ORDINANCE NO. 6493

AN ORDINANCE declaring the assessment on property benefited by the use of a water main on Murphy Road from Barnett Road to a point 478 feet North as a lateral water main, and directing the Recorder to enter a statement thereof in the Docket of City Liens and publish a notice thereof as required by the Charter.

THE CITY OF MEDFORD DOTH ORDAIN AS FOLLOWS:

Section 1. Whereas the City of Medford did heretofore cause to be constructed and laid a water main in Murphy Road from Barnett Road to a point 478 feet North and adjacent to certain real property in the City of Medford fronting on Murphy Road and the cost of said water main has not been paid and the Council is of the opinion that said water main may be used by the property fronting on said Murphy Road wherein said water main has been laid as a lateral water main without materially interfering with the use thereof for the purpose for which it was originally laid, and:

WHEREAS the Council did, after said water main was laid, declare by resolution, its intention to assess the property fronting on said Murphy Road within which said water main was laid and which it proposed to permit the owners of adjacent property to use for lateral water main purposes and did, in said resolution, designate the amount per front foot which it proposed to assess against said adjacent property, and:

WHEREAS said resolution was duly posted and published as required by the Charter, and whereas a meeting of the Council was held at the time and place fixed in said resolution for the purpose of considering any protests against such assessment, but no protests were made at such time or at any time thereto and the Council having considered the matter and deeming that the use of said water main for lateral purposes, as aforesaid, is of material benefit to the said City and that all of the property to be assessed therefor will be benefited thereby to the amount of the assessment herein levied against the same, and:

WHEREAS the Council has determined that the sum of $2.25 per front foot is a proper and reasonable amount to be assessed against the property fronting upon the road within which said water main was laid, now therefore each parcel of property hereinafter set forth and described is hereby found to be benefited by the use of said water main as a lateral water main and each thereof is hereby assessed the amount set opposite each respective description for the use of said water main for lateral purposes, as aforesaid.
