Steelworkers Aim At Small Companies

Effort To Break Management Front Seen in Maneuver

Attempt Will Fail, Observers Declare

New York—(U.P.)—The United Steelworkers union, armed with a strike authorization, aimed its big guns against some of the steel industry's smaller companies in an effort to break a solid management front.

OBSERVER HONORED—Mrs. Lyle McCallister (left) presents a gift of appreciation on behalf of the Medford Ground Observer Corps to Mrs. Lucille Brock, chief observer for the local post for more than two years. Mrs. Brock, who is retiring from the position for health reasons, will be replaced by Mrs. John Dickson. A letter of appreciation for Mrs. Brock's work from the detachment commander at the Sacramento, Calif., filter center was also read at last night's GOC meeting.

Members of GOC Here Honor Chief Observer For 2 Years Service

Mrs. Lucille Brock, chief observer for the Medford Ground Observer Corps for more than two years, was honored last night by members of the GOC at a meeting in the courthouse auditorium.

Mrs. Brock, who is retiring as chief observer, was presented a navy blue handbag and matching gloves by members of the post. Mrs. Lyle McCallister made the presentation.

M/Sgt. Clifford C. Poulson, local Air Force representative for the GOC, read a letter of appreciation for Mrs. Brock's work from Capt. Virgil D. Esworthy, detachment commander at the Sacramento, Calif., filter center.

Mrs. Brock will be replaced as chief observer by Mrs. John Dickson.

Special awards were presented to 38 other observers during the meeting.

Jackson Predicts Good Chance for Senate Passage

House Committee Fails To Take Vote

Washington—(U.P.)—The Senate Interior Committee approved a bill today to authorize construction of a controversial federal dam in Hells Canyon.

The action was disclosed by Sen. Henry M. Jackson (D-Wash.) who left a closed committee meeting before it was adjourned.

Jackson said the approval, opposed by the administration which favors private development of the site, came on a voice vote. However, he said he and several other members had themselves recorded formally as favoring the bill.

Good Chance Seen
He told reporters he believes the bill "stands a good chance" of being passed by the Senate. He said he has no idea of when it will be brought up on the Senate floor, but said he assumed it will be after other major legislation is passed.

Earlier, the House Interior Committee failed to take a scheduled vote on a similar Hells Canyon bill when a committee quorum did not appear.

Democratic members charged that Republicans deliberately boycotted the meeting to avoid action on the bill. One threatened retaliation against bills sponsored by Republicans.

Majority Needed
The bill, to authorize a \$350,000,000 dam on Snake river, had been scheduled a week ago as the first order of business for today's meeting. But only 14 members, one short of a quorum, were in the committee room when Chairman Clair Engle (D-Calif.) called the meeting to order. Under House rules, a committee may vote on bills only when a majority of its members, constituting a quorum, are present.

Among those present were two Republicans, Reps. Hamer Budge of Idaho, an opponent of the bill, and J. Edgar Chenoweth of Colorado, who has announced he will cooperate to get it out of the committee.

Budge raised a point of "no quorum," and Engle announced the bill would be scheduled for action again for next Tuesday.

Mrs. Bash Elected GOP Chairman Here
Mrs. Frank C. Bash was re-elected chairman of the Jackson County Republican Central committee at a reorganization meeting Monday night. Mrs. Stephen G. Nye was named alternate chairman.

Ben Lombard was elected vice chairman, and Otto A. Ewaldsen, alternate vice chairman.

Mrs. Kenneth Denman was re-elected secretary, and A. E. (Gene) Piazza was elected treasurer. Mrs. E. F. Bolt was named congressional committeewoman and Harold Barber, congressional committeeman.

Wendell Wyatt, state Republican Central committee chairman, discussed precinct organization and leadership and commended Jackson county Republicans for the voter turnout in the May 18 primary election.

Wyatt noted that 70.2 per cent of the registered Republicans in the county voted, compared to 65.5 per cent throughout the state.

Humphrey More Demo Step To Cut Foreign Aid

Military Spending Seen as Target

Washington—(U.P.)—Sen. Hubert Humphrey predicted today that some Democrats will propose further cuts in military aid when the \$4,500,000,000 foreign aid bill comes up for Senate debate.

However, the Minnesota Democrat told reporters, he does not think there will be heavy support in his party for cuts that are "too drastic," such as the \$1,000,000,000 military aid slash voted by the House.

Approved by 13-2 Vote
The \$4,500,000,000 foreign aid bill was approved late Monday by the Senate Foreign Relations Committee. The vote was 13-2 with Sens. William Langer (R-N.D.) and Russell B. Long (D-La.) casting the only two opposing votes.

The rounded total figure of \$4,500,000,000 compares with \$3,800,000,000 voted by the House and \$4,900,000,000 asked by President Eisenhower.

The administration today opened its latest drive for the full amount sought by the President when Secretary of State John Foster Dulles and Director John B. Hollister of the International Cooperation Administration appeared at a closed-door hearing before the Senate Appropriations Committee.

The bill approved by the Foreign Relations Committee merely authorizes the foreign aid program. The appropriations committee was considering legislation which would actually put up the money to finance the program.

Committee Money Restored
The Foreign Relations voted 9-5 last week to restore \$600,000,000 of the \$1,000,000 House cut in military aid. But before its final vote Monday, the committee rejected two Democratic moves to trim the restoration to \$400,000,000.

