

Dulles Accused of Responsibility for Bloody Uprisings in Poland

Moscow — (U.P.) — The Soviet government and Communist party today accused Secretary of State John Foster Dulles of responsibility for the "bloody" Moscow — (U.P.) — The Soviet government and Communist party today accused Secretary of State John Foster Dulles of responsibility for the "bloody" Poznan riots in Poland. The government organ Izvestia said the Poznan uprising followed "inflammatory" speeches by Dulles and the appropriation of \$125,000,000 by Congress for "subversion" of the Iron Curtain countries. Pravda, organ of the Communist party, lashed out at the "bloody provocations made by American agents." It accused Dulles of "gross falsifications" in alleging that the denunciation of the cult of Stalinism in the Soviet Union had left Communist parties "in a state of utter confusion." Observers noted the markedly strong tone of the two articles. They said it now remains to be seen whether the Russians, who have been giving tourist visas virtually for the asking, will now close the gates to the unprecedented stream of Western tourists and newsmen. Ivestia accused the United States of "oral responsibility" for the Poznan rioting.

Nixon Pays Homage To Soldier Heroes Of Corregidor War

Manila — (U.P.) — Vice President Richard M. Nixon visited battle-scarred Corregidor Island today to pay homage to the thousands of U. S. and Philippine servicemen who died there during World War II.

The Vice President and his wife, making a whirlwind visit to democratic nations in the Far East, were accompanied to Corregidor at the entrance of Manila Bay by Philippines President and Mrs. Ramon Magsaysay.

They visited Malinta tunnel, which served as headquarters of Gen. Douglas MacArthur and his successor, the late Gen. Jonathan Wainwright, along with the late Philippines President Manuel L. Quezon, before Corregidor was captured by the Japanese.

Nixon represented President Eisenhower at Wednesday's colorful celebration of the 10th anniversary of Philippine independence, and was scheduled to leave with Mrs. Nixon for South Viet Nam Friday.

To Visit Formosa Nixon also will visit Formosa where he will confer with Generalissimo Chiang Kai-shek.

Nixon and Magsaysay exchanged vows of Philippine-American partnership in Fourth of July grandstand speeches at the historic Lumeta, where nearly 1,000,000 persons gathered for one of the Philippines' biggest celebrations.

But rain sent the crowd scurrying for cover while Nixon was speaking, and he cut his talk short with an expression of thanks for the hospitality of the Philippine people.

Suit Filed Against Logging Firm Here

Otis H. Hill and Roberta M. Hill have filed a complaint in circuit court against O. K. Puckett and Earl J. Sherer, copartners in Puckett and Sherer logging firm, and are seeking a total of \$5,600 damages.

The complaint states that Puckett and Sherer hold logging rights anytime prior to Feb. 7, 1961, on 40 acres of the Hills' property northeast of Phoenix.

The Hills charge that while logging there, Puckett and Sherer damaged an irrigation ditch on the property in the amount of \$4,000 by changing its grade, tearing up the lining and reducing the water supply by one-half. They further charge the defendants with responsibility for subsequent crop loss in the amount of \$1,600.
