

Washington—Oregon Republican Leader Philip S. Hitchcock, defeated for the senatorial nomination, on his political future:

"I am a Presbyterian—we believe in predestination and take things as they come."

San Francisco—Gen. Alfred M. Gruenther, retiring North Atlantic Treaty Organization commander, on what the announced Soviet arms cuts mean:

"A demobilization . . . not a disarmament."

Miami—Mrs. Regina McLinden, on why she's organizing a war on "rock and roll" music and dancing:

"This worm wiggle . . . is dangerous for children. They get on the floor, give out with a contortion, get up and wiggle. These vile gyrations are a definite trend toward something worse."

Washington—President Eisenhower, on why he signed the compromise farm bill despite its "shortcomings":

"I am gratified with the constructive features it contains."

# Balmy Weather Seen For Memorial Day

Portland—(U.P.)—The weather bureau today promised sunny skies and balmy temperatures for the state as thousands of Oregon residents tomorrow receive their first holiday since the New Year.

Local services commemorating the men who gave their lives in time of war have been planned for most communities. Major statewide services include the 11th annual Fleet of Flowers at Depoe Bay and the appearance of the national commander-in-chief of the United Spanish War Veterans, Col. James H. Johnston, in Portland.

For most except government employees and opening day baseball enthusiasts it will be the first official holiday of the spring and be the true herald of summertime and vacation periods.

# Trillion Dollar Economy Predicted for 1996

New York — (U.P.) — In 1996 more than 300 million Americans will be enjoying the fruits of a trillion dollar economy, the National Industrial Conference Board said today.

America's standard of living 40 years from now will be 70 per cent greater than it is today, even though the population will be almost double what it is now, the board said.

Motto of Rhode Island, smallest state, is "Hope."

# McKay, Morse Agree On Choice of Seaton

**By UNITED PRESS**

Douglas McKay and Sen. Wayne Morse agreed on something today—that Fred Seaton was a good appointment to head the Interior Department. Another critic of McKay's, Sen. Richard L. Neuberger, also praised the former Nebraska senator who was named by President Eisenhower yesterday to succeed McKay.

Morse, who will be McKay's opponent in the November election for senator from Oregon, said the selection was a "very good one." He said it was "an excellent appointment and one which has my enthusiastic endorsement." He added, though, that he and Seaton did not always agree on natural resource policies.

McKay said, "Fred Seaton has earned the full confidence of the President as a valued member of the White House staff. He is already intimately familiar with

the objectives and policies of the administration and can continue these policies in the Department of the Interior without interruption."

Neuberger said he was "far more disposed to vote for confirmation of Seaton than for any previous associate of ex-Secretary McKay." He added that "had the president approved of McKay policies he would have selected Acting Secretary Davis to continue them."

# Detroit To Get Defense Contracts

Detroit—(U.P.)—Two top government officials assured Detroit Monday that millions of dollars in defense contracts would be channeled here soon to ease the city's unemployment problem.

Wilber M. Brucker, secretary of the Army, predicted the Army would spend at least \$18,000,000 in this labor surplus area within 90 days.

He said the money would be used for new work and additions to Army manufacturing in progress and predicted the Navy and the Air Force also would channel contracts to the area.

Rocco Siciliano, an assistant secretary in the labor department, told Mayor Albert E. Cobo of Detroit he understood the Defense Department would spend \$40,000,000 here very soon.

He told Cobo that Detroit's designation as a labor surplus area by the government has led defense officials to favor local bids although they may run higher than other bids.

# Portland Youth Saves Child From Drowning

Portland — (U.P.) — Jack Peterson, 16-year-old high school student, was credited today with saving the life of a two-year-old boy who fell into a neighbor's fishpond. Peterson applied artificial respiration for about an hour to little Victor Vinciguerra. He was walking nearby after the child's mother had pulled the youngster from the pond.

Woodpeckers are found around the world, except Australia and Madagascar. About 300 species are known.

**SAM WAS ALL BROKEN UP**—Test pilots Bill Bridgeman (left), and George Smit view the battered "body" of Hurricane Sam after the dummy's parachute failed in a survival test at SMART rocket sled test site at Hurricane, Utah. Smith, only man to survive a supersonic bailout, said, "There, but for the grace of God, is me."

# Governor Opposed To Racial Discrimination

Portland — (U.P.)—Gov. Elmo Smith said last night that it was time politicians stopped exploiting minority groups.