The Senate bill authorizes roughly \$2,700,000,000 in military aid and \$1,800,000,000 in various economic aid programs. Besides restoring \$600,000,000 in military aid money, the Senate committee restored a \$100,000,000 re-authorization for the President's special emergency aid fund for Asia, which the House cut out.

Public Hearings on Agenda for Council
Six public hearings are on the agenda for the Medford city council at its 7:30 p.m. meeting today.

Hearings will be held on a proposed sanitary sewer in the Verde Hills area and on Valley View dr. from Capital ave. to the north city limits; on paving Fairmount st. and Modoc ave. for a water main on South Fir st.; and on vacation of an alley in the Edwards place addition.

The council also will consider calling bids on 10 projects, seven of them for paving city streets. Bids are expected to be called on sanitary sewers on Valley View dr. and Verde Hills area, for a water main on South Fir st., and for paving Boardman st., Broad st., East Second st., Kenwood ave., North Keene Way, Modoc ave., and Fairmount st.

A recommendation from the Medford Planning commission that a 20-acre tract of city owned property south of the IOOF cemetery between Bear creek and Highland dr. be dedicated for park purposes may be considered by the council.

Roseburg Voters OK Elementary School
Roseburg—(U.P.)—Funds for a new elementary school in Roseburg, plus an addition of six classrooms to an existing elementary school were approved by voters here yesterday.

At the same election, a proposed bond measure to acquire a site for still another elementary school was defeated. The construction bond measure was for \$265,000 and the site acquisition issue, defeated was for \$27,000.

At Dillard, south of Roseburg, voters approved a budget \$317,000 outside the six per cent limitation.

HE ABLE TO RUN AGAIN

Washington—(U.P.)—President Eisenhower's doctors today reaffirmed their verdict that he is physically able to run for reelection despite his recent operation.

They bluntly rejected suggestions of some medical authorities that Mr. Eisenhower stands a good chance of getting another attack of the intestinal inflammation or ileitis which sent him to Walter Reed hospital for emergency surgery.

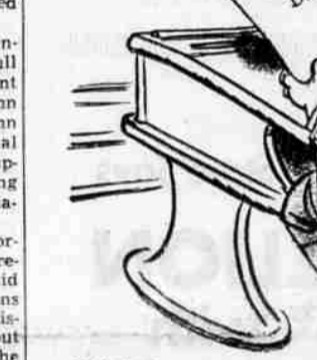

Dr. Isidor Ravdin, famed Philadelphia physician who helped perform the June 9 operation on the President, told newsmen that he had "never seen" a recurrence of ileitis, after a successful surgery, in a man of Mr. Eisenhower's age. The President is 65.

Japanese Ship Tells Apparent Uranium Blast

Tokyo—(U.P.)—A Japanese government survey ship reported today the United States may have exploded a "super-uranium" bomb recently in the South Pacific testing grounds.

The Shinkotsu Maru was sent near the test site around Bikini and Eniwetok to test for radioactivity in fish and water. It reported that ashes found in the area indicated the bomb was exploded about June 13, three and a half weeks after the hydrogen bomb air drop of May 21.

First Neptunium Discovery
The ship reported ashes it collected June 15 contained both uranium-237 and neptunium-239, neither commonly found in ashes of hitherto known atom or hydrogen bomb explosions.

The report said the date of the explosion was calculated from the strength of radioactivity of the ashes.

The May 21 explosion was recorded on sensitive instruments in Japan measure atmospheric pressure changes. Japanese newspapers said no such atmospheric disturbance has been reported for June 13.

Southerner Predicts Segregated Schools Will Not Get Funds

Washington—(U.P.)—A Southern congressman predicted today that if the \$1,600,000,000 school construction bill becomes law funds will be withheld from states that maintain segregated schools.

Rep. Phil M. Landrum (D-Ga.) a foe of the bill, thinks this will happen even if Congress rejects attempts to write anti-segregation amendments into the measure.

Sen. Morse Not To Be Alternate Delegate
Portland—(U.P.)—Sen. Wayne Morse (D-Ore.) said today he did not plan to be an alternate delegate to the Democratic national convention.

Landrum expressed a fear of many of his fellow southerners that the school construction bill would open the door to federal control of education and become another weapon to try to force integration in Dixie schools.

The Georgian said the measure would put far too much authority in the hands of the Health, Education and Welfare Department.

Morse said he would devote his time to his campaign for reelection against Republican nominee Douglas McKay.

Pineau, Dulles Talk Mid-East Problems
Washington—(U.P.)—French Foreign Minister Christian Pineau and Secretary of State John Foster Dulles turned their attention today to North Africa and the Middle East problems in the second of their four scheduled conferences.

Informal sources said Pineau hoped to win U.S. support for France's firm policy in handling the Algerian situation and trying to keep the dispute out of the United Nations. They said, however, that Dulles probably would not agree to too strong a statement supporting the French for fear of antagonizing the Arab world.

Morse said he would devote his time to his campaign for reelection against Republican nominee Douglas McKay.

The French foreign minister also was believed eager to get agreement on a unified Western policy on arms deliveries to the Middle East.

Salem—(U.P.)—The State Board of Agriculture will hold its first meeting of 1956 tomorrow.

Morse said he would devote his time to his campaign for reelection against Republican nominee Douglas McKay.
