Water Restrictions In Effect In Ashland

Ashland—Restrictions on watering lawns and gardens between 4 and 8 p.m. went into effect here yesterday. City Superintendent Elmer Biegel announced.

No watering will be allowed between those hours, Biegel said, because residents at higher elevations were without water Wednesday night.

Restrictions were placed because of lack of pipe line facilities and not because of a water shortage, Biegel said.

Work will start next week on a new 12-inch line which will relieve the present situation. The line will run 10,000 feet from Crownhill reservoir to Walker ave. Biegel said construction of the line would take about two months.
