

Angels Drop Chance to Close Gap in PCL Race

Los Angeles—(U.P.)—The Los Angeles Angels opened a four-game stand against San Diego today, trailing league-leading Seattle by a game and a half in the Pacific Coast league race.

While the Rainiers were playing exhibition ball in Anchorage, Alaska, Monday, the Cherubs missed a chance to make up ground when they dropped a 7-4 decision to last place Vancouver in the Mounties' park.

Catcher John Romano drove in four of Vancouver's runs, two of them with a home run that highlighted a three run rally in the sixth inning.

Bob Harrison was credited with the victory after coming on in the sixth to relieve Ryne Duran who was thumbed off the field by Umpire Chris Pelekoudas for protesting a called balk.

Bob Thorpe, relieved by Gene Fodge in the sixth, was charged with his fourth loss.

No other games were scheduled.

In other contests tonight, San Francisco invades Sacramento while Hollywood is at Portland. The Rainiers are due back from Alaska Wednesday when they play the Mounties at Vancouver in a doubleheader.

Medford-Central Point junior American Legion baseball team can tie for the number one spot in the league race with a victory over Roseburg when they play at the fairgrounds tonight. Game time is 8 p.m.

Roseburg comes here fresh from a 15 to 3 whumping of Grants Pass yesterday at Roseburg. This puts the GP club out of the running but leaves Medford-Central Point in striking distance.

Roseburg now has six wins and one loss; Medford-CP has five wins and two losses.

Coach John Kovenz plans to send Ernie Tyler to the mound for the locals tonight. It will be Tyler's first pitching start of the season. Medford-CP should be strengthened with the return of Eldon Francis and Dick Cople in the outfield. Francis has been at National Guard camp and Cople on a vacation trip.

Roseburg can choose from the two Smith boys, Dick and Allen, or Bill Oerding for pitching duties. Allen reportedly a cousin of Dick, the ace hurler for state B champions, Glide, took the victory over Grants Pass yesterday.

Brough Wins Quarter Final

Wimbledon, England—(U.P.)—Defending champion Louise Brough, Beverly Hills, Calif., and fifth seeded Shirley Fry, St. Petersburg, Fla., rallied from first set defeats today to score quarterfinal victories in women's singles in the Wimbledon Tennis Championships.

Miss Brough, four-time winner of the title here, came back to down Shirley Bloomer of Britain, 5-7, 6-1, 6-3, and Miss Fry, who never has come closer than to finish runner-up in 1951, scored a mild upset, 4-6, 6-3, 6-4 over fourth seeded Negro star Althea Gibson of New York.

However, second seeded Mrs. Beverly Baker Fleitz, Long Beach, Calif., third American to reach the quarterfinal, defaulted from her match with Angela Buxton of Britain because she is expecting a baby.

The official announcement said that Mrs. Fleitz "has not been feeling well all through her tour of Europe and it now has been discovered she is pregnant."

Miss Brough and Miss Fry will be matched against each other in an all-American semifinal. Miss Buxton will meet Pat Ward of Britain, who won her quarterfinal match Monday, in an all-British semifinal.

Both Airliners Said Off Course At Time of Crash

Los Angeles—(U.P.)—Civil Aeronautics Administration spokesmen have declared that the two airliners which crashed Saturday in the Grand Canyon of Arizona with a loss of 128 lives were at least 30 miles off course at the time.

John L. Garrison, chief of the regional facility of the CAA, told a press conference Monday that the Trans World Airlines Super Constellation was some five miles off course while the United airliner was about 25 miles off the course projected in its flight plans.

The TWA plane was equipped with anti-proximity radar but the CAA said it could not say if the equipment was in use at the time of the crash.

Garrison confirmed officially for the first time that the TWA plane was 1,000 feet above the weather front at its own request. Garrison said the pilot of the Kansas City-bound plane had been advised the United airliner was flying at 21,000 feet and given its projected flight plan.

The CAA declared the projected path of crossing of the two planes was about 85 miles east of the point where they crashed. Asked whether the CAA accepted the probability that the planes collided in the air, Garrison replied:

"There has been no official information to indicate if there was or was not a collision. It is just as likely it was or was not."

Jada Challenging Leader in Yacht Race

Los Angeles—(U.P.)—John P. Scripps' 89-foot Novia del Mar was fighting off the challenge of the Jada today in the world's longest yacht race from Los Angeles Harbor to Tahiti.

The Novia del Mar was reported holding a 15-mile lead over the Jada, skippered by Bill Sturgis, of San Marino, Calif. Both boats were more than 2600 miles from here.

Radio reports Monday night indicated the Jada was pulling up on the leader. Dr. Howard Murphy's 64-foot yawl, Quest, was in third place some 15 miles behind the Jada.
