

Laughs of the Day . . .

Jerseyville, Ill. — (U.P.)—The Robert Crotchets of near here have a pet groundhog that doubles as an alarm clock.

Every morning at 5 a.m. the woodchuck jumps into bed and awakens them. However, the Crotchets soon will have to go back to a more conventional time piece since the animal has taken to sharpening its teeth on the furniture.

Los Angeles — (U.P.)—The battle between the city and John Shinnors over his pet lion has ended. Shinnors and the lion cub were escorted out of town with orders to never come back after Shinnors was found intoxicated and his pet sitting in a car "licking his chops."

Davenport, Iowa — (U.P.)—Anthony Ortiz, arrested when police spotted him in a park carrying an expensive pair of men's sandals, explained he happened to fall through a department store window and the sandals somehow became attached to him.

Washington — (U.P.)—On Defense Secretary Charles E. Wilson's desk is a card bearing this admonition: "Do it tomorrow—you've made enough mistakes today."

Miami Beach — (U.P.)—Edward J. O'Brien, a visitor from Kensington, Conn., was arrested for taking a bath. O'Brien took his bath in the middle of a street intersection, early in the morning. The nude bather used a wash-rag and a pail of water.

Neuberger Views Ike's Failure To Endorse Sen. Wiley

Washington — (U.P.)—Sen. Richard L. Neuberger (D-Ore.) said yesterday President Eisenhower has demonstrated "he is more likely to intervene in a Republican primary contest to promote anti-conservation policies than to advance his own foreign policy."

Neuberger noted in a statement that the president at his news conference Wednesday "declined to intervene in Wisconsin, where Sen. Alexander Wiley is under attack for defending the administration's foreign policy."

But said Neuberger "the president upheld his intervention in support of Douglas McKay in Oregon 'on the understanding that there would be no other candidates in the Republican primary.'"

"This is an amazing statement to come from the highest official in the land," Neuberger said. "When Mr. McKay filed for the nomination, after Mr. McKay's entrance, with White House endorsement, one of these candidates withdrew. The other three stayed in the race."

"The undeniable fact remains that the president intervened in Oregon in behalf of the man who has done more to retard conservation than any other official in modern times," Neuberger said.

"The fact remains that the president has refused to intervene in Wisconsin in behalf of the senator who has fought for the supposed foreign policy of the administration."

Chotiner Ordered To Bring Records

Los Angeles — (U.P.)—Murray M. Chotiner, the 1952 campaign manager of Vice President Richard M. Nixon, today was under subpoena to bring his records and files to Washington "forthwith."

Chotiner, an attorney, was subpoenaed Thursday in connection with an investigation by a subcommittee of the Senate inquiry into alleged use of administration "influence" in behalf of legal clients.

Subcommittee counsel Robert Kennedy and investigator Carmine Belino served the subpoena on Chotiner. Chotiner said the subpoena ordered him to appear in Washington with "records and files in connection with certain television companies, airline companies, a construction company and a manufacturing concern."

The attorney only recently accused the committee of engaging in a "political fishing expedition" and challenged them to investigate all prominent lawyers in politics.

Ludington, Mich. — (U.P.)—Scoring a hole-in-one on the golf course near here is easy as pie, but local golfers don't brag about it. Gophers invaded the course by the hundreds recently, making it almost impossible not to make a "hole-in-one." Hundreds of golf balls have been lost.

Talent Seed To Be Shipped To Greece

Talent alfalfa seed for Greece is one bright spot on the agricultural horizon for Jackson county, according to Walter Rice, manager of Josephine Growers Cooperative association.

Rice has reported receipt from Greece of a contract for 50 tons of seed at 40 cents a pound. The 50 tons is more Talent seed than is normally produced in this area so a surplus supply of this farm commodity appears unlikely, he explained.

Growers who wish to harvest seed of Talent, or any other certified seed crop, must apply for field inspection before June 15. The regulations of the Oregon Certification board require that every field harvested for certified seed, whether it is alfalfa, grass, grain or any other crop, be field inspected each year that seed is harvested. Rice explained.

Applications for field inspection can be made at the Jackson county extension office in the courthouse.

Pathfinder Club To Hold Swimming Class

A beginners' swimming class has been organized by Medford and Valley View Pathfinders club, youth group of the Seventh-Day Adventist church.

The club was organized five years ago as an effort to keep youth entertained in active participation of useful activities. The group is similar to Scouting organizations, according to the club director, Axel Tucker. Young people between the ages of 10 and 15 are invited to participate in the organization's physical, mental, social and spiritual work.

