

McCarthy Attacks Justice Warren

Washington—(UPI)—Sen. Joseph R. McCarthy (R-Wis.) charged today that Chief Justice Earl Warren has "become a hero" to the Daily Worker, Communist newspaper.

"I don't say that he is a Communist, but there is something radically wrong with him," McCarthy said.

McCarthy attacked Warren at a Senate Internal Security Subcommittee hearing on bills to nullify a recent Supreme Court ruling which prohibited security risk firings in "non-sensitive" federal jobs.

"I think it is extremely unfortunate he was ever confirmed as Chief Justice," McCarthy said.

He said Warren "had practically no legal background" and "much of his political background was left wing."

Subcommittee Chairman James O. Eastland (D-Miss.) and Sen. Karl E. Mundt (R-S.D.) also attacked the Supreme Court rulings on security risks. The three senators are authors of different bills to overturn the ruling.

McCarthy said the court "is presenting one of the gravest threats to our system of government" at any time in the nation's history.

"Willful, irresponsible judges are handling our Constitution like it was a meaningless scrap of paper," McCarthy said.

He demanded that Congress "prevent" the court from "usurping" legislative and executive powers.

Final Acceptance Date For Request Scheduled

The practice covers removal of debris other than sand, gravel or silt; shaping, grading or filling, including removal of sand, gravel or silt; restoration of dikes and levees; restoration of riprap or revetment; restoration of stream channels and open or underground drainage systems; restoration of dams, pits or ponds; and restoration of irrigation ditches and structures, excluding diversions.

Cannery Workers Fail To Vote on Contract

Portland—(UPI)—Union cannery workers failed to vote yesterday on a proposed new contract with General Foods and officials said they did not know when the voting would be held.

Last week when the union and the food processing company reached a tentative agreement that stopped a threatened walkout, officials had said that a vote probably would be held yesterday or today.

Portland Man Held For Circuit Court

Lawrence Robert Stanton, 35, Portland, was bound over to the circuit court Monday afternoon when he appeared in district court for preliminary hearing on a charge of burglary not in a dwelling.

Stanton was arrested by state police June 20 in connection with burglary at the North Riverside Tavern.

6 Ladies Named To Race Horses

Portland—The "Powder Puff Derby" annually one of the horse racing highlights of the Portland Meadows season, will have its fifth running, Thursday, June 28.

Strict regulations will govern the girl riders, and the horses they will ride. The derby will be carded as a regular race and pari-mutuel wagering will be conducted as on any other race on the nine-race program, with first post time at 6 p.m.

Saturday's feature is the Oregon Derby, at one mile and will match the finest 3-year olds bred in Oregon, for a purse of \$1,500.

Full Field
A full field is expected to face Starter Gloyd Young, with such stars as Shareholder, Booter Gem and Pharoang, who have won races at the meeting, with John Sept's Shareholder going postward as the probable public favorite.

Glenn Dixon, 22-year-old jockey from Caldwell, Idaho, rode eight winners at Portland Meadows last week to take the lead for riding honors. Dixon has ridden 31 winning mounts, 29 second place mounts, and 43 third place horses.

Rogue Snowmen Hold Ski Session

Summer is here but the skiing season is not yet over for the Rogue Snowmen.

Members of the ski club and skiers from Grants Pass and Ashland, about one dozen in all, set up the club's ski tow on Watchman peak in Crater Lake National park for Saturday afternoon and early Sunday morning activity.

President Bill Brooks said the group is thinking about skiing again next week end. He reported that there are 8 to 10 feet of snow on the slope. Depth at this time of year is usually about two feet.

New York—(UPI)—The magazine Chemical Weeks says that plastic telephone poles, made of glass-reinforced resin and weighing about 125 pounds, promise many advantages to offset a high initial cost.
