W. H. Pringle, national president of the Izak Walton League of America, is scheduled to arrive in Medford by plane from San Francisco the morning of Wednesday, June 13. Pringle will be shown about the valley by Waltonians during the day. In the evening he will attend a joint meeting of the Rogue River (Grants Pass), Jackson county and Ashland chapters at Grants Pass. A picnic dinner has been scheduled for 6:45 p.m. The national president is now on a tour of chapters throughout the country.

## Studs Open Season Here This Evening

If last night's workout was any indication, the Medford Cheney Studs should show lots of pep and hustle this evening when they open their semi-pro baseball season. The Studs oppose Yreka, Calif., at 8 p.m. at the fair-

grounds ball park here. Practice last night was hard and long but marked by enthusiasm as some 30 Cheney aspirants drilled. The workout was an indication that competition is keen and that players will have to battle hard for starting berths on the Southern Oregon League club during the season. The Medford crew is expected to have a stiff test in its first time out. Yreka already has seven games behind it. The Californians are fourth in a currently tight race in the Northern California League. They stand 3-2 in the loop and four other crews have 4-1 marks.

**Peterson Signed**  
Jerry Droscher, from Roseburg high, is the possible starting twirler for the Studs. Rocky Biscotti likely will get the call for Yreka.

Manager Jack Cooney of the Medford semi-pros has announced the signing of Twink Peterson, Oregon State college shortstop. He hails from Salem and played for Bend in the SOL last season. Peterson is expected to perform at either shortstop or second base for the Studs. The Oregon Stater is to be here for the Bend-Medford series Saturday and Sunday. Also joining the club at that time will be Terry Maddox, pitcher and all-Northern Division outfielder at University of Oregon. He is an ex-Medford high star and a Studs' veteran.

**Selsor Arrives**  
Bob Selsor, University of California at Los Angeles pitcher who was a Stud infielder last season, has rejoined the team. He'll pitch mostly for the Studs this year and was known in California collegiate circles this spring as a fast thrower. He won the UCLA most valuable pitcher

### Approval Given for Water Mains; Other Improvement Plans

An ordinance was adopted last night by the city council following a public hearing for construction of a water main on Boardman st. from McAndrews rd. to Ohio st., and assessing property owners within the area. Several residents who will be assessed for the watermain on Boardman st. objected on the basis they would be assessed for a water main which would not benefit them. Property owners said some residents of Boardman st. were getting water from McAndrews rd. or Riverside ave. water mains and would not be benefiting from the new main. Councilmen pointed out the residents were now using water from mains for which others had been assessed.

Another ordinance following the hearing was passed by the council calling for the paving of Boardman st. from Ohio st. to McAndrews rd. The council passed an ordinance following a hearing for vacating parts of Marshall ave. The planning commission April 23 recommended that Marshall ave. through the Garfield subdivision be vacated. The council also passed ordinances following hearings for paving Kenwood ave. from Humphrey st. to West Second st. and Broad st. from Clark st. to Jackson st.