The swimming class will be instructed by Jack Hayden, a senior physical education major from Walla Walla college and will be held every Sunday morning. Hayden will be assisted by Miss June Hoeft, Miss Jewelle Thompson and Dale Thompson. Deputy directors who will assist are Forrest Bigger, Joe Hoyt, Dr. Howard Breeze, Mrs. Tucker, Mrs. Robert Gregg and Mrs. Bernard Thompson.

Second Cover Spray Advised for Pears

The second spray cover on pears for control of codling moth, spider mite and psylla, should be completed on June 18, according to C. B. Cordy, county extension agent for horticulture.

Cordy recommended seven pounds of 50 per cent DDT, eight pounds of aramite and six pounds of parathion; or three pounds of parathion; or three pounds of EPN per acre. In hose rigs, he advised use of 1½ pounds DDT, 1½ pounds aramite and one pound of malathion per 100 gallons.

For chlorotic trees, the agent recommended adding three pounds of iron chelate per acre. Spraying on apple trees should be complete on June 12, he said. Ten pounds of DDT per acre are advised. For leaf miner, six pounds of parathion per acre should be added.

19-Year-Old Blonde Victim of Knifing

Pasadena — (U.P.)—A 19-year-old girl was discovered slain today at her home.

Police said the girl, Marilyn Marie Fink, apparently was raped and knifed to death.

A neighbor, Mrs. Charles Fenoglio, said the pretty blonde lived with her grandparents, Mr. and Mrs. Fred C. Mark. She said she had heard nothing unusual during the night.

Mrs. Fenoglio told reporters Miss Fink's boy friend picked her up every morning and brought her home in the evening but she did not know if the girl worked or went to school.

Investigators sought to determine if the slaying was linked with the murder of blonde Barbara Jean Jepson, 18, in nearby Van Nuys early this year.

Help Asked in Search For Missing Fishermen

American Falls, Ida. — (U.P.)—Sheriff Rulon Neal today called for more volunteers and boats to search the Snake river below American Falls dam for the bodies of five fishermen who were dumped from their boat yesterday.

Sheriff's officers and volunteers searched the swollen and treacherous river and its banks until after 10 p.m. yesterday, but no sign of the five men who were swept away from their capsized boat was found.

The missing fishermen were identified as August Hondo, Heyburn, Ida.; Joe E. Miya, Bingham Canyon, Utah; Edward Fujimoto, Salt Lake City, and Roy Yamani and Satoru Harada, both of Oakland, Calif.

Authorities doubted that any of the five could have escaped drowning in the swift river.

Prices of Oregon Plywood Strengthened—Portland — (U.P.)—Plywood prices reported here today by several Oregon mills will return to \$80 per thousand after dropping to a two-year low of \$76 two weeks ago.

Mills said the new price would be effective for quarter-inch AD index grade ply to be delivered the first week in July. By that time most of the \$76 shipments will have been cleared.

Wall Street

New York — (U.P.)—Stocks today suffered one of their widest declines since President Eisenhower's heart attack last September.

And this one also was caused by an Eisenhower illness. Prices at their worst were down \$2 to more than \$6 a share. Some \$4,000,000,000 was hacked from value of listed issues.

Coppers, oils, steels, Chemicals, and rails were hardest hit in the selling which involved all groups.

Man, 91, Starts Third Life Career

East St. Louis, Ill. — (U.P.)—At the age of 91, John E. Miller has started the third full career of his life.

Miller resigned his post as bailiff of the federal court in East St. Louis in March after 12 years of service.

Before that, Miller served for 55 years as an educator, starting as teacher in a one-room school and finishing as superintendent of St. Clair County, Ill., public schools.

Miller said he has started his third career, that of a writer, in his favorite field—history. He has begun a history of the Mississippi Valley.

Judge Takes Look From Other Side

St. Louis — (U.P.)—Police Judge Allen R. Evans knows how his court looks through the eyes of a defendant.

Evans, hearing a series of traffic cases, stepped down from the bench long enough to plead guilty to a speeding charge.

Mayor Sterling P. Davidson Jr., acted as judge for Evans' case and said: "In any business it pays to stand off and look objectively through the eyes of a customer. Now you know how one feels standing before the bench."

Evans paid his \$13 fine and went back on the bench.

E. Oregon Telephone Sale Authorized

Salem — (U.P.)—The Independent Telephone Company of Pilot Rock and Boardman Telephone Company of Boardman were authorized by the Public Utilities Commission today to sell their properties to Eastern Oregon Telephone company.

The eastern Oregon firm was formed for the purpose of consolidating the two telephone properties.

At the same time, the PUC authorized Eastern Oregon to borrow \$539,000 from the REA. Proceeds from the loan will be used to complete the purchase of the phone companies and rehabilitate the systems.
