

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

I do confess, in many a sigh,
My lips have breathed you many
a lie,
And who, with such delights in
view,
Would lose them, for a lie or two?
Ah, look not thus, with brow
reproving;
Lies are, my dear, the soul of
loving!

—Thomas Moore

Are you ever irritated or inconvenienced by safety razor blades that grow rusty? Or by any steel implement that gathers rust? Forty-seven-year-old British school teacher Robert Fitzmaurice was. So he began research on the matter. As a result he originated a secret process for rust proofing steel that he sold for over a million dollars. At the time of this financial windfall Fitzmaurice's salary as a school teacher was about \$25 a week. That was two years ago. Fitzmaurice passed on recently with practically all of his million dollars gone. He was a wild spender and gambler. He

Commercial Show At Demo Conclave

Chicago — (U.P.) — The Democratic National convention this summer will have something no previous presidential nominating conclave has had — an accompanying commercial and industrial exposition.

A New York exposition management firm, Clapp and Poliak, Inc., is selling space in International Amphitheatre to industrial and commercial firms that want to display their wares before the Democrats and other convention-goers.

The cost, according to R. J. Reynolds Jr. of Clapp and Poliak, is \$10 per square foot.

Reynolds said the exposition firm obtained permission from the Democratic National committee to stage the commercial fair, called "American Showcase," in a side hall in return for paying the Democrats' rent for the entire amphitheatre.

He said participation in "American Showcase" involves no contribution to the Democratic party. He said the firm did not plan a similar exposition at the Republican National convention in San Francisco because the Cow Palace, where the GOP convention will be held, does not have room for such a show.

Reynolds said between 60 and 75 exhibitors are expected to buy space in the Chicago show. He said they will include utilities, TV and appliance manufacturers, candy companies, meat packing firms, beverage companies and "top-bracket distilleries."

"But it won't be a grog shop," he added hastily.

He said exhibitors will be permitted to dispense free samples, but no selling will be permitted.

Unidentified Man's Body Found in River

The Dalles — (U.P.) — The body of an unidentified man has been taken from the Columbia river near Bingen, Wash., and officers began an investigation to determine if there was foul play.

Police said the man, about 50, apparently had a knife wound under the right arm. The body was unclothed and had been in the river about 30 days.

The body was sighted from a tug. Klickitat county officers were called and recovered the body just west of the city limits of Bingen.

Gravediggers End San Francisco Strike

San Francisco — (U.P.) — Union gravediggers have voted on a new contract that would settle a 64-day strike-lockout and pave the way for burial of 976 bodies.

Burial of 890 bodies in San Francisco and 86 in neighboring San Mateo county will begin Thursday. It will take at least a month to complete the burials.

In addition, the gravediggers will have the task of cleaning up the litter in the nine cemeteries affected by the dispute and of reviving the withered lawns, shrubs and flowers.

bet as much as \$8,000 on one horse race. He lost \$12,000 in one session at the Deauville Casino. Following a shave he always tipped the barber \$15!

Heart Throb

Sinatra's powers of attracting the love interest of innumerable females appear to continue unabated. The question arises as to which of Frankie's songs has the most powers of female attraction. Peggy Connolly, a young female who is currently wild about Frankie, recently stated, "Frankie has been tops in my heart ever since I heard him sing 'Songs for Young Lovers.'"

Sidelights

Since 1947 more than 25,000 United States servicemen have married Japanese girls. The Nipponese beauties are reported to have a very clever husband hunting technique. . . Mrs. John McPhee and her twin sister Martha McIlwain of Ontario, Canada, are 98 years old. Let California, Brooklyn or even Texas try to top that for long lived twins.

Passing By

Frankie Lyman, thirteen-year-old singing sensation from Harlem. One of the country's leading Rock 'N' Roll specialists. His recording of "I Want You to Be My Girl" sold over a quarter of a million copies in the first two weeks. Frankie gets a royalty of one-fifth of one per cent on every record sold. Doesn't seem like much but when records register sales in millions of copies it can become important money. Offhand, I would say young Lyman can earn from record royalties alone, nearly \$3,000 a week.

So They Say

Taurus (April 21-May 21) females are psychic and intuitive. They have "hunches." They should follow their first decision and guard against being persuaded to take another course. In their twenties the Taurus girls are well streamlined but in their thirties they grow plump especially in the waist and hips. They eat too much. Gemini (May 22-June 21). Women are very clever in developing friendships with important and influential people who can help them advance in their chosen careers. Or, so say the stargazers.

Asides

Mrs. Kathleen O'Hara of Bangor, North Ireland, has eight sons who are all Catholic priests. That is the world's record for number of priests in one family. . . . So you consider yourself a well-informed baseball fan. All right, tell us quick as quarter of a flash who succeeded "Babe" Ruth as right fielder of the New York Yankees!

Over There

In England where off track horse wagering is legal the bookies have a wide variety of types of bets. One is called the "one-two-three." In this the bettor must pick the horses that finish first, second and third. And in the order of finish. The pay off is in multiplied odds. For example, if the winner closed at 8 to 1, the second horse at 5 and the third at 20 to 1, the pay off would be eight times five times 20 or 800 to 1.

Local Boy to Attend Youth Range Camp

Bruce Boldenow, son of Mr. and Mrs. M. C. Boldenow, 1408 Dixie Lane, has been awarded a \$25 scholarship to attend the Youth Range camp August 6-11 on the big bird refuge south of Burns.

The Livestock association and the Young Farmer's association in Jackson county will hold a contest sometime between July 25 and August 1 to select two boys from Jackson county to be awarded a \$25 scholarship to attend the camp.

The camp is sponsored by the Pacific Northwest section of the American Society of Range Management. More than 40 boys are expected at this year's Youth Range camp, according to Jack Ross, farm crops specialist at Oregon State college.

Michigan has 107,082 miles of public roads and streets—a distance well over four times around the earth at the equator.

"MEDFORD'S FINEST MEATS" SINCE 1940—ALL OF OUR MEATS ARE INSPECTED

"Swift's Premium" FRESH FRYERS
Tender Grown
LARGE
3-lb. Average

49^c lb.

We Will Cut 'Em Up the Way You Want 'Em

BONELESS Pork Loin ROAST
Ideal For BAR-B-Q SPIT

69^c lb.
