

Conservative Revolt Threatened Over Eden Policies

London — (AP) — A Conservative party revolt over Prime Minister Anthony Eden's Cyprus policies threatened the Eden government today in the midst of the Commonwealth prime ministers conference.

The revolt was led by the same empire-minded conservatives who fought British withdrawal from the Suez Canal zone base. They were pacified only when Eden promised that Britain would hold firm elsewhere; now they complain Eden is "selling out" in Cyprus.

Capt. Charles Waterhouse, a conservative member of Parliament who led the "1922 committee" in the Suez revolt, called a protest meeting Wednesday night to try to head off any plans to give up the big Mediterranean island base.

A total of 56 "back benchers" — normally solid supporters of the government leaders who take an inactive role in the House of Commons — attended the meeting. This would be enough to topple Eden if they voted with the Labor party on the Cyprus issue.

A significant development was the presence, by invitation of the rebels, of Edward Heath, chief government whip in the house. He listened in silence to one and one-half hours of stormy protest against the Eden plan for Cyprus political development. The invitation to Heath was a declaration the rebels mean business.

Dealers Computing New Tax Payments Under Road Levy

Washington — (AP) — Thousands of manufacturers, distributors and retailers must start computing soon how much they owe Uncle Sam in new taxes on gasoline, tires and heavy motor vehicles.

The taxes take effect Sunday. They are included in a bill which President Eisenhower is certain to sign to finance the biggest highway construction program in the nation's history.

The Internal Revenue Service is counting heavily on businessmen to acquaint themselves with details of how to collect and pay the taxes because it won't have time to organize a big educational program.

A new form will be required for some of the taxes, but it hasn't even been assembled yet.

The immediate headaches will arise over new taxes owed on so-called "floor stocks." Among the first who will have to compute these taxes are dealers in automobile, truck, bus and other highway vehicle tires. The tax will jump from five to eight cents a pound on tires and must be paid on the stock dealers have in their stores as of Sunday.

On or before Oct. 15, tire dealers will have to report to Internal Revenue how many such tires they had on hand and pay this tax increase, plus the new levy of three cents a pound used in retreading tires.

Cabinet Workers Strike at Brewery

St. Louis — (AP) — The giant Anheuser-Busch brewery here was shut down at midnight by a strike of 266 cabinet workers.

Several thousand workers refused to cross picket lines, and a total of 5000 union employees were idled by the halt of operations.

The cabinet workers, who make ice cream and frozen food cabinets, are members of one of the two out of 17 unions at the brewery which have not come to terms on two-year contracts.

The strikers were seeking 22-cents an hour wage increases under a one-year contract or 34 cents on a two-year basis.

The remaining 15 unions have agreed to contracts which generally call for 12-cent hourly annual pay hikes and increased fringe benefits under two-year pacts.

SOC Summer Session Enrollment at 479

Ashland — Summer session enrollment at Southern Oregon college as of June 25 totals 479 students with marked increases in the secondary teacher education and special graduate brackets.

New students to SOC now exceed last year's figure for the same day by one—85-94, with elementary teacher training enrollees down from 425 to 403. Veterans enrolled total 54.

Total enrollment, though lagging behind last year's comparable date by five per cent, is creeping upward as these interested in summer workshop offerings continue to register.