All Americans were created equal and should be treated as equals, he said. "I am opposed to having any group singled out. That automatically makes it a minority group. All our citizens should be treated fairly, regardless of race, creed or color," he said.

The governor spoke at a dinner meeting here at the residence of Mr. and Mrs. Vernon Gaskins, at which he and Mrs. Smith were guests of honor. The dinner was attended by Virgil C. Heathcock of Washington, D.C., field representative for the minorities division of the Republican national committee.

# Eugene Man Dies From Auto Crash Injuries

Susanville, Calif. — (U.P.)—John Graybeal, 50, of Eugene, died in a local hospital yesterday from injuries suffered Sunday in an automobile crash about seven miles southeast of here.

Police said the victim's wife, Pauline, 41, was also in serious condition in a local hospital.

# Five Adventurous Men Set Sail in 'Wooden Shoe' To Get First-Hand World View

**By BARBARA BUNDSCHU**  
United Press Correspondent  
New York — (U.P.)—An American, an Irishman, an Englishman and two Canadians "sailed off in a wooden shoe" to see the world.

The wooden shoe is a one-masted, 44-foot, 50-year-old Dutch fishing vessel with a flat bottom. Its skipper is a 26-year-old Canadian commercial artist who thinks he missed something by being too young for World War II and spouts a philosophy considerably older than his ship.

"The rolling stones acquire no moss; they gain a highly burnished gloss. On rocks imbedded in the ground."

**Expresses Feelings**

That, said Mel Smith, of Hamilton, Ont., expresses his feelings perfectly. He doesn't know its source, but a bit of research indicates it may have been written by one Thomas Tusser sometime before 1600.

For fellow rollers, and the wooden shoe with only a lee-board instead of a keel is bound to roll quite a lot, Smith has picked a crew of equally adventurous bachelors:

Richard Scott, 28, of Hamilton, an electrical technician descended from seafaring men,

**Chief of Police Named at Roseburg**

Roseburg — (U.P.) — Carl Rumpf was named chief of police here yesterday to succeed Stan Olson, who is resigning June 1 to go into private business in Roseburg.

Rumpf is now chief of police at Mountain Home, Ida., where he has been since retiring about a year ago from the Spokane police department. He was a detective sergeant at Spokane for 20 years.

## How To Choose Hearing Glasses

Stop, look and listen carefully before you buy any eye glass hearing aid. Consider these important questions:

**Are Bows Slender and Normal Looking?**

New Maico Hearing Glasses are slender and attractive. They look like normal glasses. They don't press against head or push out your ears.

**Can You Interchange to Either Ear?**

With Maico Hearing Glasses you can change to the other ear when you want to. No need to buy two aids.

**Can You Get Choice of Colors, Frames?**

Select from slender brown, grey or black bows; choose from newest, most modern frames or use your own.

**Can They Be Fitted To Your Comfort?**

Maico bows are slender and flexible, easily shaped to fit you comfortably. . . . Not like other eye glass aids with heavy, bulky stiff bows.

**Are They Powerful Enough For You?**

Maico's Hearing Glasses are twice as powerful as most others; four transistors (not two or three) . . . yet they're lighter, more comfortable.

# RADAR PROVES

**WITHOUT TCP**

At the San Antonio Proving Grounds, several cars were fueled with competitive premium-grade gasolines. The 200-plus H.P. car you see was driven about 3,000 miles, under normal driving conditions. Then the rate of acceleration was checked by radar. Performance was below par, due to deposits which caused the spark plugs to misfire.

**WITH TCP**

The same car, after a few tankfuls of Shell Premium Gasoline with TCP\*, showed 10% faster acceleration when checked by radar. Results on the other cars, when switched to Shell Premium with TCP, varied. Most cars showed a 6 to 18% increase in pickup. In each case, TCP additive had neutralized power wasting deposits, stopped spark plug "miss."

## Shell Premium with TCP leaves Competitive Gasolines behind in identical acceleration tests!

Modern cars are beautiful performers. Yet, within less than 3500 miles of driving, even a new car can fall victim to engine deposits.

These deposits cause pre-firing of the gasoline or spark plug "miss"—denying you the power you paid for, the acceleration you occasionally need no matter how careful a driver you are.

Shell Premium Gasoline with TCP, the

greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP and get back lost power as you drive.

See your neighborhood Shell Dealer.
