

They'll Do It Every Time By Jimmy Hatlo

Woman Starts Fires Aboard Airplane

Charlotte, N. C.—(U.P.)—Police held today an attractive woman who secretly set two fires aboard an airliner flying to Miami with 52 unsuspecting passengers.

Stewardess Helen Rosenthal and Co-Pilot J. D. Willoughby quickly snuffed out the smouldering fires before any damage was done to the Eastern Airlines Super Constellation Thursday.

Police Chief Frank Littlejohn said the woman, Miss Evelyn Mills, 36, of Cleveland, was "clearly a mental case." He said exhaustive questioning ruled out sabotage.

Pittsburgh Paper Blasts Threatened

Pittsburgh — (U.P.) — Police searched today for a man bearing a grudge against Pittsburgh newspapers.

The man telephoned the Post-Gazette Thursday and warned he had planted a bomb in the building, the second such threat to a city newspaper within three days.

The pygmy marmoset of South America's Amazonia is the Western Hemisphere's smallest member of the monkey family. Full-grown specimens weigh only three to five ounces.

A search by police and firemen failed to uncover a bomb and the newspaper's executive labeled the threat a "hoax." The Pittsburgh Sun-Telegraph received a similar call Tuesday, evacuated its building and notified police. No trace of a bomb was found.

The Post-Gazette informed its employees of the threat and told them they could leave the building if they wanted to. Only about 30 women employees left. Guy V. Miller, assistant city editor, received the call at 1:35 p.m. from a man who said he planted the bomb to explode at 3:15 p.m.

When Miller stalled so the call could be traced, the man snapped: "Don't get smart. I threatened the Sun-Telegraph, but this time I mean it."

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

When on a trip, how often do you write your wife? In some organizations traveling salesmen have been requested by the general manager to write to their wives at least twice a week. . . Man O' War had a stride of 29 feet. That the record for modern thoroughbreds. The length of a horse's stride is very important in handicapping. It should be included in the performance charts of racing publications.

Please Note
Should men be given engagement rings by their prospective brides? Let us not enter into that discussion hastily. Think it over. In the meanwhile, Please be informed that Anita Ekberg gave her fiancé, Anthony Steel, a gold wrist chain on which was inscribed her name and the date of their engagement. So, young fellow, if your future bride won't buy you a diamond ring, perhaps she will give you a gold wrist chain.

Doors.
The revolving door originated in Philadelphia and the first one was at Gimbel's department store in that city. The first revolving door in New York city was at Rector's restaurant and inspired Wilson Mizner's celebrated simile: "That dame is like a revolving door; she goes around with anybody."

In a Few Words
It was none other than General Billy Mitchell who once said, "Alaska is the most central place in the world for aircraft. I believe that, in the future, he who holds Alaska will hold the world. I think Alaska is the most strategic place in the world."

Asking
Queries from clients. Q. How long have Bebe Daniels and Ben Lyon been married? A. Twenty-six years. For 20 of these years Bebe and Ben have lived in London. Q. What is the average temperature in Paris in April? A. High is around 60, low around 40. It frequently gets very chilly during April in Paris. April in Florida is more comfortable. Then, Paris in the spring, that is, around the middle of May.

Asides
Who is the oldest active practicing physician in the United States? Can you top Dr. A. M. Blake of Waunakee, Wis., who at 92 is still going strong? . . . There are 14 towns and cities named Brooklyn in the U.S.A. there were 15 but in 1922 the name of Brooklyn, Fla., was changed to Keystone Heights. . . Any oak trees near your house? How about elms? Research indicates oak trees are most struck by lightning with elms second. Beech trees are

rarely, if ever, struck by lightning. . . George Seurat, founder of neo-impressionism, never sold one of his paintings during his life. Now his painting "La Grande Jatte" is valued at \$250,000.

Thrifty
Prince Rainier is apparently a firm believer that it is smart to be thrifty. The Prince gave all the state employees of Monaco two day off for his wedding ceremonies. However, said employees only received one day's pay for the period.

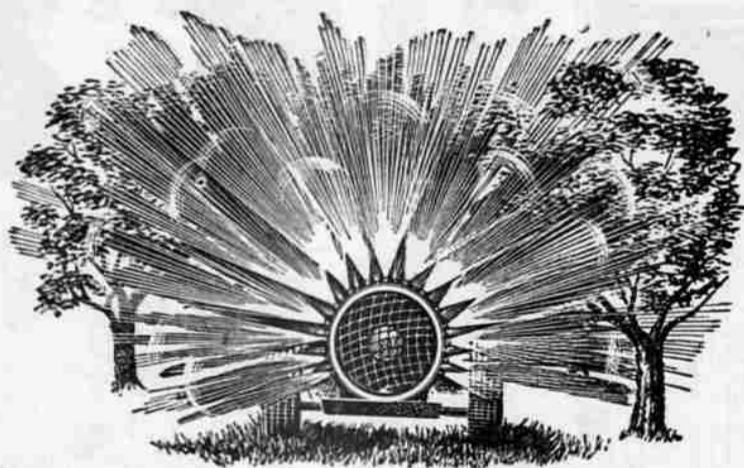

Passing By
Clare Boothe Luce. Playwright, actress, erstwhile congress-woman, present U.S. Ambassador to Italy. The amazingly versatile Clare began her acting career as understudy for Mary Pickford in David Belasco's stage production of "The Good Little Devil." But she never had a chance to show what she could do with the part because Mary never missed a performance.

Says She
"So you say a woman should be able to get dressed in seven minutes," writes a feminine subscriber. "Why, it takes that much time for eye make-up. And you call yourself a horse and woman expert. BAH!"

The "Delmarva" Peninsula, separating Chesapeake Bay from Delaware Bay and the Atlantic Ocean, is the only peninsula in the United States containing parts of three states—Delaware, Maryland and Virginia.

Medford Growers—

For dependable, low-cost pest control . . .

use these proved Du Pont fruit chemicals

Keep scab off apples and pears with Du Pont "Fermate" or "Zerlate". Either fungicide can make your fine-finish program more profitable. Fruit gets proved protection combined with mild action. There's no russeting or scald. And the mildness of "Fermate" or "Zerlate" pays another dividend . . . orchards using these materials have a history of improved production.

Control bull's-eye rot with Du Pont "Zerlate". Profit from a higher yield of clean fruit plus lower repacking costs. Tests in the Northwest show that "Zerlate" also reduces decay in storage caused by anthracnose and perennial canker.

You get powerfully effective mite control with Du Pont EP 300. Take advantage of its long-lasting residual action to control Willamette mite, European red mite, Pacific and two-spotted mite. Compatible with Fungicides in combination sprays, EPN also stops pear psylla and certain other insect pests.

For top efficiency, add Du Pont SPREADER-STICKER. It makes chemical sprays more effective . . . helps wet waxy leaves more thoroughly, uniformly. Pesticides stay put longer, won't collect to cause fruit spotting.

See your dealer for these and other outstanding Du Pont pest control products. Ask him for the latest information on pest control, or write to Dupont, Grasselli Chemicals Dept., 111 Sutter Street, San Francisco 4, Calif.

On all chemicals, always follow label instructions and warnings carefully.
