Multnomah Jury To Hear Conversations

Portland — (U.P.)—Multnomah county's vice-probing grand jury settled down today to start hearing quantities of wire recorded conversations, an estimated 70 hours worth.

Attorney General Robert Y. Thornton, who is directing the probe, yesterday took steps to insure secrecy of deliberations. Newspaper and television representatives were asked to vacate an across-the-hall room they had been using.

State police also went carefully over the room in the state office building, apparently looking for any possible hidden microphones.

Thornton also brought in Fred A. Miller, an assistant from his office, to help in doing legal research and assemble evidence for presentation.

Witnesses also were expected to be called today.

Hollywood Pair Arrive To Secret Marriage

Hollywood—(U.P.)—Actor Robert Dix, son of the late western film star Richard Dix, and actress Janet Lake today admitted they were married secretly in Las Vegas, Nev., last Thursday.

The MGM starlet previously had announced she would marry Dix June 28 in religious rites of the Baha'i faith, a Persian cult to which both belong.

"We didn't want to say anything about the Las Vegas ceremony," Dix said, "because we wanted to break the news to Janet's parents when they come here."

On The Side

The Scots consider it clever to conserve their currency. However, when it comes to thinking it is smart to be thrifty, they are not in it with the French. For example, there are three classes on French railways. First class ticket is equivalent of four cents a mile, second class, three cents a mile, and third class, two cents a mile. Ninety per cent of the French people travel third class!

Asking
Queries from clients. Q. Who introduced the song "Why do I Love You?" in the original stage production of "Show Boat"? A. Norma Terris... Q. Are you familiar with the wording of a prayer beginning, "God Grant Me the Serenity"? A. Prayer you have in mind is by Dr. Reinhold Niebuhr and is as follows: God grant me the serenity To accept the things I cannot change, The courage to change the things I can, And the wisdom to know the difference

Authority
The Duke of Edinburgh always walks on the left of his wife, her majesty the queen. The position on the right indicates authority. Still, when the Duke and Elizabeth were married, she agreed to "love, cherish and obey" him. But she was only a princess then. I suppose when she became queen the "obey" was automatically cancelled.

Among the Married
Are you by any chance an expectant papa? What are you hoping for, a boy or a girl? Dr. David Serr, distinguished young British scientist, seems to have discovered how to predict the sex of an expected infant four months in advance. In any event, using his recently originated method, he has been correct every time so far.

Blondes
Many of the blondes gentlemen indicate a preference for were born brunettes. That is, they are synthetic blondes. As for example, Martine Carol, the actress who is called "France's Favorite Blonde," is brunette. It has been claimed that the appearance value of blonde hair plus the intelligence of a brunette is an irresistible combination.

Sidelights
Nowadays a well informed baseball fan is a rarity. Some who claim a knowledge of the national game can't even say to what the rules limit the length of a bat... What is the widest choice of varieties of dishes you have ever seen offered on a restaurant menu for a morning meal? The transatlantic liner Ile de France offers 92 different items on its breakfast menu.

So They Say
Leo (July 24-Aug. 23) men favor girls who are hard to get. They want to marry a girl whom about seven other fellows would like to have for a wife. To make a Leo propose a young woman should inspire him to believe she is trying to choose between him and seven other ardent suitors. Scorpio (Oct. 24-Nov. 22) men like to marry money but they can be trapped by a young woman with plenty of sex appeal. Scorpio men usually propose marriage between heated kisses. Or, so say the stargazers.

Get It Right
Note it said the National Baseball league was organized in Louisville, Ky. That's wrong. It was organized in 1876 in the Broadway Central hotel in New York City. That is the same hotel in which a few years previous Edward S. Stokes had shot and killed James Fisk, president of the Erie railroad, in a quarrel over Josie Mansfield, the actress. Incidentally, the Broadway Central hotel is still in business.
