

Estimated \$100,000 In Brink's Robbery Loot Seized by FBI

Boston — (U.P.) — The fabulous \$1,219,000 Brink's robbery took a sensational new turn today following discovery of some of the hottest cash in the world in a green metal beer cooler.

Police and FBI agents seized an estimated \$100,000 Monday in a raid on a South End office. The money — in mouldy, rotten bills — was taken from the cooler after authorities broke down a fake wall panel in the basement office of a building.

Two men were arrested near the office and held for arraignment today on charges of accessory after the fact of robbery and receiving stolen goods.

'Definitely' Brink's Loot

The bills were identified as "definitely" part of the loot taken in the Jan. 12, 1950, holdup at the Brink's counting house garage in Boston's North End. Ten of the alleged Halloween-masked bandits are now under arrest in Massachusetts awaiting trial.

The raid was staged on information gained in the arrest Sunday night of roly-poly ex-convict Jordan Perry, 31, of Boston in Baltimore. Perry, a partner in the contracting firm which leased the raided office, was seized after trying to pass a limp-looking \$10 bill at a Baltimore shooting gallery.

The FBI in Baltimore said on Monday night that the Justice department, Washington would decide later when Perry will be returned to Boston.

FBI Counts Money

Sixteen packets of aging bills ranging in denomination from \$1 to \$1,000 were counted Monday night by seven FBI accountants.

Though a few bills have turned up from time to time and have been identified as part of the Brink's haul, Monday's raid was the first time any substantial amount has been located.

In an earlier development Monday, Superior Judge Felix Forte set Aug. 6 as the date for the start of the Brink's trial.

The 10 men awaiting trial are scattered throughout the state in county jails for security reasons. An 11th man accused of taking part in the holdup is dead.

President Authorizes Wapinitia Project

Washington — (U.P.) — A bill signed by President Eisenhower yesterday authorized construction of the Juniper division of the Wapinitia reclamation project in Wasco county.

The measure would authorize construction of the Wasco dam on Clear creek, 35 miles west of Maupin, creating an artificial lake of nearly 600 acres where a recreation area will be planned.

The project would provide supplemental water to 2108 acres of land in Wasco county.

Albany Area Schools Vote on Consolidation

Albany, Ore. — (U.P.) — Residents of Brownsville, Sheed and Halsey school district voted today on a proposed consolidation of the three union high school districts.

If voters approve the proposed merger, a new high school building will be constructed at a central location for the three districts. Grade school districts in the three towns would take over the current high school buildings.

Japan Cultural Mission Will Visit in Moscow

Tokyo — (U.P.) — An 11-man Japanese cultural mission will leave Tokyo Saturday for a month's visit to Moscow, it was reported today.

Sponsored by the Japan-Soviet Amity Society, the mission will be the forerunner of an exchange of Japanese-Russian cultural groups.

ACTOR HAS DOUBLE ROLE

Hollywood — (U.P.) — War hero Audie Murphy found he was not only the star of a film being shot in Arizona but also an instructor in military science for 42 actresses. Murphy taught his charges proper gun handling techniques for scenes in which they help fight off an Indian attack. His only bad moments came when the girls accidentally pointed their guns at him while practicing handling the weapons.

The program has one more year under its present contract with the air corps.

Fast Action Seen on Seaton Appointment

Washington — (U.P.) — The Senate today appeared to be prepared to catapult Fred A. Seaton into the secretary of interior's chair.

The Senate Interior Committee summoned Seaton for a hearing on his nomination. And the committee scheduled a closed-door meeting after the public hearing—an indication of possible fast action.

President Eisenhower only last week named Seaton, a White House deputy assistant, to succeed former Secretary of Interior Douglas McKay.

Congressmen generally approved. Some Democrats served notice they have some sharp questions to ask Seaton. But confirmation of his appointment was expected—and very soon.

Tito Opens Formal Talks With Soviets

Moscow — (U.P.) — Marshal Tito of Yugoslavia opened formal talks with leaders of the Soviet Union today.

After two days of preliminary festivities, the Soviet and Yugoslav delegations started discussions in the great Kremlin palace.

The Soviet delegation was headed by Soviet Premier Nikolai Bulganin and Communist Party chief Nikita S. Khrushchev. Khrushchev sat directly across the conference table from Tito.

Tito paid courtesy calls on Bulganin and Khrushchev Monday before visiting the tomb of V. I. Lenin and Josef Stalin in Red Square. The Yugoslav president paid his respects to Lenin but pointedly ignored the embalmed body of the late dictator whose rule he rejected.

Brazilian Students Strike Against Fares

Rio de Janeiro, Brazil — (U.P.) — Leaders of a nationwide strike by high school and university students claimed 90 per cent support today in protest against alleged police brutality during the student anti-fare hike riots.

Rio De Janeiro students walked out on indefinite strike last week to back up demands that the doubling of street car fares, from one to two cruzeiros, be revoked. The increase had touched off riotous student demonstrations Thursday in which at least 35 persons were injured and some 200 arrested.

BOOST POSTAL DEPOSITS

Washington — (U.P.) — The Senate Monday voted to boost the minimum postal savings deposit from \$1 to \$5. The measure now goes to the House.

Grange Convention Has Large Attendance

Pendleton — (U.P.) — The 83rd annual convention of the Oregon State Grange opened here yesterday with officials reporting the largest attendance in the past several years.

Committee work started yesterday on the some 70 resolutions submitted to the state meeting for action. One of the most controversial items expected to come before the delegates will be three resolutions favoring adoption of a state sales tax for the support of education.

The Grange has long been a staunch opponent to any sales tax.

The some 700 members in attendance were scheduled to start work on the host of resolutions today. The meeting will continue through Friday.
